

## SAINT MICHAEL'S DRIVE SURVEY RESULTS

In June 2010, the City of Santa Fe's Department of Housing and Community Development in partnership with the Santa Fe Art Institute conducted a survey of the residents, businesses, and commercial property owners within a mile radius of Saint Michael's Drive.

We mailed out 822 residential surveys and 280 to commercial property owners, as well as hand delivered 100 surveys to the businesses along St. Mike's. Additionally, we posted the surveys online.

As of the cut-off date, July 7, 2010, we had quite a good return. Of the 822 residential surveys, we received 133 by return mail and 18 were completed online, an 18% return. Of the 380 business surveys (businesses and commercial property owners), we received 35 replies (26 by mail, only 9 online); a 9% response rate.

The result summaries follow.
