City of Santa Fe, New Mexico

memo

DATE: August 11, 2014

TO: Finance Committee

FROM: Robert Rodarte, Officer 
Purchasing Division

VIA: Teresita Garcia, Assistant Finance Director 
Finance Department

SUBJECT: Purchase of (3) Dump Trucks w/ equipment for the Streets Division:
Procurement Method: State Price Agreements: 20-000-00-00105, 40-805-13-10348
and 40-805-13-10257:
Vendors: Roberts Truck Center (Albuquerque)
MCT Industries, Inc. (Albuquerque)

The Purchasing Division is requesting the procurement of three heavy duty dump trucks for the Streets and Drainage Division, from the aforementioned State Price Agreements, in the total amount of \$569,502.00. Roberts Truck Center and MCT Industries Inc, are the authorized regional vendors under these State Price Agreements.

The Streets and Drainage Division will be replacing three older heavy duty trucks that have exceeded their useful life and will identify them at a later date, once the new ones arrive.

Vendor: Roberts Truck Center (Albuquerque)	TOTAL
Item 03: 2014 International Roadstar Truck 3 @ \$122,839.00each	<u>\$ 368,517.00</u>
Vendor: MCT Industries, Inc. (Albuquerque)	
Item:01: Galion Dump Body 10 Cubic Yd 3@ \$ 39,650.00 each	\$ 118,950.00
Item:04: Monroe Plow and Spreader Boxes 3@ \$27,345.00 each	<u>\$ 82,035.00</u>
Total:	\$ 569,502.00

Funding for this procurement is available in Business Unit 32390.571000/570500 (CIP Streets and Drainage/Capital Outlay Vehicles >1.5ton and Equipment) in the amount of \$569,502.00.

By City policy, the City can use State or Federal Price Agreements without having to bid the items on its own. By City policy, procurement from State or Federal Price Agreements over \$50,000, require City Council approval (City Purchasing Manual Section 11.1).

ACTION REQUESTED:

It is requested that this procurement of heavy duty dump trucks and equipment, for the Streets and Drainage Division, from the Roberts Truck Center and MCT Industries, Inc, State Price Agreement 20-000-00-00105, 40-805-13-10348 and 40-805-13-10257 in the total amount of \$569,502.00, be approved and submitted to the City Council for consideration.

City of Santa Fe, New Mexico

memo

DATE: August 11, 2014

TO: Public Works / Finance Committee

VIA: 
Isaac Pino, PE, Public Works Department Director

FROM: David Catanach, PE, Streets & Drainage Maintenance Division Director

SUBJECT: Request to purchase three (3) Plow/Spreader Boxes & three (3) Dump Trucks

We are requesting the purchase of three (3) Plow/Spreader Boxes & three (3) Dump Trucks to supplement our older corroded equipment originally acquired in the early 90's. Procurement will be via the following State Price Agreements;

Vendor Names: (AA) ROBERTS TRUCK CENTER
1623 Aspen Ave
ALBUQUERQUE, NM 87104

(AB) MCT INDUSTRIES, INC
7451 Pan American Freeway
ALBUQUERQUE, NM 87109

These agreements cover the following items:

	Vendor	Cost/Each	Quantity	Cost
22-000-00-00105 – Cab and Chassis	(AA)	\$122,839	3	\$368,517
40-805-13-10348 – 10 Cubic Yard Dump Bodies	(AB)	\$ 39,650		\$118,950
40-805-13-10257 – Plow and Spreader Boxes	(AB)	\$ 27,345	3	\$ 82,035
		TOTAL COST		<u>\$569,502</u>

Funding for this equipment has been budgeted for, and is available under Business Unit 32390.570500 for the Plow and Spreader Boxes and 32390.571000 for the Dump Trucks.

RECOMMENDATION:

Recommend approval for the purchase of a three (3) Plow/Spreader Boxes & three (3) Dump Trucks via State Price Agreements for a total cost of \$569,502.

Specifications:

Scope

This specification describes a fifty-eight thousand (58,000) pounds gross vehicle weight rating (GVWR), cab & chassis straight truck with diesel engine and manual transmission to be utilized in vocational applications.

Engine

Fully electronic diesel, to meet 2012 Federal Emissions. Nineteen hundred (1,900) rpm rating, in-line six (6) cylinder wet-sleeves. Factory installed turbocharger. Minimum of four hundred thirty (430) gross horsepower and one thousand five hundred and fifty (1,550) lbs./ft. Gross torque at rated rpm. Engine compression brakes "Jacobs" or prior approved equal. Dual element air cleaner. Air restriction indicator. Spin-on oil filter(s) or drop in. Fuel filter and fuel/water separator. Engine block heater (1,500 watt). High engine temperature, low oil pressure, engine shut-down system. Provisions and front PTO adapter for front mounted engine crank driven hydraulic pump.

Engine Electronics

To provide the following: road speed governing, engine protection system, cruise control and auto resume, comprehensive engine diagnostics, adjustable low idle speed.

Exhaust

Exhaust particulate filter/muffler right hand side, vertical stack with protective guard, grab handle if available. Forty-five degree (45°) stack turn out.

Cooling System

Maximum cooling available, for horse power and torque. Automatic on/off type control fan drive with normally closed temperature control switch "Horton" or equal. Long-life or extended life coolant. Anti-freeze protection in system to minus forty degrees Fahrenheit (-40 °F).

Hoses/Clamps

Silicone radiator/heater hoses with constant torque clamps or prior approved equal. Stainless steel T-Clamps to be used when possible.

Instrumentation

Provide the following gauges: oil pressure, water temperature, dual air pressure, brake application, transmission temperature, forward axle temperature, rear axle temperature and fuel gauge to read level in both tanks. Provide the following meters: speedometer, tachometer, odometer, hour meter. Low oil pressure, high engine temperature and low air pressure shall have visual and audible warning.

Transmission

To meet engine torque rating. Manual, thirteen(13)-speed over drive "Fuller" (RTLO) or prior approved equal. Synthetic lube, internal lube pump, and oil cooler. Right side, six (6) bolt power take-off opening.

Lighting

Long-life halogen head lights with day time running feature. Dual face turn signals. All lighting and reflectors to meet federal motor vehicle safety standards (FMVSS) and DOT regulations. LED lighting if available.

Paint

Prime and paint truck chassis cab highway orange with factory clear coat with exception of hood, which shall be primed and painted with flat black. Truck chassis vendor shall provide manufacturer's paint number to body installer for match.

Safety/Fire Extinguisher

Ten (10) pound "ABC" fire extinguisher mounted with heavy-duty metal bracket.

				(AA)	(AB)
J) Heavy-duty weld on steps inside dump body to line up with access ladder			add	\$205.00	\$125.00
K) Dump body to frame lock down assembly for snow removal operations			add	\$300.00	\$275.00
L) Telescoping cylinder hoist in lieu of standard hoist with dump body angle limit switch and valve			add		\$300.00
M) Option for behind cab reservoir and frame mounted valve enclosure. Reservoir to be equipped with the following:			add	\$342.00	\$375.00

- basket type filler breather cap
- ¼" magnetic drain plug
- 2" NPT suction w/ 100-mesh screen type filter w/3 psi bypass
- 5" sight temperature gauge externally mounted
- internal baffling
- separate return port for case drain line
- 2" full flow brass ball valve
- in-tank return line filter

The hydraulic reservoir shall also be equipped with an electric temp/level sending unit to be wired to warning lights mounted in the control console. The valve assembly shall be mounted in weather-tight enclosure. The valve enclosure shall be fabricated of 10 and 12 gauge steel. Enclosure shall be designed to not allow humidity to be trapped inside. Valve shall be mounted with all ports coming out the bottom and holes allowing for hose adapter fittings. Enclosure will allow for air lines to enter the front. Valve will be "boxed in" with the cover and not the base. The cover shall be held to the enclosure by four heavy rubber latches. All plumbing shall be external, directly out the bottom of the valve enclosure.

Hoist make:	Crysteel	Galion
Hoist model:	RC690	U8880B
Dump body make:	Crysteel	Galion
Dump body model:	TIPPER141	530 U
Base price per unit:	\$35,425.00	\$37,950.00
