FROM: Jan M. Snyder, Assistant Fire Chief *JMS*
SUBJECT: Purchase of New Auto Extrication Rescue Tools
VIA: Erik J. Litzenberg, Fire Chief *EJL*
CC: Robert Rodarte, Purchasing Director *RR*
4/22/15

The City of Santa Fe Fire Department respectfully requests permission to purchase five (5) new Hurst eDrualic auto extrication rescue tools from vendor L.N. Curtis & Sons. The cost of the extrication tools would be \$56,435.25 utilizing General Services Administration (GSA) contract #GS-07F-0043L that expires 10/31/2015. This expenditure will also exceed \$50,000.00 with vendor LN Curtis & Sons for FY 14-15.

These tools will replace older ones that have meet their useful life with the department and provide cutting edge technology and reliability to our emergency rescue capabilities. The new Hurst eDrualic tools utilize batteries for power which will cut down noise, exhaust emissions and the need to carry fuel (hydro-carbons) on the apparatus.

The funds for these tools \$33,861.15, will partially come from a recently acquired grant from the New Mexico Department of Homeland Security (BU22834.570500) with the balance, \$22,574.10, coming from the Department's State Fire Fund (BU22208.570500). A letter from the State Fire Marshal's Office approving this purchase and a copy of the sub-grant agreement are attached to this memo.

Please feel free to contact me with any further questions at 955-3121.

All communications projects must be reviewed by the State Interoperable Communications Work Group (SICWG). SICWG endorsement is required prior to the Request for Approval (RFA) process. Documentation of SICWG endorsement must be submitted along with the RFA to the Grants Unit.

The performance period of this grant award is November 3, 2014 through November 2, 2015. CITY OF SANTA FE cannot sub-grant all or any part of this award to any other entity or organization. All awards require confirmation within the first reporting quarter that expenditures in the budget category toward projects will be made, or DHSEM will execute de-obligation of the funds.

(A) Changes to Award: All change requests must be submitted in writing, or electronically to the DHSEM grant specialist, accompanied by a justification narrative and budget/spending plan, for review and approval. Changes must be consistent with the scope of the project and grant guidelines. Requests for changes will be considered only if the reporting requirements are current, and if terms and conditions have been met at the time the request. Changes in the programmatic activities, or purpose of the project, changes in key persons specified on the grant award, contractual services for activities central to the purposes of the award, requests for additional funding, change in project site, or release of special conditions will result in an amendment to this award.

These EHP requirements include but are not limited to National Environmental Policy Act, National Historic Preservation Act, Endangered Species Act, E 11988 Floodplain Management, EO 11990 Protection of Wetlands, and EO 12890 Environmental Justice. Recipient must comply with all mitigation or treatment measures required for the project as the result of FEMA's EHP review. Any change to an approved project description will require re-evaluation for compliance with EHP requirements before the project can proceed. If ground disturbing activities occur during project implementation, the recipient must ensure monitoring of ground disturbance and if any potential archeological resources are discovered, the recipient will immediately cease construction in that area and notify FEMA and the appropriate State Historic Preservation Office. Initiation of these activities prior to completion of FEMA's EHP review will result in a non-compliance finding and may not be eligible for grant funding.

Mr. Randy Varela:

The City of Santa Fe Fire Department respectfully requests the approval to spend \$22,574.10 of its Fiscal Year 2014/15 Fire Protection Fund on new Hurst eDraulic auto-extrication combi-tools.

These tools will replace older ones that have meet there useful life with the department and provide cutting edge technology and reliability to our emergency rescue capabilities. The new Hurst e Draulic tools utilize batteries for power which will cut down noise, exhaust emissions and the need to carry fuel (hydro-carbons) on the apparatus.

The funds for the extrication tools will partially come from a recently acquired grant from the New Mexico Department of Homeland Security (\$33,861.15) with the balance (\$22,574.10) coming from the Department's State Fire Fund. Our current balance in the fund is \$ 395,909.37.

We look forward to hearing from you with permissions to purchase our new tools. Please contact me with any questions or concerns at 505-955-3121.

Sincerely,

A handwritten signature in black ink, appearing to read "Jan Snyder".
