Subject: Request for Approval of a Memorandum of Understanding between the City of Santa Fe and Santa Fe County Regarding the Provision of Wastewater Collection and Treatment Service for the Stacy Community Property Trust Located outside the Presumptive City Limits in Agua Fria Village

HISTORY

Under the terms of the 2008 Settlement Agreement and Section 22-6.2 of the Santa Fe City Code (SFCC), Santa Fe County is requesting connection to the City's sewer system for the Stacy Community Property Trust. The Stacy Trust Property is a 17.0-acre parcel and a 2.40-acre parcel located on the north and south sides of Agua Fria Road within the Traditional Village of Agua Fria. The owner of the Stacy Trust Property intends to develop a residential subdivision on the property, with approximately 51 single-family lots on the 17.0-acre parcel and four (4) residential lots on the 2.32-acre parcel. Since the property is outside the City limits, the sewer collection service will be considered part of the County utility, but the sewage will ultimately discharge into the City sewer system for conveyance and treatment to the City's wastewater treatment plant. Therefore, in accordance with the process described in City of Santa Fe Ordinance No. 2008-53, Section 2, the County must submit an application for sewer service to the Water-Wastewater Review Team (WWRT). The County did so in 2010, which the WWRT subsequently approved, contingent on the approval of the subject MOU by both City and County.

The County (in March 2012) and the City (in June 2012) each approved a Memorandum of Understanding (MOU) for provision of this sewer service, but while both MOUs expressed willingness on the parts of the City and the County to provide the wastewater service to the Stacy Trust, the MOUs differed slightly, so neither MOU was countersigned and, therefore, neither MOU was executed.

Santa Fe County has recently re-submitted a request to the City to connect the Stacy Trust Property to the City's sewer system. Both City and County staff and attorney offices have

reviewed and approved to form the MOU. The MOU was approved by the Santa Fe County Commissioners at their July 28, 2015 meeting.

REQUESTED ACTION

Consideration for approval of a Memorandum of Understanding between the City of Santa Fe and Santa Fe County for a Memorandum of Understanding between the City of Santa Fe and Santa Fe County Regarding the Provision of Wastewater Collection and Treatment Service for the Stacy Community Property Trust.

County Contract No. 2015-0270-UT/PL

City of Santa Fe Clerk No. _____

MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF SANTA FE AND SANTA FE COUNTY FOR THE STACY COMMUNITY PROPERTY TRUST ALLOWING DISCHARGE INTO COUNTY WASTEWATER COLLECTION SYSTEM AND THEN INTO CITY WASTEWATER COLLECTION AND TREATMENT SYSTEM

The City of Santa Fe ("City") and Santa Fe County ("County") enter into this Memorandum of Understanding this ____ day of _____, 2015, for a new sanitary sewer connection and sewer services for the Stacy Community Property Trust. The Stacy Community Property Trust, located on the north and south sides of Agua Fria Road in the Traditional Village of Agua Fria, New Mexico (Exhibit A- Vicinity map), will connect to a County wastewater collection system, which discharges into the City's wastewater collection and treatment system. The Stacy Community Property Trust is a 17.0-acre property and 2.40-acre property (Exhibit A) described in the legal descriptions and plats attached hereto as Exhibit B (Tract of Land) and Exhibit C Recorded Legal Survey Plats

RECITALS

1. The City and the County entered into a "Settlement Agreement and Mutual Release of Claims" on May 19, 2008, which addressed issues of annexation in general, the presumptive city limits, and the need to "establish sensible water and wastewater utility service areas for the City and County."

   Under Section 2(m) of the Settlement Agreement, "The City shall provide water and wastewater service within the presumptive city limits and shall not provide water and wastewater service outside the presumptive city limits unless required by a current contract with a customer, decrees of a court, or applicable rulings of the Public Regulation Commission, unless otherwise agreed upon between the City and the County in a separate written agreement."

2. The Stacy Community Property Trust property is located outside the presumptive city limits as defined in the "Settlement Agreement and Mutual Release of Claims" of May 19, 2008. The Owner of the Stacy Community Property Trust intends to develop a residential subdivision on the 17.0-acre property comprising approximately 50 lots and four (4) residential lots on the 2.40-acre property.

3. Section 22-6.2 of the Santa Fe City Code (SFCC) provides a process whereby connections to the City's sewer system outside of the City limits can be established under specific conditions, including review by a water/wastewater review team (WWRT) made up of "City and County staff from the Water Division, the Wastewater Division, the City attorney's office, the County Attorney's Office, the Land Use Departments and the Office of Affordable Housing."

4. Santa Fe County Utility Division submitted a letter application (application) to the WWRT on behalf of the Stacy Community Property Trust requesting connection of the Stacy Community Property Trust to the City's wastewater collection and treatment system on June 3, 2010.

5. On June 3, 2010, the WWRT met to review the application. The WWRT members determined that the application was complete and that the application met the requirements of SFCC Section 22-6.2.

6. On June 27, 2012, the City of Santa Fe approved "Memorandum of Understanding between the City of Santa Fe and Stacy Community Property Trust and Its Agents and Santa Fe County For A County Wastewater Collection System Discharging Into the City Wastewater Collection and Treatment System" that allowed the County to connect the Stacy Community Property Trust to the City's wastewater collection and treatment system as a County wholesale customer. On March 13, 2012, the Santa Fe County Board of County Commission passed "Memorandum of Understanding between the City of Santa Fe and Stacy Community Property Trust and Its Agents and Santa Fe County For A Master Meter Installation In the City Water Distribution System And For A County Wastewater Collection System Discharging Into the City Wastewater and Treatment System." While both MOUs expressed willingness on the parts of the City and the County to provide wastewater service to the Stacy Community Property Trust, neither MOU was countersigned and, therefore, neither MOU has been executed.

AGREEMENT

1. Connection of the Stacy Community Property Trust to City's Wastewater Collection and Treatment System: The Stacy Community Property Trust is authorized to connect to the County wastewater collection system and discharge its wastewater into the City's wastewater collection and treatment system.

2. Compliance with Federal, State and Local Law. The County agrees to maintain and operate the County wastewater collection system as required by all applicable Federal, State, and local laws and shall comply with all applicable requirements imposed upon City utility customers. The City's affordable housing ordinance, SFCC §14-8-11(D), does not apply, pursuant to SFCC §22-6.2(G).

3. Metering Requirements. The County shall require the Stacy Community Property Trust to install a water meter pursuant to the Customer Service Policies (County Policies) of the Santa Fe County Water Utility (County Utility), adopted by Resolution No. 2012-88, which may be amended from time to time. The County will collect the metered usage in accordance with County Policies, approximately on a monthly basis. The County will report the metered water usage and other pertinent billing information to the City on a monthly basis for use in calculating the invoice for the wastewater bill to be paid by the County in accordance with the City's most current rates.

4. Utility Expansion Charges. The County shall pay or cause to be paid the City's Utility Expansion Charge incurred by Stacy Community Property Trust under SFCC Section 22-6.6.

5. Service Fees. The County agrees to pay to the City the sum of the City's monthly service fees under SFCC Section 22.7, as it may be amended from time to time, for wastewater

collection and treatment services provided for the wastewater discharge by the Stacy Community Property Trust.

6. SFCC Section 22.9 and SFCC Section 22.10. The County agrees that the discharges from any commercial/industrial properties within the Stacy Community Property Trust shall be subject to the provisions of SFCC §22.9, ***Industrial Pretreatment Regulations and Procedures,*** and SFCC §22.10, ***Wastewater Extra Strength Surcharge Program***, as they may be amended from time to time.

7. Pre-treatment Requirements. If determined to be necessary by the City, the City will issue a significant industrial user permit to appropriate commercial/industrial Stacy Community Property Trust properties in accordance with SFCC§22.9, in which case all permit conditions and requirements must be met by the Stacy Community Property Trust or any other occupant of the property as a condition of service.

8. Service Area. Except as otherwise authorized in separate agreements between the City and County, the County will not permit properties outside of the designated service area set forth in Exhibit C to connect to the City's wastewater collection and treatment system without prior written approval from the City and County pursuant to the Settlement Agreement.

9. Successors & Assigns. This Memorandum of Understanding will inure to the benefit of the Parties' successors or assigns.

10. Amendments. This MOU may be amended in writing by agreement of all the parties.

11. Effective Date and Term. This agreement shall be effective upon the signature of all the Parties and shall be perpetual; provided, however, that the County may terminate this agreement when it is willing and able to provide wastewater treatment services for the Stacy Community Property Trust through its own or another wastewater treatment system; that the City may terminate this agreement for failure by the County or Stacy Community Property Trust to comply with the provisions of this agreement; and that this agreement may be terminated by either party pursuant to Paragraph 12, Bateman Act Compliance. If the City intends to terminate this agreement for failure to comply, the City shall give the County one hundred twenty days advance, written notice of termination, during which period the County shall have the right to cure the failure to comply.

12. Bateman Act Compliance. The terms of this Agreement are contingent upon sufficient appropriations and authorizations being made or given by the City and County to perform under this Agreement. If sufficient appropriations and authorizations are not made or given by the City or County, this Agreement may be terminated or this Agreement may be amended in accordance with Paragraph 10. A party's decision as to whether sufficient appropriations are available shall be accepted by the other party and shall be final.

Re: Waterwater Service to Stacy Community property

Dear Mr. Jones,

Santa Fe County Utility is requesting that the City's Wastewater Management Division seek City governing body approval to provide for the collection and treatment of the residential sewer for the Stacy Community Trust Property, located in the traditional Village of Agua Fria. Both the City's and County's governing bodies approved MOUs on the matter in 2012, but because the MOUs differed slightly, neither was countersigned.

The attached memo from Public Works Department to the Board of County Commission and the proposed MOU (which staff from both the City and the County developed) further explain the history of the planned development and the process to date.

Thank you for consideration in this matter. We look forward to continuing to work with you to provide cost-effective water and wastewater service to our community.

Best,

Claudia Borchert

Comments:
The City and the County enter into this Memorandum of Understanding for a new sanitary sewer connection and sewer services for the Stacy Community Property Trust. The Stacy Community Property Trust, located on the north and south sides of Agua Fria Road in the Traditional Village of Agua Fria, New Mexico, will connect to a County wastewater collection system, which discharges into the City's wastewater collection and treatment system and this MOU describes how the County will become a customer of the City for City sewer service.
