City of Santa Fe, New Mexico

memo

DATE: October 29, 2014
TO: Finance Committee
City Council
FROM: Jan M. Snyder, Assistant Fire Chief *JMS*
SUBJECT: Purchase of New Emergency Radios – Motorola Solutions
VIA: Erik Litzenberg, Fire Chief *EL*
CC: Robert Rodarte, Purchasing Director

The City of Santa Fe Fire Department respectfully requests permission to purchase 20 new mobile radios and accessories from Motorola Solutions using the WSCA Standard Contract. The cost of the radios and all the necessary accessories will be \$47,779.40.

The Department has recently switched over to exclusively using an 800mhz radio platform for all paging and radio communications. During this change, a number of our current mobile radios were found to be obsolete and not capable of being programed as needed. This purchase will help upgrade our primary communications system to an acceptable level of performance.

The funds for the radios and accessories will come from the Department's Fire Property Tax, BU 22251.572800.

We are requesting your approval of this purchase and passing the consideration on to the governing body.

Please feel free to contact me with any further questions at 955-3121.

State of Washington DEPARTMENT OF ENTERPRISE SERVICES Contracts & Legal Services Division 1500 Jefferson St. SE, P.O. Box 41017 • Olympia, Washington 98504-1017 • (360) 902-7400 http://www.des.wa.gov	CONTRACT AMENDMENT	
	Contract Number and Title: 02702, WSCA Public Safety Communications Equipment	Date Issued: August 27, 2014
	Amendment Number: 33 – Motorola Solutions	Date Effective: October 30, 2014
This Contract Amendment is issued under the provisions of the State Contract identified above. The changes authorized are within the scope of the original contract. All rights and obligations of the parties shall be subject to and governed by the terms of the original contract including any subsequent amendments, which are hereby incorporated by reference.		

Purpose of Amendment

Purpose: Reduce Washington's management fee and execute short-term contract extension (10/30/14 – 3/31/15)

For contract sales made to contract customers located within the state of Washington the current management fee of one and a half percent (1.5%) shall be reduced to 0.74 percent (0.74%) on sales made on and after July 1, 2014. Contract sales shall continue to be reported on a quarterly basis and fees shall continue to be due within thirty (30) days of date of an invoice issued by the Department of Enterprise Services (DES). There shall be no change other state's administrative fees or in the WSCA-NASPO quarterly sales/administrative fee.

Motorola Solutions agrees to extend Contract 02702 for WSCA Public Safety Communications Equipment and Services for an additional five months (October 30, 2014 through March 31, 2015), under the existing contract terms, conditions, specifications and pricing. This short-term extension will allow additional time to complete the award of replacement contract(s) resulting from RFP 06913 for Public Safety Communication Equipment. Should any of these WSCA-NASPO replacement contracts become effective prior to March 31, 2015, this contract may run concurrently with these contracts to allow time for participating entity customers to transition to new contract(s).

Should Motorola Solutions be successful in receiving an award resulting from RFP 06913, once a Participating Addendum (PA) is executed under the terms of the new contract, all contract sales will be made to qualified purchasers under the terms of the new PA/contract and no further sales shall be made to those customers under the terms of Contract 02702.

MOTOROLA REPRESENTATIVE WSCA CONTRACT RADIO MODELS

Revised 10/20/06

The following Motorola radio models are representative examples of the radios available on the WSCA contract. Contract users are requested to contact Motorola for other versions & frequency bands of each series of radio model. The WSCA RFP required Manufacturer price pages for the complete line of Motorola radios available on the WSCA contract are on file with WSCA Purchasing. The representative prices listed will be higher in states that charge an administrative fee.

The various types of Motorola radios are listed by frequency band first, then by radio category:
