TO THE INTRASTATE AGREEMENT FOR
CENTURYLINK METRO ETHERNET SERVICE ("Amendment")**

CITY OF SANTA FE ("Customer") and Qwest Corporation d/b/a CenturyLink QC ("CenturyLink") enter into this Amendment to the Intrastate Metro Ethernet Service, CenturyLink Pramata ID: 964068 ("Underlying Agreement"). Capitalized terms not defined in this Amendment are defined in the Underlying Agreement.

This Amendment authorizes the following modification(s) or additions to the Underlying Agreement:

Service Location	USOC	Bandwidth	Bandwidth MRC	Port Speed	Port NRC
100 Caja Del Rio Santa Fe, NM 87507	BP4B4	10 Mbps (no change)	\$504.00 (no change)	1000 Mbps (correction to original agmt)	\$0.00

The MRCs above supersede the charges for the subject location(s) previously agreed to in the Underlying Agreement including any prior modifications. The monthly recurring amounts shown above are not necessarily the total, cumulative charges for all Service under the Agreement. Any new nonrecurring charges are in addition to any previously agreed to such charges in the Underlying Agreement. Additions to Service must meet the requirements of the Minimum Service Period. If Customer's Agreement does not contain the following language in the Payment section, then the language is hereby incorporated at the end of the Payment section: "Customer must not remit payment for the Services by funds obtained through the American Recovery and Reinvestment Act (or ARRA) or other similar stimulus grants or loans that would obligate CenturyLink to provide certain information or perform certain functions unless those functions and obligations are specifically included and agreed to by the parties elsewhere in this Agreement or in an amendment to this Agreement."

Any removal of Service or Service components may invoke additional Termination Liability Charges, not included herein, pursuant to the Underlying Agreement and the applicable Tariff.

Except as amended herein, all other terms and conditions of the Agreement will remain in full force and effect and will apply to this Amendment.

This Amendment will become effective upon the latest signature date below, provided mandatory filing requirements are met. The term of this Amendment will expire coterminously with the Underlying Agreement.

BUILDING ENTRY AGREEMENT

This Building Entry Agreement (“Agreement”) is made and entered into as of the “Effective Date” (as defined in Section 9) by and between City of Santa Fe (“Building Owner”) and Qwest Corporation d/b/a CenturyLink QC, on behalf of itself and its affiliates (collectively “Licensee”) for the purpose of providing telecommunications, broadband other communications services (the “Services”) to the Properties (defined below).

BACKGROUND:

- A. Building Owner owns those certain real properties which are listed by address on Exhibit A attached to this Agreement (“Properties”), and owns the buildings located on such Properties (“Buildings”).
- B. Building Owner is willing to grant a license to Licensee pursuant to the terms and conditions of this Agreement.

For good and valuable consideration, the receipt and sufficiency of which are acknowledged by the parties, Building Owner and Licensee agree as follows:

1. **License.** Building Owner grants Licensee and its contractors and affiliates a license (“License”) to construct, maintain, repair, operate and remove, at Licensee’s sole option and expense, certain wires, cables, panels, conduit, lock-boxes, building entrance facilities, and other appurtenant fixtures and equipment (collectively, “Equipment”) over, under, across and along the Properties, as may be necessary or useful for delivering its Services to tenants and other occupants of the Buildings. Building Owner will provide Licensee access to the Properties during normal business hours (and at all times during emergencies). Any proposed additions or modifications to the Equipment will be submitted to Building Owner for its consent, which will not be unreasonably withheld, conditioned or delayed. Building Owner will make a commercially reasonable effort to approve the plans for such additions or modifications within five business days of submittal. The rights granted to Licensee in this Agreement include the right to install conduit for, or to direct bury, one or more fiber optic lines to connect Licensee’s communication facilities located in the public right of way to its Equipment at the demarcation point within the Buildings, to utilize existing risers and pathways located in the Buildings approved by Building Owner, and to bore holes in the Buildings at locations that are mutually agreed upon by Building Owner and Licensee. Licensee will have exclusive use of any conduit it installs on the Properties. Licensee will use the Equipment solely for the purpose of providing Services to tenants and occupants of the Buildings. Nothing contained in this Section 1 will be construed as granting to Licensee: (a) any property or ownership rights in the Properties or Building Owner’s other real or personal property, except as may be provided for in this Agreement; (b) title to Building Owner of any right or interest in and to the Equipment; or (c) creating a partnership or joint venture between Building Owner and Licensee.

2. **Construction.** Prior to the commencement of any work in or near the Buildings (including periodic installation of Equipment), Licensee will, at its sole cost and expense, prepare and deliver to Building Owner plans describing all proposed construction and work. Licensee will: (a) perform all work in a safe manner consistent with the highest construction standards; (b) perform all work in such a way as to minimize unreasonable interference with the operation of the Buildings; (c) maintain workers’ compensation insurance in accordance with the law of the state where the work is being performed.; and (d) obtain prior to the commencement of any construction and work all federal, state and municipal permits, licenses and approvals required in connection with such construction and work.

3. **Equipment.** Building Owner will not interfere with Licensee’s use, operation or maintenance of the Equipment. Building Owner will not be liable for damage to, theft of, misappropriation of or loss of Equipment regardless of the cause, except if the cause is due to the negligence, unlawful activity or willful misconduct of Building Owner, its employees or agents. Upon the expiration or termination of this Agreement, Licensee may elect to abandon some or all of the Equipment and its personal property in place, provided that if Licensee elects to remove any Equipment or personal property from the Buildings and Properties, it will repair all damage caused by such removal, reasonable wear and tear excepted.

4. **Termination.** This Agreement will terminate on the date which is 30 days following Building Owner’s notice to Licensee that Licensee is in default under this Agreement (unless Licensee has cured such default within such 30 day period). This Agreement will terminate as to the subject Building or Buildings only on (i) the date of a casualty to all or any portion of the Building if the result of such casualty is, in Licensee’s reasonable judgment, to render the continued services by Licensee under this Agreement impractical;

CENTURYLINK® ENTRANCE FACILITIES ADDENDUM

This CenturyLink Entrance Facilities Addendum ("Addendum") hereby supplements the Agreement between City of Santa Fe ("Customer") and CenturyLink dated _____ (the "Agreement") under which Customer ordered **QC Metro Ethernet** ("Service") from CenturyLink. Except as set forth in this Addendum, capitalized terms will have the definitions assigned to them in the Agreement. This Addendum is subject to the terms and conditions of the Agreement. If a conflict between the Agreement and this Addendum exists, this Addendum controls.

1. Customer is contemporaneously ordering Service from CenturyLink at the following property address: 1780 Canyon Road, Santa Fe NM 87501 ("Property"). To provide the Service, CenturyLink will install entrance facilities to connect the CenturyLink network at the public right of way to a demarcation point located within the building on the Property (e.g. a common telecommunications room or Meet Me Room) as mutually agreed upon between Customer and CenturyLink. CenturyLink's obligation to provide the Service at the Property is conditioned upon CenturyLink gaining access rights and successfully building out the facilities at a commercially reasonable cost (the "Condition"). If the Condition cannot be satisfied, CenturyLink will notify Customer and negotiate a special construction arrangement with Customer that may include Customer reimbursing CenturyLink for certain construction charges. If the parties cannot reach agreement on special construction or other arrangement, CenturyLink will notify Customer that the order for Service at the Property will be terminated.
2. If the Condition is satisfied, CenturyLink will provide notice to Customer that the entrance facilities at the Property are complete. Customer's acceptance of CenturyLink Service at the Property will serve as acknowledgement of completion of entrance facility work in the absence of written acknowledgement.
3. In consideration of CenturyLink waiving construction charges for providing facilities at the Property, if Service is canceled by Customer for any reason other than Cause, or by CenturyLink for Cause, before the conclusion of the initial Service term, Customer will pay CenturyLink an early termination charge equal to the Service MRC of \$504.00 times the number of months remaining in the initial Service term ("Early Termination Charge") instead of any applicable early termination charge for the Service described in the Agreement. The MRC is fixed under this Addendum for purposes of the Early Termination Charge and will exclude service downgrades or upgrades that occur after the start of Service. The Early Termination Charge is not subject to any waivers. Additional termination charges may apply under a separate special construction agreement related to the Property.
4. This Addendum will be coterminous with the initial term of the Service at the Property and the obligations of this Addendum will survive the termination of the Service at the Property.

The undersigned parties have read and agree to the terms and conditions set forth in this Addendum. Electronic signatures on this Addendum will be accepted only in the form and manner prescribed by CenturyLink.

ITEM # 15-0632

Agreement Number: _____

This CenturyLink Metro Ethernet Service Agreement ("Agreement") between City of Santa Fe ("Customer") and Qwest Corporation d/b/a CenturyLink QC ("CenturyLink") is effective on the date of execution by CenturyLink and Customer, whichever occurs last ("Effective Date").

This Fixed Period Pricing Plan is being offered on an individual case basis ("ICB"). CenturyLink may be required to submit this Agreement and any subsequent addenda to certain regulatory agencies for approval of the discounts in Exhibit 1 and additional terms and conditions ("ICB Terms"). Although the general terms and conditions of this Agreement are effective on the Effective Date, the ICB Terms will not become effective for a given jurisdiction until the filing and approval requirements, if any, for that jurisdiction are fulfilled. The Service will be offered in accordance with the applicable Tariff until the ICB Terms become effective. If Customer receives reduced pricing under this Agreement and a regulatory agency later invalidates the ICB Terms after they had become effective, Customer will pay to CenturyLink any difference in the amounts listed in the applicable Tariff for the Service and the amounts Customer was charged for the Service. When approved by the regulatory agencies, Customer may add additional quantities of Services pursuant to the Changes Section under the same terms and conditions with no further filing required. In the event a regulatory agency does not approve this Agreement, the parties will enter into good faith negotiations to mutually resolve the failure to receive the necessary approval.

Tariff

Service will be governed by: (a) the Tariff applicable to Service; and (b) to the extent a comparable Tariff term or condition does not apply to Service, the terms and conditions set forth in this Agreement. "Tariff" includes as applicable: CenturyLink state tariffs, price lists, price schedules, administrative guidelines, catalogs, and rate and term schedules incorporated by this reference and posted at <http://www.centurylink.com/tariffs>. Service is subject to technical publication 77411 located at <http://qwest.centurylink.com/techpub/> ("Tech Pub").

1. Scope.

1.1 Metro Ethernet Service ("Service") is a flexible transport service that uses established Ethernet transport technology. The Service provides connections between multiple Customer locations within a metropolitan area using native Ethernet protocol. The transmission speed depends on the Ethernet port ("Port") selected and the amount of bandwidth ordered over the Port ("Bandwidth Profile"). Service extends to the Demarcation Point. "Demarcation Point" means the CenturyLink-designated physical interface between the CenturyLink-owned network and Customer's telecommunications equipment. Service is available over three designs: (a) Customer Premises, supporting transmission speeds as low as 1 Mbps and up to 1 Gbps in increments of 10 Mbps from 10 to 100 Mbps, and in increments of 100 Mbps from 100 to 1,000 Mbps; (b) Central Office, supporting transmission speeds of 100 Mbps, 600 Mbps and 1,000 Mbps; and (c) Ethernet with Extended Transport (DS3 required), supporting transmission speeds as low as 5 Mbps and up to 40 Mbps. "SLA" means the service level agreement specific to the Service, located at <http://www.qwest.centurylink.com/legal/>, which is controlled by the Tariff and Tech Pub, which are subject to change. The SLA provides Customer's sole and exclusive remedy for service interruptions or service deficiencies of any kind whatsoever for Service.

1.2 Any CenturyLink tariff, price list, price schedule, administrative guideline, catalog, and other rate and term schedules (hereinafter, whether individually or together, "Tariff") applicable to the Service is incorporated into this Agreement by reference and made a part of this Agreement. The Service will be governed by: (a) the Tariff applicable to the Service; and (b) to the extent a comparable Tariff term or condition does not apply to the Service, the terms and conditions set forth in this Agreement. CenturyLink reserves the right to amend, change, withdraw, or file additional Tariffs in its sole discretion, with such updated Tariffs effective upon posting or upon fulfillment of any necessary regulatory requirements.

1.3 Service provided herein is subject to network infrastructure availability and may require the expenditure of CenturyLink capital funds ("Funding") to provide Service to Customer. If a location requires Funding, CenturyLink will only provide Service if Funding has been approved as evidenced on the signature page of this Agreement. Such approval will be granted at the sole discretion of CenturyLink. In the event this Agreement is executed and the required Funding is not approved, CenturyLink agrees to cooperate with Customer in good faith to develop an alternative service solution and may terminate this Agreement immediately without penalty.

1.4 Customer understands and agrees that CenturyLink supplies Service as an intrastate, intraLATA telecommunications service, as defined by State and/or Federal Communications Commission ("F.C.C.") regulations, which are incorporated herein by this reference. It is Customer's responsibility to ensure that Customer uses Service as an intrastate, intraLATA telecommunications service consistent with such regulations. F.C.C. regulations permit interstate usage of Service if such usage does not exceed 10% of the total usage. If Customer should use this Service for any other purpose, or if interstate usage exceeds 10%, it is Customer's responsibility to immediately notify CenturyLink of such use and to place an order for appropriate service. CenturyLink will bill, and Customer will promptly pay, appropriate monthly recurring charges, for such use of and changes to Customer's telecommunications service including, but not limited to all applicable CenturyLink Rates and Services Schedule No. 1 interstate access charges or intrastate Tariff access charges.

1.5 "Construction" means when Service may not be available due to facilities limitations and it is necessary for CenturyLink to construct facilities. "Funding" means charges to Customer over the term of a Service contract covering CenturyLink's calculated costs for providing Service and its expected rate of return when network infrastructure is not available to provide Service to Customer. CenturyLink may assess separate Construction charges if facilities are not available to meet an order for Service and CenturyLink

**METRO ETHERNET SERVICE
FIXED PERIOD PRICING PLAN

constructs facilities under one or more of the following circumstances: (a) the amount of Customer's expected payments over the term of the Agreement does not exceed CenturyLink's calculated cost of providing the Service plus its expected rate of return; (b) Customer requests that Service be furnished using a type of facility, or via a route that CenturyLink would not normally utilize in providing the requested Service; (c) more facilities are requested than would normally be required to satisfy an order; and (d) Customer requests that Construction be expedited, resulting in added cost to CenturyLink. Service provided under this Agreement is subject to Funding approval and that approval will be evidenced in the Funding Concurrence block on this Agreement. That approval will be granted at the sole discretion of CenturyLink. In the event contract documents are signed under which Customer is ordering Service for which Funding is not approved, CenturyLink will cooperate with Customer in good faith to develop an alternative service solution if Funding cannot be achieved on the contracted solution and CenturyLink may immediately terminate this Agreement, without penalty, if Funding of the contracted and alternate Service solutions are determined to not be possible.

2. Term.

2.1 This Agreement is effective on the date CenturyLink signs it, following Customer's execution of this Agreement ("Effective Date"), and it expires forty-eight (48) months from the date Service is available to Customer, as evidenced by CenturyLink records ("Initial Term"). The Service shall have a "Minimum Service Period" of 12 months. After the expiration of the Initial Term, this Agreement will continue automatically on a month-to-month basis unless a party notifies the other party in writing of its desire not to renew this Agreement at least 60 calendar days, and no more than 120 calendar days, prior to the end of the Initial Term. In no way shall this Agreement, including all extensions and renewals, extend beyond four (4) years from the date Service is available to Customer. After the Initial Term, either party may terminate this Agreement upon 30 calendar days prior written notice. The Initial Term and any month-to-month period thereafter will be collectively referred to as the "Term."

2.2 After the Initial Term, Customer will pay for Service at CenturyLink's then-current rates. CenturyLink will inform Customer of its then-current rates for Service upon written request.

3. Installation/Provisioning of Service.

3.1 CenturyLink will provide the Service at the locations specified in Exhibit 1, attached hereto and made a part of this Agreement.

3.2 CenturyLink will notify Customer of the date Service is available for use. In the event Customer informs CenturyLink that it is unable or unwilling to accept Service at such time, the subject Service will be held available for Customer for a period not to exceed 30 business days from such date ("Grace Period"). If after the Grace Period, Customer still has not accepted Service, CenturyLink may either: (a) commence with regular monthly billing for the subject Service; or (b) cancel the subject Service. If Customer cancels an order for Service prior to the date the Service is available for use, or is unable to accept the Service during the Grace Period and CenturyLink cancels the Service at the end of the Grace Period, the Tariff cancellation charges may apply.

3.3 Start of service for each Service ("Start of Service Date") will begin on the date on which Customer accepts delivery of such Service. CenturyLink will provide notice that a Service is ready for acceptance. At Customer's request, mutual testing may be performed in accordance to the service parameters outlined in the Tariff.

4. Charges and Billing.

4.1 Customer must pay CenturyLink all charges by the payment due date on the invoice. Any amount not paid when due is subject to late interest specified by the Tariff, or if there is no such late interest specified in the Tariff, the amount due will be subject to late interest at the lesser of 1.5% per month or the maximum rate allowed by law. In addition to payment of charges for Service, Customer must also pay CenturyLink any applicable Taxes assessed in connection with Service. "Taxes" means federal, state, and local excise, gross receipts, sales, use, privilege, or other tax (other than net income) now or in the future imposed by any governmental entity (whether such Taxes are assessed by a governmental authority directly upon CenturyLink or Customer) attributable or measured by the sale price or transaction amount, or surcharges, fees, and other similar charges that are required or permitted to be assessed on Customer. These charges may include state and federal Carrier Universal Service Charges, as well as charges related to E911, and Telephone Relay Service. Taxes may vary and are subject to change. CenturyLink reserves the right to charge administrative fees when Customer's payment preferences deviate from CenturyLink's standard practices.

4.2 The monthly recurring charge ("MRC") and nonrecurring charge ("NRC") for Service are specified on Exhibit 1. CenturyLink will fix the MRCs during the Term so that CenturyLink will not pass through any CenturyLink initiated price increases to Customer during the Term. Any rate increases directed or mandated by a regulatory body will be applied as required.

5. Changes to Service.

5.1 Subsequent orders to add new Service port(s) will be for the remainder of the Term, provided the Minimum Service Period can be met. All Service ports ordered under this Agreement will expire on the same date regardless of when they are ordered (e.g., if the original Service is in month 10 of a 60-month Term when Customer orders a new Service port for a 60-month fixed period rate plan, the new Service port will be billed at the 60-month rate for the next 50-months). In the event the Minimum Service Period cannot be met, a new Agreement must be signed.

5.2 A subsequent order to change or add a Service port during the Term will be assessed an NRC.

5.3 A subsequent order to change Service Bandwidth during the Term will not be assessed the NRC, however, the MRC will be changed to the new Service bandwidth profile charge. Customer may be assessed an early Termination liability charge for any decrease in bandwidth during the Term of the Agreement.

5.4 Customer request for a physical move of Service to a new location will be treated as a termination of service at the original location. NRC's will apply and Term requirements must be met in the new location. In the event the Minimum Service Period cannot be met, a new Agreement must be signed.

5.5 Customer request for a physical move of Service to a location within the same building as the existing Service will be charged a fee equal to one half the applicable NRC charge. There will be no changes to the Minimum Service Period.

6. **Termination.** Except as provided in the Appropriations paragraph 14 herein, which allows the City to terminate with no added Termination charges, either party may terminate Service and/or this Agreement in accordance with the applicable Tariff or for Cause. "Cause" means the failure of a party to perform a material obligation under this Agreement, which failure is not remedied: (a) for payment defaults by Customer, within five days of separate written notice from CenturyLink of such default (unless a different notice period is specified in the Tariff); or (b) for any other material breach, within 30 days of written notice (unless a different notice period is specified in the Tariff or this Agreement). Customer will remain liable for charges accrued but unpaid as of the termination date. If, prior to the conclusion of the Term, Service and/or this Agreement is terminated either by CenturyLink for Cause or by Customer for any reason other than Cause, then Customer will also be liable for any termination charges ("Termination Charge"). Prior to the conclusion of the Term, if Service and/or this Agreement is terminated or bandwidth is decreased below the original contracted level ("decreased bandwidth"), either by CenturyLink for Cause or by Customer for no Cause, then Customer will also be liable for and pay CenturyLink the following Termination Charge: (a) all accrued and unpaid charges for the terminated Service or decreased bandwidth provided through the effective date of such termination or decrease; plus (b) a termination charge of 100% of the balance of the MRCs for the unexpired portion of the Minimum Service Period for the terminated Service and/or a charge of 100% of the difference between the original bandwidth MRC and the decreased bandwidth MRC; plus (c) 40% of the balance of the MRCs due for the unexpired portion of the Term in excess of the Minimum Service Period for the terminated Service and/or 40% of the difference between the original bandwidth MRC and the decreased bandwidth MRC; plus (d) any and all third party costs and expenses incurred by CenturyLink in so terminating such Service or decreasing bandwidth and all applicable non-recurring charges that may have been waived.

7. **Confidentiality.** The City is required to comply with the New Mexico Inspection of Public Records Act (IPRA). Except as otherwise required by the IPRA, neither party will, without the prior written consent of the other party: (a) disclose any of the terms of this Agreement; or (b) disclose or use (except as expressly permitted by, or required to achieve the purposes of, this Agreement) the Confidential Information of the other party. "Confidential Information" means any information that is not generally available to the public, whether of a technical, business, or other nature, and that: (a) the receiving party knows or has reason to know is confidential, proprietary, or trade secret information of the disclosing party; or (b) is of such a nature that the receiving party should reasonably understand that the disclosing party desires to protect the information from disclosure. Confidential Information will not include information that is in the public domain through no breach of this Agreement by the receiving party or is already known or is independently developed by the receiving party. Each party will use reasonable efforts to protect the other's Confidential Information, and will use at least the same efforts to protect such Confidential Information as the party would use to protect its own. CenturyLink's consent may only be given by its Legal Department. A party may disclose Confidential Information if required to do so by a governmental agency, by operation of law, or if necessary in any proceeding to establish rights or obligations under this Agreement.

8. **Use of Name and Marks.** Neither party will use the name or marks of the other party or any of its Affiliates for any purpose without the other party's prior written consent. 11.1 General. This Agreement's benefits do not extend to any third party (e.g., an End User). "End User" means Customer's members, end users, customers, or any other third parties who use or access Service or the CenturyLink network via Service. If any term of this Agreement is held unenforceable, the remaining terms will remain in effect. Neither party's failure to exercise any right or to insist upon strict performance of any provision of this Agreement is a waiver of any right under this Agreement. The terms and conditions of this Agreement regarding confidentiality, limitation of liability, warranties, payment, dispute resolution, and all other terms of this Agreement that should by their nature survive the termination of this Agreement will survive. Each party is not responsible for any delay or other failure to perform due to a Force Majeure Event. "Force Majeure Event" means an unforeseeable event beyond the reasonable control of that party, including without limitation: act of God, fire, explosion, lightning, hurricane, labor dispute, cable cuts by third parties, acts of terror, material shortages or unavailability, government laws or regulations, war or civil disorder, or failures of suppliers of goods and services. Customer may not assign this Agreement or any of its rights or obligations under this Agreement without the prior written consent of CenturyLink, which consent will not be unreasonably withheld. Customer may not assign to a reseller or a telecommunications carrier under any circumstances.

11.2 Conflicts Provision. If a conflict exists among provisions within this Agreement, the following order of precedence will apply in descending order of control: Tariff, this Agreement, the Tech Pub and CenturyLink records.

11.3 Independent Contractor. CenturyLink provides Service as an independent contractor. This Agreement will not create an employer-employee relationship, association, joint venture, partnership, or other form of legal entity or business enterprise between the parties, their agents, employees or affiliates.

11.4 ARRA. Customer will not pay for Service with funds obtained through the American Recovery and Reinvestment Act or other similar stimulus grants or loans that would obligate CenturyLink to provide certain information or perform certain functions unless each of those obligations are explicitly identified and agreed to by the parties in this Agreement or in an amendment to this Agreement.

11.5 HIPAA. CenturyLink Communications, LLC does not require or intend to access Customer data in its performance hereunder, including but not limited to any confidential health related information of Customer's clients, which may include group health plans, that constitutes Protected Health Information ("PHI"), as defined in 45 C.F.R. §160.103 under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA Rules"). To the extent that any exposure to PHI is incidental to CenturyLink's provision of Service and not meant for the purpose of accessing, managing the PHI or creating or manipulating the PHI, such exposure is allowable under 45 CFR 164.502(a)(1)(iii).

11.6 Credit Approval. Provision of Service is subject to CenturyLink's credit approval of Customer. As part of the credit approval process, CenturyLink may require Customer to provide a deposit or other security. Additionally during the Term, if Customer's financial circumstance or payment history becomes reasonably unacceptable to CenturyLink, CenturyLink may require adequate assurance of future payment as a condition of continuing CenturyLink's provision of Service. Customer's failure to provide adequate assurances required by CenturyLink is a material breach of this Agreement. CenturyLink may provide Customer's payment history or other billing/charge information to credit reporting agencies or industry clearinghouses.

11.7 Governing Law; Dispute Resolution.

(a) **Governing Law; Forum.** New Mexico state law, without regard to choice-of-law principles, governs all matters relating to this Agreement, except with regard to matters which are within the exclusive jurisdiction of the state or federal regulatory agency. Any legal proceeding relating to this Agreement will be brought in New Mexico, Santa Fe, U.S. District Court, or absent federal jurisdiction, in a state court of competent jurisdiction. This provision is not intended to deprive a small claims court or state agency of lawful jurisdiction that would otherwise exist over a claim or controversy between the parties.

(b) **Limitations Period.** Any claim relating to this Agreement must be brought within two years after the claim arises.

11.8 No Resale; Compliance. Customer represents that it is not a reseller of any telecommunication services provided under this Agreement as described in the Telecommunications Act of 1996, as amended, or applicable state law and acknowledges it is not entitled to any reseller discounts under any laws. Customer's use of Service must comply with all applicable laws.

11.9 Amendments; Changes. This Agreement may be amended only in a writing signed by both parties' authorized representatives. Each party may, at any time, reject any handwritten change or other alteration to this Agreement. CenturyLink may amend, change, or withdraw the Tariffs, with such updated Tariffs effective upon posting or upon fulfillment of any necessary regulatory requirements.

11.10 Required Notices. Unless provided otherwise in this Agreement, all required notices to CenturyLink must be in writing, sent to 1801 California St., #900, Denver, CO 80202; Fax: 888-778-0054; Attn.: Legal Dept., and to Customer at its then current address as reflected in CenturyLink's records Attn.: General Counsel or other person designated for notices. NMSA 1978, as amended. The Customer and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Agreement modifies or waives any provision of the New Mexico Tort Claims Act.
- 14. APPROPRIATIONS.** The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Customer for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Customer, this Agreement shall terminate upon written notice being given by the Customer to CenturyLink. Customer intends to continue this Agreement for its entire Term and to satisfy its obligations hereunder. For each fiscal period for Customer: (a) Customer agrees to include in its budget request appropriations sufficient to cover Customer's obligations under this Agreement; (b) Customer agrees to use all reasonable and lawful means to secure these appropriations; (c) Customer agrees it will not use non-appropriations as a means of terminating this Agreement in order to acquire functionally equivalent products or services from a third party. Customer reasonably believes that sufficient funds to discharge its obligations can and will lawfully be appropriated and made available for this purpose. If Customer is appropriated insufficient funds, Customer may terminate this Agreement without incurring an Early Termination Charge or Cancellation Charges by giving CenturyLink not less than 30 days' prior written notice. Upon termination and to the extent of lawfully available funds, Customer will remit all amounts due and all costs reasonably incurred by CenturyLink through the date of termination.
- 15. THIRD PARTY BENEFICIARIES.** By entering into this Agreement, the parties do not intend to create any right, title or interest in or for the benefit of any person other than the Customer and CenturyLink. BUILDING ENTRY AGREEMENT

This Building Entry Agreement ("Agreement") is made and entered into as of the "Effective Date" (as defined in Section 9) by and between City of Santa Fe ("Building Owner") and Qwest Corporation d/b/a CenturyLink QC, on behalf of itself and its affiliates (collectively "Licensee") for the purpose of providing telecommunications, broadband other communications services (the "Services") to the Properties (defined below).

BACKGROUND:

A. Building Owner owns those certain real properties which are listed by address on Exhibit A attached to this Agreement ("Properties"), and owns the buildings located on such Properties ("Buildings").

B. Building Owner is willing to grant a license to Licensee pursuant to the terms and conditions of this Agreement.

For good and valuable consideration, the receipt and sufficiency of which are acknowledged by the parties, Building Owner and Licensee agree as follows:

1. **License.** Building Owner grants Licensee and its contractors and affiliates a license ("License") to construct, maintain, repair, operate and remove, at Licensee's sole option and expense, certain wires, cables, panels, conduit, lock-boxes, building entrance facilities, and other appurtenant fixtures and equipment (collectively, "Equipment") over, under, across and along the Properties, as may be necessary or useful for delivering its Services to tenants and other occupants of the Buildings. Building Owner will provide Licensee access to the Properties during normal business hours (and at all times during emergencies). Any proposed additions or modifications to the Equipment will be submitted to Building Owner for its consent, which will not be unreasonably withheld, conditioned or delayed. Building Owner will make a commercially reasonable effort to approve the plans for such additions or modifications within five business days of submittal. The rights granted to Licensee in this Agreement include the right to install conduit for, or to direct bury, one or more fiber optic lines to connect Licensee's communication facilities located in the public right of way to its Equipment at the demarcation point within the Buildings, to utilize existing risers and pathways located in the Buildings approved by Building Owner, and to bore holes in the Buildings at locations that are mutually agreed upon by Building Owner and Licensee. Licensee will have exclusive use of any conduit it installs on the Properties. Licensee will use the Equipment solely for the purpose of providing Services to tenants and occupants of the Buildings. Nothing contained in this Section 1 will be construed as granting to Licensee: (a) any property or ownership rights in the Properties or Building Owner's other real or personal property, except as may be provided for in this Agreement; (b) title to Building Owner of any right or interest in and to the Equipment; or (c) creating a partnership or joint venture between Building Owner and Licensee.

2. **Construction.** Prior to the commencement of any work in or near the Buildings (including periodic installation of Equipment), Licensee will, at its sole cost and expense, prepare and deliver to Building Owner plans describing all proposed construction and work. Licensee will: (a) perform all work in a safe manner consistent with the highest construction standards; (b) perform all work in such a way as to minimize unreasonable interference with the operation of the Buildings; (c) maintain workers' compensation insurance in accordance with the law of the state where the work is being performed.; and (d) obtain prior to the commencement of any construction and work all federal, state and municipal permits, licenses and approvals required in connection with such construction and work.

3. **Equipment.** Building Owner will not interfere with Licensee's use, operation or maintenance of the Equipment. Building Owner will not be liable for damage to, theft of, misappropriation of or loss of Equipment regardless of the cause, except if the cause is due to the negligence, unlawful activity or willful misconduct of Building Owner, its employees or agents. Upon the expiration or termination of this Agreement, Licensee may elect to abandon some or all of the Equipment and its personal property in place, provided that if Licensee elects to remove any Equipment or personal property from the Buildings and Properties, it will repair all damage caused by such removal, reasonable wear and tear excepted.

4. **Termination.** This Agreement will terminate on the date which is 30 days following Building Owner's notice to Licensee that Licensee is in default under this Agreement (unless Licensee has cured such default within such 30 day period). This Agreement will terminate as to the subject Building or Buildings only on (i) the date of a casualty to all or any portion of the Building if the result of such casualty is, in Licensee's reasonable judgment, to render the continued services by Licensee under this Agreement impractical; or (ii) the date of condemnation or taking of all or any portion of the Building or Property if the result of such condemnation or taking is, in Licensee's reasonable judgment, to render the Services by Licensee under this Agreement impractical, or (iii) the date which is 30 days following the date Licensee provides Building Owner with written notice that Licensee intends to terminate this Agreement as to some or all of the Buildings listed on Exhibit A. Otherwise, this Agreement will have an initial term of ten years ("Initial Term") commencing on the Effective Date. Following the expiration of the Initial Term, this Agreement will continue for two consecutive five year renewal terms (each five-year period a "Renewal Term"). Renewal Terms will be deemed automatically exercised unless Licensee or Building Owner provides notice of its intent not to renew this Agreement at least three months prior to the end of the Initial Term of the first Renewal Term, as the case may be. Each Renewal Term will be on the same terms and conditions as set forth in this Agreement. Termination of this Agreement will not affect Licensee's ability to continue to

inspection by the Customer, the Department of Finance and Administration, and the State Auditor. The Customer shall have the right to audit the billing both before and after payment. Payment under this Agreement shall not foreclose the right of the Customer to recover excessive or illegal payments.

22. NON-DISCRIMINATION. During the term of this Agreement, CenturyLink shall abide by all applicable laws prohibiting discrimination against any employee or applicant for an employment position to be used in the performance of services by CenturyLink hereunder, on the basis of ethnicity, race, age, religion, creed, color, national origin, ancestry, sex, gender, sexual orientation, physical or mental disability, medical condition, or citizenship status.

23. SEVERABILITY. In case any one or more of the provisions contained in this Agreement or any application thereof shall be invalid, illegal or unenforceable in any respect, the validity, legality, and enforceability of the remaining provisions contained herein and any other application thereof shall not in any way be affected or impaired thereby.

24. Entire Agreement. This Agreement (including all referenced documents) constitutes the entire agreement between the parties and supersedes all prior oral or written agreements or understandings relating to the same service or circuits at the same locations as covered under this Agreement. Using CenturyLink's electronic signature process for this Agreement is acceptable.

CENTURYLINK® ENTRANCE FACILITIES ADDENDUM

This CenturyLink Entrance Facilities Addendum ("Addendum") hereby supplements the Agreement between City of Santa Fe ("Customer") and CenturyLink dated 5/21/15, (the "Agreement") under which Customer ordered **QC Metro Ethernet** ("Service") from CenturyLink. Except as set forth in this Addendum, capitalized terms will have the definitions assigned to them in the Agreement. This Addendum is subject to the terms and conditions of the Agreement. If a conflict between the Agreement and this Addendum exists, this Addendum controls.

1. Customer is contemporaneously ordering Service from CenturyLink at the following property address: **1030 W Alameda St Santa Fe, NM 87501** ("Property"). To provide the Service, CenturyLink will install entrance facilities to connect the CenturyLink network at the public right of way to a demarcation point located within the building on the Property (e.g. a common telecommunications room or Meet Me Room) as mutually agreed upon between Customer and CenturyLink. CenturyLink's obligation to provide the Service at the Property is conditioned upon CenturyLink gaining access rights and successfully building out the facilities at a commercially reasonable cost (the "Condition"). If the Condition cannot be satisfied, CenturyLink will notify Customer and negotiate a special construction arrangement with Customer that may include Customer reimbursing CenturyLink for certain construction charges. If the parties cannot reach agreement on special construction or other arrangement, CenturyLink will notify Customer that the order for Service at the Property will be terminated.
2. If the Condition is satisfied, CenturyLink will provide notice to Customer that the entrance facilities at the Property are complete. Customer's acceptance of CenturyLink Service at the Property will serve as acknowledgement of completion of entrance facility work in the absence of written acknowledgement.
3. In consideration of CenturyLink waiving construction charges for providing facilities at the Property, if Service is canceled by Customer for any reason other than Cause, or by CenturyLink for Cause, before the conclusion of the initial Service term, Customer will pay CenturyLink an early termination charge equal to the Service MRC of \$504.00 times the number of months remaining in the initial Service term ("Early Termination Charge") instead of any applicable early termination charge for the Service described in the Agreement. The MRC is fixed under this Addendum for purposes of the Early Termination Charge and will exclude service downgrades or upgrades that occur after the start of Service. The Early Termination Charge is not subject to any waivers. Additional termination charges may apply under a separate special construction agreement related to the Property.
4. This Addendum will be coterminous with the initial term of the Service at the Property and the obligations of this Addendum will survive the termination of the Service at the Property.

The undersigned parties have read and agree to the terms and conditions set forth in this Addendum. Electronic signatures on this Addendum will be accepted only in the form and manner prescribed by CenturyLink.

CenturyLink's obligation to provide the Service at the Property is conditioned upon CenturyLink gaining access rights and successfully building out the facilities at a commercially reasonable cost (the "Condition"). If the Condition cannot be satisfied, CenturyLink will notify Customer and negotiate a special construction arrangement with Customer that may include Customer reimbursing CenturyLink for certain construction charges. If the parties cannot reach agreement on special construction or other arrangement, CenturyLink will notify Customer that the order for Service at the Property will be terminated.
2. If the Condition is satisfied, CenturyLink will provide notice to Customer that the entrance facilities at the Property are complete. Customer's acceptance of CenturyLink Service at the Property will serve as acknowledgement of completion of entrance facility work in the absence of written acknowledgement.
3. In consideration of CenturyLink waiving construction charges for providing facilities at the Property, if Service is canceled by Customer for any reason other than Cause, or by CenturyLink for Cause, before the conclusion of the initial Service term, Customer will pay CenturyLink an early termination charge equal to the Service MRC of \$504.00 times the number of months remaining in the initial Service term ("Early Termination Charge") instead of any applicable early termination charge for the Service described in the Agreement. The MRC is fixed under this Addendum for purposes of the Early Termination Charge and will exclude service downgrades or upgrades that occur after the start of Service. The Early Termination Charge is not subject to any waivers. Additional termination charges may apply under a separate special construction agreement related to the Property.
4. This Addendum will be coterminous with the initial term of the Service at the Property and the obligations of this Addendum will survive the termination of the Service at the Property.

The undersigned parties have read and agree to the terms and conditions set forth in this Addendum. Electronic signatures on this Addendum will be accepted only in the form and manner prescribed by CenturyLink.
