CAMILLA M. BUSTAMANTE, PhD, MPH

camilla.bustamante@sfcc.edu

(505) 690-3174

Professional Qualifications

With over 25 years in education, training and community advancement, Camilla Bustamante has led and participated in regional and community planning, academic and economic program development. As project coordinator, team leader, trainer, and educator, she has worked with state and federal agencies to address both normal and off-normal events in the interest of community resilience and sustainability, with an emphasis on environmentally healthy, community based economic development.

She has successfully managed both large and small budgets and has experience in grant writing, grant monitoring, and regulatory compliance. She received the Los Alamos National Laboratory's Distinguished Performance Award, as well other awards of recognition for exceeding job performance objectives.

Education and Training

Ph.D., Health Education; Dual Degree, Master of Public Health; Research Topic: *Evaluation of Over the Counter Sales as a Syndromic Surveillance Method for Waterborne Disease in New Mexico* (with distinction), the University of New Mexico, Albuquerque, New Mexico, Spring, 2005

Professional Experience

Santa Fe Community College

Santa Fe, New Mexico

2014-Present

Interim Dean. Academic lead for the schools of Trades, Technology, Sustainability, Professional Studies and Business and Education which prepare students for the 21st century workforce and entrepreneurship. Program areas are developed and advised heavily by industry as well as run by faculty committed to providing the latest in cutting edge development in the advanced trades and technologies. In this capacity Dr. Bustamante works to develop new and support existing programs to assure they are aligned with industry, within budget and contribute to an overall societal need.

Camilla M. Bustamante (2/4)

*State of New Mexico
Santa Fe, New Mexico
2013-2014*

Planning and Resource Manager. Manager of the State stockpile for prophylaxes and emergency planning and resources funded by the Center for Disease Control and Prevention (CDC) Public Health Emergency Preparedness (PHEP) grant, which is established to ensure public health preparedness and protection in the event of an off normal event that may have adverse effects on public health. In this position Dr. Bustamante manages the City Readiness Initiative in coordination with the Healthcare Preparedness Program. Dr. Bustamante is an Emergency Operations Center Responder.

*Northern New Mexico College
Española New Mexico
2005 – 2014*

Adjunct Professor. Teaches current environmental science topics to include compliance and environmental and occupational health.

Dean of Community, Workforce, Career Technical Education. In this capacity served the College of Community, Workforce and CTE. She provides oversight of workforce development programs in hazardous materials response, radiological control, automotive, cosmetology, and construction trades as well as serves as the founding Director of the *Sostenga* Center for Sustainable Food, Agriculture and Environment at Northern New Mexico College. There are three (3) departments and nine (10) programs in the College.

Chair of Environmental Science, University Center Director. In this capacity Dr. Bustamante served as a tenured professor and worked with a large advisory group of regional employers and stakeholders to develop the Northern New Mexico College Environmental Science baccalaureate degree, as well as Pre-Forestry, Sustainable Agriculture, and Environmental Monitoring Associate Degrees. The baccalaureate program is established to provide regional academic capability to address environmental issues. As co-Director of the Economic Development Administration funded University Center, Dr. Bustamante established *¡Sostenga!* The Center for Sustainable Food, Agriculture and Environment at Northern New Mexico College in the interest of regional community based participatory research and planning for sustainable and regenerative economic development.

*Eberline Services
Los Alamos, New Mexico
2000–2014*

Environmental Scientist, Economic Development Team Leader, KSL. In the implementation of the KSL Environmental Management System, Dr. Bustamante worked with management and crafts personnel to identify and reduce environmental impacts from company operations. In this capacity, Dr. Bustamante developed procedures that ensure the removal of known carcinogens and endocrine disruptors from frequently used industrial cleaning agents and well as implemented other workforce health and safety practices.

Environmental Scientist, Recycling Coordinator, Johnson Controls Northern New Mexico. As recycling coordinator, Ms. Bustamante coordinated environmentally related economic development efforts to include collection and management of the fiber, metal, and oil recycle. She worked closely with the Nambé Recycling Facility to identify and create markets and researched recycle opportunities for materials not recycled at LANL. She approved the characterization of recyclable material to include RCRA recyclable materials. Ms. Bustamante prepared grant and funding proposals for the joint venture between Johnson Controls and the

Camilla M. Bustamante (3/4)

Nambé Recycling Facility. She created and supported programs for waste diversion, which resulted in over \$250,000 annual cost disposal avoidance for LANL. Ms. Bustamante prepared scopes of work for sub-contractor procurements, managed subcontractor performance, and coordinated sampling activities. She provided weekly status reports for the client.

*Los Alamos National Laboratory
Los Alamos, New Mexico
1992–2000*

Team Leader, Procedures Records and Testing. As team leader for Procedures Records and Testing, Ms. Bustamante was responsible for the leadership and supervision of an administrative team that coordinates, schedules, ensures documentation, and provides testing for all institutional LANL environment safety and health (ES&H) training. She interfaced with regulatory agencies to address federal, state and institutional training requirements. She managed the documentation of all ES&H training.

Hazardous Materials Response Auxiliary Team Member. Ms. Bustamante responded to, and participated in exercises for, hazardous materials emergencies at LANL. In this capacity, she mitigated chemistry lab hazardous material spills and participated in Cerro Grande Fire response events to include air quality monitoring. During the Cerro Grande Fire, Ms. Bustamante served as entry personnel for facility start up of high risk, fire-affected Laboratory environments. Ms. Bustamante has worked in, and is comfortable in all levels of personal protective equipment.

Training Specialist. Ms. Bustamante provided instructional design, delivery, and evaluation of training to include research and development of final instructional materials. She developed a working knowledge of all applicable Laboratory Implementing Requirements (LIRs), U.S. Department of Energy (DOE) Orders, and state and federal regulations. Ms. Bustamante developed extensive experience and expertise in delivering training courses to a diverse student population ranging from technicians to Ph.Ds.

Training Coordinator. Ms. Bustamante established an ES&H training compliance program for LANL's FMU-66 Nuclear Facilities group, which is responsible for shipments of transuranic waste to the WIPP. She was responsible for schedule, budget, and performance goals of the training team.

Ms. Bustamante served as a coordinator for the Transuranic Waste Certification Program for worker qualification, which was among the first to certify for shipment to WIPP. She worked with multiple internal and external organizations to create auditable programs for hazardous waste management.

Co-Chair for the Laboratory Diversity Office Hispanic Diversity Working Group. Ms. Bustamante coordinated with surrounding Northern New Mexico communities for Hispanic Heritage Month activities.

Chair, Cuarto–Centenario. Ms. Bustamante was responsible for the Cuarto–Centenario–400 Years of Technology in New Mexico diversity celebration. She coordinated events related to 400 years of technology in Northern New Mexico, including a speaker series, festivals, and a traveling information panel.

*University of New Mexico
Albuquerque, New Mexico
1999–2000*

Graduate Assistant. Ms. Bustamante taught Department of Health Education courses and authored, coauthored, and instructed numerous courses in the areas of environment, safety and health.

Camilla M. Bustamante (4/4)

*University of New Mexico
Albuquerque, New Mexico
1991–1992*

Graduate Student. Ms. Bustamante co-produced, developed, and directed *Los Luceros*, a Northern New Mexico architectural study as a graduate student project for the American Studies Foundation

Holly Bradshaw Eakes

President, The Holly Company
Growth Strategies & Communications

holly@thehollycompany.com 505.989.5337
223 N. Guadalupe St. No. 451, Santa Fe, NM 87501

OVERVIEW

Results-driven marketing professional with expertise in communications, art, design and economic development. I don't shy away from difficult projects and I expect outcomes that change lives.

PROFESSIONAL HISTORY

- 2003 – Present: The Holly Company Business Consultants, Santa Fe, NM; President
 - Lead a team of business and marketing consultants serving organizations in the Southwest. Created three economic development initiatives to help New Mexico businesses grow: Finance New Mexico (financial information), Grow It! (business resources) and the Biz Calendar (business event calendar).
- 1997 – 2002: BradShaw Art & Design, Barcelona, Catalunya, Spain; Owner
 - Professional artist and fine art representative for other artists. Created marketing materials and obtained gallery representation. Participated in juried and selected shows in Brighton, Chichester and London in the UK; Barcelona, Spain; and La Jolla, CA.
- 1986 – 1996: Buena Vista Ranch, Descanso, CA; Owner and Operations Director
 - Developed and managed animal breeding facility specializing in high-end camelids and quarter horses. Led national and local committees addressing breeding and wool production issues.
- 1975 – 1980: Pacific Southwest Airlines; Various positions in San Diego and San Francisco, CA
 - Last position was Market Representative responsible for developing and supporting air travel bookings among commercial, travel agency and charter clients based in California.

COMMUNITY SERVICE

- 2012 – Present: Santa Fe Chamber of Commerce; Board Member
 - Lead the chamber's Economic Development Committee to attract, expand and retain businesses. Currently focused on building local outdoor recreation industry and expanding the film industry.
- 2005 – 2012: Santa Fe Council on International Relations; Board Member
 - Created and implemented strategic plan for marketing, branding and member pricing. Led marketing committee responsible for all outreach. Served on the Executive Committee.
- 2002 – 2003: Court Appointed Special Advocates (CASA) First Judicial District, Santa Fe
 - Consultant to executive director to help expand board development and volunteer systems.
- 2000 – 2002: Hospital Residencia Sant Camil, Sant Pere de Ribes, Barcelona, Catalunya, Spain
 - Engaged residents in programs designed to stimulate communication and motor skills.
- 1987 – 1996: International Llama Association; Chair of various national committees
 - Conceived and implemented research projects with international veterinarians. Led workshops; publicized national events and gained coverage in publications such as Outside and Delta Sky magazines. Wrote monthly column for national Llama Banner magazine for six years.
- 1982 – 1985: Children's Hospital and Health Center, San Diego, CA; Social Services Liaison
 - Advocated for sexually abused children and incest survivors in foster care. Co-created the STOP education program for elementary school children. Consulted and created marketing materials for Social Services dept.

EDUCATION

- Post-graduate Art Certificate, University of Sussex West Dean College, Chichester, UK, 1999
- Undergraduate art and design classes, Grossmont College, San Diego, CA, 1996 - 1997
- Post-graduate business classes, University of San Diego, 1982
- B.A. Business Administration with emphasis in Marketing, San Francisco State University, 1982
