Briefly explain the purpose and major provisions of the bill/resolution:

The resolution calls for staff to:

- Create a "Carbon Neutral Impact Report" (CNIR) form designed to identify and quantify carbon emissions stemming from proposed city resolutions, ordinances and other actions;

Which will entail:

- Researching best practices and/or examples of same or similar forms used by other cities or states;
- Identifying the most appropriate carbon/GHG calculator created for use by the Environmental Protection Agency (EPA); and,
- Identifying and drafting a set of questions to be used in determining whether or not the carbon/GHG calculator should be used; and,
- Creating the form itself, including instructions on how to use the form.

- c. Detailed personnel forms must be attached as to range, salary, and benefit allocation and signed by Human Resource Department for each new position(s) requested (prorated for period to be employed by fiscal year)*.

I. Projected Expenditures:

- a. Indicate Fiscal Year(s) affected – usually current fiscal year and following fiscal year (i.e., FY 03/04 and FY 04/05)

Finance Director: 

- b. Indicate: "A" if current budget and level of staffing will absorb the costs
"N" if new, additional, or increased budget or staffing will be required
- c. Indicate: "R" - if recurring annual costs
"NR" if one-time, non-recurring costs, such as start-up, contract or equipment costs
- d. Attach additional projection schedules if two years does not adequately project revenue and cost patterns
- e. Costs may be netted or shown as an offset if some cost savings are projected (explain in Section 3 Narrative)
