

# City of Santa Fe, New Mexico

## LEGISLATIVE SUMMARY

Bill No. 2015-9

### Miniatures

---

**SPONSOR(S):** Councilors Lindell, Dimas, Domiguez, Ives and Bushee

**SUMMARY:** The proposed bill creates a new Section 10-11 SFCC 1987 to prohibit the sale of single serving containers of alcoholic beverages, in sizes of eight ounces or less, within the municipal boundaries of the city of Santa Fe.

**PREPARED BY:** Rebecca Seligman, Legislative Liaison Assistant

**FISCAL IMPACT:** No

**DATE:** March 4, 2015

**ATTACHMENTS:** Bill  
FIR

**CITY OF SANTA FE, NEW MEXICO  
PROPOSED AMENDMENT(S) TO BILL NO. 2015-9  
(Miniatures)**

---

**Mayor and Members of the City Council:**

**I propose the following amendment(s) to Bill No. 2015-9:**

1. On page 2, line 14, after "sale" *insert* "for off-site consumption,"

Respectfully submitted,

---

Signe I. Lindell, Councilor

ADOPTED: \_\_\_\_\_

NOT ADOPTED: \_\_\_\_\_

DATE: \_\_\_\_\_

---

Yolanda Y. Vigil, City Clerk

1 accumulating along our roadways, trails and public parks.

2 C. As a proactive approach to minimizing litter from small plastic and glass alcohol  
3 bottles, the governing body finds it necessary to ban the sale of single serving containers of  
4 alcoholic beverages in sizes of eight (8) ounces or less.

5 **10-11.3 [NEW MATERIAL] Definitions.**

6 *Alcoholic beverage(s)* means distilled or rectified spirits, potable alcohol, brandy,  
7 whiskey, rum, gin and aromatic bitters bearing federal internal revenue strip stamps or any similar  
8 alcoholic beverage, including blended or fermented beverages, dilutions or mixtures of one or  
9 more of the foregoing containing more than one-half percent alcohol, but excluding medicinal  
10 bitters.

11 **10-11.3 [NEW MATERIAL] Sale of Single Service Alcoholic Beverages Prohibited.**

12 In addition to the provisions of Chapter IV SFCC 1987, Alcoholic Beverages; unless  
13 contained in packages of four or more, as delivered by the distributor, single serving containers of  
14 alcoholic beverages, in sizes of eight (8) ounces or less, shall not be sold or offered for sale within  
15 the municipal boundaries of the city of Santa Fe.

16 **10-11.4 [NEW MATERIAL] Effective Date.** The provisions of this Section 10-11  
17 SFCC 1987 shall be effective six months from the date of adoption, \_\_\_\_\_, 2015.

18 APPROVED AS TO FORM:

19 

20  
21 KELLEY A. BRENNAN, CITY ATTORNEY

### City of Santa Fe Fiscal Impact Report (FIR)

This Fiscal Impact Report (FIR) shall be completed for each proposed bill or resolution as to its direct impact upon the City's operating budget and is intended for use by any of the standing committees of and the Governing Body of the City of Santa Fe. Bills or resolutions with no fiscal impact still require a completed FIR. Bills or resolutions with a fiscal impact must be reviewed by the Finance Committee. Bills or resolutions without a fiscal impact generally do not require review by the Finance Committee unless the subject of the bill or resolution is financial in nature.

**Section A. General Information**

(Check) Bill:  X  Resolution: \_\_\_\_\_

(A single FIR may be used for related bills and/or resolutions)

Short Title(s):  AN ORDINANCE CREATING A NEW SECTION 10-11 SFCC 1987 TO PROHIBIT THE SALE OF SINGLE SERVING CONTAINERS OF ALCOHOLIC BEVERAGES, IN SIZES OF EIGHT OUNCES OR LESS, WITHIN THE MUNICIPAL BOUNDARIES OF THE CITY OF SANTA FE.

Sponsor(s):  Councilors Lindell, Dimas, Dominguez, Ives and Bushee

Reviewing Department(s):  Public Works, City Attorney, Finance Departments

Persons Completing FIR:  Gilda Montano  Date:  2-16-15  Phone:  955-2215

Reviewed by City Attorney:    Date:  2/17/15   
(Signature)

Reviewed by Finance Director:    Date:  2-17-2015   
(Signature)

**Section B. Summary**

Briefly explain the purpose and major provisions of the bill/resolution:  
 The purpose of this bill is to take a proactive approach to minimizing the amount of litter of small plastic and glass alcohol bottles.

**Section C. Fiscal Impact**

**Note:** Financial information on this FIR does not directly translate into a City of Santa Fe budget increase. For a budget increase, the following are required:

- a. The item must be on the agenda at the Finance Committee and City Council as a "Request for Approval of a City of Santa Fe Budget Increase" with a definitive funding source (could be same item and same time as bill/resolution)
- b. Detailed budget information must be attached as to fund, business units, and line item, amounts, and explanations (similar to annual requests for budget)
- c. Detailed personnel forms must be attached as to range, salary, and benefit allocation and signed by Human Resource Department for each new position(s) requested (prorated for period to be employed by fiscal year)\*

**1. Projected Expenditures:**

- a. Indicate Fiscal Year(s) affected -- usually current fiscal year and following fiscal year (i.e., FY 03/04 and FY 04/05)
- b. Indicate: "A" if current budget and level of staffing will absorb the costs  
"N" if new, additional, or increased budget or staffing will be required
- c. Indicate: "R" -- if recurring annual costs  
"NR" if one-time, non-recurring costs, such as start-up, contract or equipment costs
- d. Attach additional projection schedules if two years does not adequately project revenue and cost patterns
- e. Costs may be netted or shown as an offset if some cost savings are projected (explain in Section 3 Narrative)

Finance Director: \_\_\_\_\_

Check here if no fiscal impact

Total:	_____	_____	\$ _____	_____	_____	_____

**3. Expenditure/Revenue Narrative:**

Explain revenue source(s). Include revenue calculations, grant(s) available, anticipated date of receipt of revenues/grants, etc. Explain expenditures, grant match(s), justify personnel increase(s), detail capital and operating uses, etc. (Attach supplemental page, if necessary.)

Not Applicable.

---

---

**Section D.      General Narrative**

**1. Conflicts:** Does this proposed bill/resolution duplicate/conflict with/companion to/relate to any City code, approved ordinance or resolution, other adopted policies or proposed legislation? Include details of city adopted laws/ordinance/resolutions and dates. Summarize the relationships, conflicts or overlaps.

None that staff is aware of.

---

**2. Consequences of Not Enacting This Bill/Resolution:**

Are there consequences of not enacting this bill/resolution? If so, describe.

The consequences would be the continued increase of litter along our roadways, trails and public parks.

**3. Technical Issues:**

Are there incorrect citations of law, drafting errors or other problems? Are there any amendments that should be considered? Are there any other alternatives which should be considered? If so, describe.

None

---

**4. Community Impact:**

Briefly describe the major positive or negative effects the Bill/Resolution might have on the community including, but not limited to, businesses, neighborhoods, families, children and youth, social service providers and other institutions such as schools, churches, etc.

This bill would potentially help decrease the amount of litter along our roadways, trails and public parks.

Councilor Trujillo recognized Councilor Lindell.

Councilor Trujillo began the public hearing at 5:05 p. m.

Councilor Lindell explained the proposed ordinance. She brought this forward mimicking the Airport District Ordinance that was approved in 2012. It has functioned well and served its purpose in limiting the sizeable amount of litter these miniatures cause. Having given that ordinance on Airport Road a success, the change to be implemented is a proper thing to do for the entire city.

Councilor Trujillo asked folks wishing to speak to line up and state their name and address.

Marilyn Morehead said she was also bringing messages from the neighborhood watch group in that area. They were trying to keep the streets clean because the liquor store was within steps of the residential area where she lived. There was constant dropping of plastic bottles. It is a matter of picking them up and cleaning. They were trying to keep an image that people actually live there and it is not just a walkway from the liquor store to Agua Fria. With the support of many of her neighbors and the watch group, she asked that this be considered in a positive note. It would be helpful to the community and send a message.

Tom Starke said he supports this measure. He is Chair of the Santa Fe County DWI Council. He supports the ordinance as a litter control measure and also because a large number of these small containers are purchased by people who are driving and they consume them right away in the car and since it is illegal to drink and drive, they throw them out of the window. We support this measure and hope the Council appreciates that this litter travels far.

Andy Otto, Executive Director of the Santa Fé Watershed Association. They have adopted a river program. The Association is in favor of this ordinance to help remove litter from the river beds.

Richard Anaya, Liquor license holder in Santa Fe, in business for 40 years has lived in Santa Fe his whole life. He feels that an impact study should be done so he was going to wait to give his opinions. He asked that they show the impact and then send it to Finance. He asked that Public Works "kill this or send it forward without recommendation."

Young Jo said, "My parents moved to Santa Fe in 1994. We started a liquor business here and then two more and seven in Albuquerque. I understand the litter problem. You have to think about fixing the litter problem another way. It is not just the mini bottles. Banning the sale is not a good idea. Maybe charge a deposit. Think about a different way to solve the problem rather than hurt the small business and people who have been here a long time. Also people then have to buy bigger size bottles. The panhandlers do their thing. A lot of people use the small size for cooking. I don't drink. I am here to wish you will allow the small size sales and fix the problem in another way."

Councilor Karen Heldmeyer said she lives very close to a liquor establishment. In terms of anti litter this makes sense. However, the Committee needs to take into account that Santa Fe is a tourist city. Many of the hotels have mini bars with miniatures in them. Her understanding is that this law does not speak to that and the Committee might want to give that some thought.

Jim Lewis said he represented two businesses on St. Francis that have a problem with people drinking in the parking lot and behind the incinerators. They have a problem with their employees not feeling safe. There are two places that sell miniatures very close to their business. This does not reflect well on Santa Fe as a tourist spot.

Shelley Mann-Lev, Director of the Santa Fe Prevention Alliance, said they have identified through conversations with youth and other members that these little bottles are seen all over Santa Fe. They are an eyesore. This is a significant source of litter. The more people see alcohol advertisements, the more people think they can drink anywhere and just toss the bottle. This should help create a good comfortable environment. Businesses can find a way to shift their business.

Liz Saenz student and member of SWAT said, as a young person she definitely sees a lot of these bottles and not in a positive way. She sees them when she goes for a run in the morning from her house to the park and could count at least 40 of those little bottles. It is bad for the environment and negative on the youth who have easy access. Alcohol ranked number 4 in early use by teenagers. This needs to stop. The ordinance will be more positive for the youth.

Kathleen Ortiz, co-owner of Rodeo Plaza Liquors and native of Santa Fe, said over the last five years they have seen changes to small businesses in Santa Fe. Because of competition with big box businesses, there are only two left. They have to comply with minimum wage and the plastic bag ban and now this.

She said this ordinance will not allow for growth for city and will significantly lower the GRT. It will decrease 23% of their sales and bring over \$14,000 less in revenue to the City from their small establishment. "We cannot compete with Walmart and other big businesses."

She said litter appears to be the reason for this ordinance but she saw a story on channel 13 that said it was to stop alcoholism. She said she saw litter but not any more empty containers of alcohol than she did for cups, dog poop, and fast food wrappers. She respectfully asked the Committee to deny this ordinance. She also invited them to visit their store and see how important the local businesses are to the City Different.

Brad Furry, Furry's Buick, next door to the shelter, said at least three Councilors had walked the lot with him. He encouraged the Committee to consider banning them (miniatures). It is an enormous litter situation that they face on a daily basis. It is also a public intoxication issue. Removing them as an option would benefit the community.

There were no other speakers and Chair Trujillo closed the public hearing.

**Councilor Dominguez moved to approve the proposed ordinance. Councilor Rivera seconded the motion.**

Councilor Dominguez thanked everyone for coming to the meeting. He listened to what people said and did some research. He looked at what was done in 2012. This is an issue that can be long on political

appeal but short on economics, community health and litter, all of which were talked about tonight.

In regard to litter, he thanked Councilor Lindell for bringing this forward. It is obvious that a lot of litter comes from these miniatures. In his experience on Airport Road that litter has decreased since the City passed the ordinance out there. It also reduced the amount of panhandlers and that is a positive thing for the community. Just the litter decrease alone makes this a worthwhile effort.

Regarding economics. There is not a lot of information out there on how this affects a business community. It is always said that the small business will go out of business. But the follow up finds that they have to adapt and change their business operation. There is a ton of documentation and a number of studies that indicate the detriment to community health. What they might lose economically does not equal the detriment to community health and loss of production.

There are a lot of people who look at this every day and understand the dynamics of community health impact. They used to sell cigarettes one at a time. Now that is not allowed and for good reason. Our community wants and deserves to be safe and clean. People want to not be harassed when they go to an establishment.

Councilor Dominguez said he stood in full support of this ordinance and the movement to force the hand of the state legislature to change the laws that have a negative impact on this community and other communities. The people he represents pay a lot of taxes in this community. They want a clean safe community and environment. He encouraged the industry to study what it takes to make a good healthy community.

Councilor Rivera said although he was not sure about some things, he is 100% sure about this. It is worth the entire Governing Body taking a look at this. He asked if the sponsor would also look at the issue of bars at the hotels.

Councilor Lindell agreed to look into that.

Councilor Rivera noted that they banned the sale of miniatures on Airport Road for some time now. They thought revenues would go down due to the ban. However, they are actually making more because people buy larger bottles. He was not sure that is a good thing. As far as litter goes, it is an issue. He supports this because he feels it is worth having a larger discussion with the Governing Body.

Councilor Rivera said his concern with this is that he could walk down every street in this community and find cigarette butts, dog poop and other things. He wondered if this is government impeding too much. He asked if the City is going to pass a resolution banning dogs, bubble gum and cigarettes. There is a time when government can get too involved. It is now prohibition. We decided not to ban e cigarettes but to regulate them. There are rules on who the liquor industry can sell to.

Councilor Rivera noted that within this ordinance liquor stores can still sell a pack of 4. He asked how this ban will affect hotels. He said from his perspective he would not support this. He thought there are a lot more pressing issues that this Council needs to look at: homeless shelter, streets, infrastructure and others. He felt this is going too far. He was not ready to support this but does respect looking into it.

Councilor Lindell thanked everyone who came out today. There are three facets to this: litter control, community health and economics. She went back to the ordinance already passed that is working on

**ACTION SHEET**

16. **REQUEST FOR APPROVAL OF AN ORDINANCE CREATING A NEW SECTION 10-11 SFCC 1987, TO PROHIBIT THE SALE OF SINGLE SERVING CONTAINERS OF ALCOHOLIC BEVERAGES, IN SIZES OF EIGHT OUNCES OR LESS, WITHIN THE MUNICIPAL BOUNDARIES OF THE CITY OF SANTA FE (COUNCILORS LINDELL, DIMAS, DOMINGUEZ, IVES AND BUSHEE). (ALFRED WALKER) Committee Review: Public Works Committee (public hearing) (approved) 02/23/15; Public Utilities Committee (scheduled) 03/04/15; City Council (request to publish notice of public hearing) 03/11/15; and City Council (public hearing) 04/08/15. Fiscal Impact – No.**

Councilor Maestas asked the problem we are trying to resolve with this Ordinance. He said it is a solid waste problem and he has asked staff what portion these bottles are of the waste stream we find on the streets.

Mr. Walker said, "I'm not aware of any studies on the percentage of litter that are these miniature liquor bottles. It's pretty clear they're all over the place. I see them outside of City Hall from time to time, certainly around convenience stores, liquor stores, places like that. There was a public hearing at Public Works last week. The gentleman from the Santa Fe Watershed Association came and talked about the problem it is for the watershed in the waterways. This is, as far as I can tell, a significant litter problem. It's not the only litter problem obviously. The City has addressed the issue of plastic grocery bags that's one part of the litter problem. This is another part of the litter problem. There may well be other parts of the litter problem that should be addressed as well."

Councilor Maestas asked if there is data on how the litter waste stream has changed – are there less miniature bottles, are they the same, is there any kind of data.

Mr. Walker reiterated that there is no data on it, no studies were done before or afterward, noting he has heard anecdotal testimony or statements that the litter problem has alleviated to some extent. He said when it was part of the Southwest Area Overlay, people brought in pictures of the litter. That was one of the issues that was raised with many others, noting that was a comprehensive overlay, and this is one of the items that was addressed. He said when the retailers were presented with this Ordinance, at the time the Ordinance was going into effect, he was surprised at the generally good reception they got from the retailers. He said one of the Allsup's managers thought the entire ordinance was great and didn't have any problem with the Litter Ordinance at that time.

Mr. Walker said language on page, 2, lines 12 and 13, excludes packages of 4 or more. He said, "Even if we were to adopt this today, it really wouldn't eliminate litter of these miniature bottles as long as they can continue purchasing them in packages."

Mr. Walker said, "The theory behind the 4 or more is that people who purchase in packages are likely to take the packages home to consume them. What appears to be the problem is people buy the individual containers and they go outside, drink them, throw them on the ground. And so the theory behind it is in packages of 4 or more, it actually turns out... and it says and we put this in the Airport Road Ordinance. It says, '*In packages of 4 or more as delivered by the distributor...*' because we didn't want retailers just wrapping them up in tape and selling them. It turns out, what we didn't know at the time, that

the packages they come in are actually packages of 10 and the retailers break them apart and sell them individually. It they want to sell a package of 10, again the idea is they're likely to be taken home and consumed and thrown away in the trash and not thrown out on the street."

Councilor Maestas said there has been one public hearing in Public Works and he didn't attend, and hasn't seen the transcript for that. However, he has seen a lot of petitions, many of which are against the Ordinance. He sees this in a totally different context than in an overlay district and that was part of a greater goal. He doesn't know if that goal has been accomplished. He thinks these two are apples and oranges. He doesn't see any data in terms of the benefits of the prohibition in the Airport District, not does he see a compelling problem we're addressing.

Councilor Maestas continued, "What I see is we're just kind of unilaterally saying this is good for the entire City without a sound basis, at least as far as I can tell. And I realize this could go on to Council, and we'll have an appropriate public hearing and I'm going to listen intently. But at this point, I'm unconvinced that there is a compelling, specific well defined problem that this ban is going to address. If we think about the large retailers like Walgreens or CVS, they purchase liquor in large volumes, large quantities and pass those savings along. But when you think about the small 'Mom and Pop' liquor stores, they aren't open 8 to 5, that's their livelihood and they're hanging on a string because of the larger retailers and big boxes that come to town."

Councilor Maestas continued, "And I will state for the record that my family used to be in this business. We haven't been serving commercial liquor since 2006, so I want to state that for the record."

Councilor Maestas continued saying he sees this as anti-business and government over-reach, and an effort that hasn't been justified by the problem. He said he can't support it. He said, "We are going to take action to interfere with what is a fair market economy, and interfering with the supply when there's a demand. And without a compelling reason to reduce or eliminate the supply, it's hard for me to really grasp that. So, I commend the sponsors and cosponsors of this. But I think frankly, after one year of being in office, the public expects us to take on the bigger issues of the day. I would shudder to think what people think of this Governing Body after a year. And if they see us kind of debating and spending a lot of time and resources on these, not unimportant, but more peripheral issues than the real problems facing our City – the financial management and foundation, and being able to meet the needs in an environment where our residents are going down. I just think it's time for us to start tackling the bigger issues of the day. Mr. Chair, at this point, I can't support this."

Councilor Trujillo said he spoke in opposition to this at Public Works and offered the comment that, "it's a littler problem, but it's not the only litter problem." He said looking at this as a litter issue is a problem. He said we can use chewing gum, and dog poop and such. He said a question brought up at Public Works was the issue of hotel wet bars, because hotels are still selling single serving bottles. He said, "If there is an attempt to allow hotels to be exempt on this, that would be totally wrong – it's okay for tourists and not okay for locals. He hopes that doesn't start."

Councilor Trujillo continued, saying he was reluctant at the time to not support the overlay district set up previously, but when he looked at the overlay the businesses included Walgreens, Allsup's, which technically are big businesses. These businesses sell other items beside liquor, so the impact on them won't be tough. However, City-wide there are the mom and pop businesses which strictly sell alcohol and miniatures are a part of their business so this will affect them.

Councilor Trujillo said Albuquerque tried this in 2008.

Mr. Walker said, "There was a case in Albuquerque. Albuquerque's Ordinance, actually several ordinances, weren't litter ordinances. They were very different from his particular Ordinance. And a District Court Judge enjoined enforcement of those Ordinances, but again they weren't directed to the litter issue. The decision was not appealed. I've read that opinion, and I think it's a completely different issue."

Councilor Trujillo said, "The reason I bring this up, is if it passes, I see the City of Santa Fe getting into a lawsuit, and is the City willing to take this Ordinance to the next level to defend this. Councilor Maestas said, and I said last week, there are more pressing issues in this community than plastic bottles and plastic bags. So that's my concern, going into a lawsuit, and I don't know how much it is going to cost. I stand in opposition to this. As I stated before, it's not a priority on my radar, so I'm just going to leave it at that, Mr. Chair."

Councilor Lindell asked Ms. Brennan if she has something to add.

Ms. Brennan said, "I would say that a lawsuit may be filed. I think it's a lawsuit we would defend in-house and could do easily, just as a matter of record."

Councilor Trujillo said, "We're talking litter. And I guess that's my question, if this definitely is a litter problem, we need to look at where we're seeing all this litter and possibly put out more trash bins, more recyclables. To me, that would take care of the litter problem. I think it behooves the City to put out more trash bins and more recycling bins out there."

Councilor Maestas said, "I'll be brief. We've been talking about how we're already fiscally strained in terms of coming up with adequate resources to enforce the current laws on the book. I think the jury is still out as to whether we can provide adequate public safety to the newly-annexed areas. Certainly we know we're not providing adequate animal control services, because of the crisis we were faced with several months ago. So we're creating an unfunded mandate on ourselves to create additional demands on our enforcement capabilities. I can just see the City caricature, well, how are we going to fill this position, who is going to enforce this and what is going to be the title of that position. I don't want us to get too ridiculous as a City, especially when we are a City that has a great many needs. I'm concerned we're creating a demand, an unfunded mandate that's going to constrain us in terms of enforcing this. I think we need to think about that as well, Mr. Chairman. That's all I have."

Councilor Lindell said, "Thank you Mr. Chair. I do stand in support of this. I'm one of the sponsors of this, and I'm sorry that my fellow Councilors don't think that this is important. I think everybody that lives in this City has the right and that we deserve a clean and safe community. It certainly has been brought to

everyone's attention, the litter that these create, where that litter is found and that these items are consumed and then thrown around the location where they were purchased or thrown out of a vehicle. There are certain areas that have a huge amount of this trash. Another thing that was brought to my attention today is that these do fit through the drainage grates of the City so eventually, whatever number of them can float downstream with enough water they do end up in the River. And I think that's one of the reasons that I've heard from the Watershed people and certain of the Sierra Club and a group of citizens that do go about the task of cleaning out the Santa Fe River."

Councilor Lindell continued, "I also think the Ordinance on Airport Road has been deemed by many to be very successful, and I would say that for people that don't think this is a problem, certainly a number of people who have contacted me that live anywhere near some places these are dispensed find it to be a very sizeable problem. And so, with that, I will move for approval to move this forward."

**MOTION:** Councilor Lindell moved, seconded by Councilor Rivera for purposes of discussion, to approve this request

**DISCUSSION:** Councilor Maestas said, "Councilor Lindell, you mentioned safety, to create a safer community. The context of this debate has been solely, I think a solid waste subject. And so if we're going to bring public safety into this, I really think that broadens the scope and intent of this legislation. I've been strictly approaching this from a solid waste standpoint."

Councilor Lindell said, "With all due respect, Councilor Maestas, it is based on a clean City, but I did also hear you not approach it from the standpoint of litter. I also heard you approach it from the standpoint of economic development."

Councilor Maestas said, "I wasn't sure. The primary reason has been to maybe take a certain portion of our solid waste stream out of the mix. Again, that's why I'm unconvinced. Again, if there is a safety component to this, I want to know about it and I want to know how banning these miniatures is going to improve our safety. I don't know the connection between people drinking these miniatures and getting arrested for DWI. I don't think we'll ever create any kind of correlation. Our DWI arrests have gone down. They were 416 in 2013, 422 in 2014, and crashes have gone down. In 2013 there were 74, and in 2014 there were 72. I just want to make sure if there is some bold other reason, some ulterior motive in addition to solid waste, then we should just put it out there. But if it's solid waste, it's just not enough to convince me to support it."

**VOTE:** The motion failed for lack of attaining a majority vote, on the following Roll Call vote:

**For:** Councilor Lindell and Councilor Rivera.

**Against:** Councilor Maestas and Councilor Trujillo.

Acting Chair Rivera said this did pass Public Works, so it will make it to the Council, so we will have this discussion with the entire Governing Body.

**ACTION SHEET**  
**PUBLIC UTILITES COMMITTEE MEETING OF 3/4/15**

**ISSUE NO. 14**

Request for approval of Bill No. 2015-\_\_\_\_\_. An Ordinance creating a new section 10-11 SFCC 1987 to prohibit the sale of single serving containers of alcoholic beverages, in sizes of eight ounces or less, within the municipal boundaries of the City of Santa Fe. (Alfred Walker) (Councilors Lindell, Dimas, Dominguez, Ives and Bushee)

Public Works committee (Public Hearing) – 2/23/15  
 Finance Committee – 3/2/15  
 Public Utilities Committee – 3/4/15  
 City Council (Request to Publish) – 3/11/15  
 City Council (Public Hearing) – 4/8/15

**PUBLIC UTILITES COMMITTEE ACTION : Approved to forward to 3/11/15 City Council.**

**SPECIAL CONDITIONS OR AMENDMENTS:**

**STAFF FOLLOW UP:**

<b>VOTE:</b>	<b>FOR</b>	<b>AGAINST</b>	<b>ABSTAIN</b>
COUNCILOR RIVERA, CHAIR	X		
COUNCILOR MAESTAS	Recused		
COUNCILOR BUSHEE	X		
COUNCILOR DIMAS	Excused		
COUNCILOR IVES	X		

I suspect most of the input would be 'don't raise my rates'." He sees it as very different than Water Conservation in terms of utility rate setting. He doesn't think SWMA or the Water Division does a bad job of that currently. If the objective is to have greater public input and gather that in a more intelligent way, he is definitely in favor of that.

Councilor Maestas said then it isn't a good mix with the rate setting and financial planning.

Councilor Ives said, "I don't think our folks purport to be rate setters at all and.... they might propose increases, but they would never be the folks doing the analysis."

Councilor Maestas said, "Mr. Chair, I'm happy to withdraw it and certainly look at removing the Water Conservation Committee. And maybe we can vet this through some other committees as well and get public feedback." He asked Mr. Alejandro if this something we can do.

Mr. Alejandro said it definitely is something we can do.

Councilor Rivera asked Mr. Martinez and Ms. Helberg if a motion is needed to withdraw this legislation.

Mr. Martinez said, "It's not clear right now if there is a pending motion."

Councilor Ives asked if there is a motion to withdraw the measure at this point in time and to explore other options, and look at possibly amending it.

Mr. Martinez said, "I think you can always make the motion and there's nothing wrong with it, but the question was whether it was necessary or not. But in the interest of being conservative, I would just suggest you make a motion to withdraw and return at a later date."

**MOTION:** Councilor Maestas moved, seconded by Councilor Ives, to withdraw this legislation and return with it at a later date to this Committee..

**VOTE:** The motion was approved unanimously on a voice vote.

#### **DISCUSSION AND ACTION ITEMS**

14. **REQUEST FOR APPROVAL OF BILL NO. 2015- \_\_\_\_ . AN ORDINANCE CREATING A NEW SECTION 10-11 SFCC 1987, TO PROHIBIT THE SALE OF SINGLE SERVING CONTAINERS OF ALCOHOLIC BEVERAGES, IN SIZES OF EIGHT OUNCES OR LESS, WITHIN THE MUNICIPAL BOUNDARIES OF THE CITY OF SANTA FE (COUNCILORS LINDELL, DIMAS, DOMINGUEZ, IVES AND BUSHEE). (ALFRED WALKER). Review: Public Works Committee (Public Hearing) 02/23/15; Finance Committee 03/02/15; Public Utilities Committee 03/04/15; City Council (Request to Publish) 03/11/15; and City Council (Public Hearing) 04/08/15**

A copy of a proposed amendment to this bill sponsored by Councilor Signe J. Lindell, is incorporated herewith to these minutes as Exhibit "1."

**Disclosure:** *Councilor Maestas said, "I have a statement to read into the record. I have disclosed that I have an interest in a family business that owns an inter-local dispenser liquor license in Espanola that is currently for sale. And I have recused myself from voting on inter-local license transfer request and from any discussion relating to inter-local transfer licenses in general. At Monday's Finance Committee meeting, I participated in the Committee's consideration of the item that is #14 on this Committee's agenda tonight. I did so in the believe that there was no conflict in part, because the City Attorney had not advised me that there was. Nevertheless I did disclose the interest to assure transparency. A motion on the item failed, so my participation did not influence the outcome. Subsequently, I spoke to the City Attorney who advised that believes there is a conflict requiring recusal. As a result, I will recuse myself from participating in this matter tonight and in the future. That's all Mr. Chairman. I'm going to head out."*

Albert Walker, Assistant City Attorney, said he has no presentation and will stand for questions.

Councilor Bushee asked if the amendment handed out would mean it is okay to drink on-site.

Mr. Walker said, "The primary impetus for this insertion was the question that was raised at the original Public Hearing at the Public Works Committee about how this might affect the sale of miniatures in hotel mini-bars. So this was inserted, because this is a litter control issue and the theory is that people that drink in their hotel rooms are probably going to throw them in the trash basket and not out on the street. And I don't know if there are bars that sell miniatures to consumers. A liquor store normally sells only for off-site consumption. It depends on the type of license the establishment has. It's either off-site sales or on-site sales."

Councilor Bushee asked Mr. Walker if he understands her question.

Mr. Walker said, "Yes. I believe that off site and on site are both terms of art. A bar is designed for on-site consumption. Owl's Liquor's is designed for off-site consumption. In fact if you open a bottle of liquor inside Owl's Liquors, you are violating the law. And if the establish knows what's going on, they're violating the Liquor Control Act. So, this is just intended for that situation where, presumably, the hotel would have a license that allowed the on-site consumption of alcohol."

Councilor Bushee said it says, "...shall not be sold or offered for sale for off-site consumption."

Mr. Walker said, "That is correct. So that means it prohibits an establishment from selling miniatures that are intended to be taken out of the establishment to be consumed. It would allow the sale of miniatures that are intended to be consumed on-site, such as in a hotel room."

Councilor Bushee asked what happens if someone in a hotel grabs a miniature and take it in their car.

Mr. Walker said, "They can do that, that's always a possibility. Again, I think the presumption is that somebody who rents a hotel room and buys a miniature in the hotel mini bar for \$5 is probably not renting the hotel room just to buy a miniature. They're probably going to consume it there. Probably are going to leave it there. They could take it out and they could discard it. That's always a possibility. The litter you see on the streets of Santa Fe, these bottles, I suspect the vast majority of them come from convenience stores, liquor stores and not from hotel mini bars."

Councilor Bushee said she attempted this through Mr. Walker some years ago because of the situation at the Railyard, and she was told she could not impede commerce. So this is a tactic to take it as a litter issue, the way you feel we will not be challenged legally."

Mr. Walker said, "I strongly believe that the City can address litter issues in any way that it sees fit. The City has already passed the plastic grocery bag ban as part of that purpose. And litter issues, I believe, should be addressed by the Courts under what is called a rational basis test, which is there a problem the City Council sees and is this a rational way to approach it. And it doesn't have to be a comprehensive way, it doesn't have to be the complete way. It can be one issue. For example, again the plastic grocery bag ban."

Councilor Bushee said Taos just did this.

Mr. Walker said, "I don't know where they are in the process. I know they were looking at it."

Councilor Bushee asked Mr. Walker to follow up with Taos before this comes to the Council, with regard to how Taos accomplished this.

Mr. Walker said he will check with Taos. He said, "My understanding is that it had been proposed. In fact, I was in contact with the Assistant Taos County Attorney, because she had some questions about this, and we discussed ideas. And they're doing it the same way the City is."

Councilor Bushee said she asks because on Face Book, a Former City Attorney, Mark Basham, said the City cannot regulate this.

Mr. Walker said Mr. Basham has called him.

Councilor Bushee said she is in favor of this. She said this is the cheapest and most accessible way for people to get drunk, and adds to our drunk driving problem, and hugely adds to our litter problem. She said the miniature is consumed quickly and tossed. She sees no reason not to consider this, and she doesn't see this as a trivial issue.

**MOTION:** Councilor Bushee moved, seconded by Councilor Ives, to approve this request with the amendment..

**DISCUSSION:** Councilor Ives said this really is a trash issue for him, noting we're not trying to prohibit alcohol sales period, but if you look at the nature and quality of litter in trash in various areas of the City you will frequently see these miniature bottles which is unsightly. It is high time the City did something about it and he supports it wholeheartedly as an effort to remove litter from the streets and beautify our City.

**VOTE:** The motion was approved on a voice vote with Chair Rivera, Councilor Ives and Councilor Bushee voting in favor of the motion, no one voting against, and Councilor Maestas recused.

## MATTERS FROM THE PUBLIC

A copy of a document with the heading *Public Utility Board Resolution – City of Santa Fe – March 4, 2015*, entered for the record by John McFie, is incorporated herewith to these minutes as Exhibit "2."

**John McFie, 2712 Sol y Lomas Loop**, said he is here to speak in support of the Public Utilities Board proposal. He said, "In communication with Councilor Maestas, he envision a greater public forum to discuss these things in more detail. We envision over the next decade how much more complex this issue is going to become, particularly if we take on the electricity obviously. I have a handout [Exhibit "2"]. I read a wonderful article today from Chattanooga, who has recently put a fiberoptic system throughout the whole City. And they've seen a great economic increase in jobs, because they have dramatically increased the internet and cable services by having a public utility. So in addition to having a public utility, because you guys will be tasked with having not only an electric utility but also a telecommunications utility. And I can't believe I found this article an hour before I came here, which perfectly outlines what a public telecommunications utility would look like, with the example of Comcast takes 25 minutes do download a two hour video and the system in Chattanooga now takes 33 seconds. And obviously that's an enormous attraction to business. City employees, county employees, I'm estimating 8,000 public employees in town if they could all save an hour a day, that's 8,000 hours a way. You guys have County services and City services in the City. *[Inaudible]*"

**David Bacon, 369 Montezuma**, said he would second those remarks. He said, "I'm here mostly to talk about the collaborative. I was a history major in College and apparently, I'm always reduced to that level now. I want to talk about the history of the watershed restoration bills that now are being herded into a very simplistic level. And if we can stay complex, these are very complex issues, and they need to stay at that level. Two years ago, Mike and I worked on HJM-24, HM-65, that were passed unanimously. Those engendered a bill last year called the Forest and Watershed Restoration Act, which is now HB-38, which seems to be passing unanimously. What happened was the Nature Conservancy which was never involved in the early and very very good discussions and actions on actual watershed health and restoration came in late in this process, and pretty much grabbed it along with the Forest Industries Association."

analysis report. Mr. Werwath explained the contribution can be through cash, land and fee waivers.

Mr. Werwath explained the Alliance is spending about \$25,000 to look at environmental/engineering assessments of the site. He said the resolution is their security to spend the money on the project.

**Mr. Roybal moved to approve the resolution directing Staff to implement the next phase of developing the Santa Fe "Arts + Creativity Center". Ms. Kelly seconded the motion, which passed by unanimous voice vote.**

- C. Request for approval of an ordinance creating a new Section 10-11 SFCC 1987 to prohibit the sale of single serving containers of alcoholic beverages, in sizes of eight ounces or less, within the municipal boundaries of the City of Santa Fe. (Councilors Lindell, Dimas, Dominguez, Ives and Bushee) (Alfred Walker)

Mr. Walker said this ordinance is based on an ordinance enacted to address a problem of the sale of miniature bottles of alcohol in the Airport Road area. Retailers had no strong objections and compliance was good. The idea behind this ordinance is to reduce the amount of litter on city streets.

Ms. Kapin said she talked with liquor store owners who feel this would be a significant "ding" for them. She thought it a strange solution to litter when there are no trash cans in the area. She said she sees the bottles everywhere, but she also sees Burger King wrappers and bags, etc. She asked if this is really a solution to litter.

Mr. Walker said the city has banned the use of plastic grocery bags and this is an incremental step to address the issue.

Chair Lindell said there were no problems enforcing the ordinance on Airport Road. She said during the Santa Fe River cleanup the river was full of miniature liquor bottles. She said the bottles are made for immediate consumption and disposal and clear that a lot of the bottles are consumed where they are tossed. She said she receives a lot of complaints about the constant mess from people who live near liquor stores.

Mr. Ortiz asked if there is data that passes not just a litter problem, but an alcohol abuse problem.

Mr. Walker said he has seen studies that connect alcohol miniatures to public safety issues, but the state preempts the regulation of alcohol and addressing the issue on that level. He said this is a way to address the litter issue. He said some retailers have hired attorneys, but he thought the city has the right to control trash on their streets. He said the city can ban plastic bags, but not plastic bottles.

Mr. Furry said does that mean that a chronically inebriated person will buy a fifth opposed to a mini, perhaps, but the ordinance will address the availability and multiple factors. He said according to articles published, the business models will change some for some communities, but the implementation has no economic impact. He said some things be affected are ordering a six pack of small Corona bottles or hotel tourism.

Chair Lindell said there is an amendment "for off-site consumption" and would not affect the hotel mini

bar.

Ms. Kapin said she is not opposed to cleaning up trash in the city, but has to wonder where this will stop. She said cleaning up the minis will not fix the pile of Corona bottles in the arroyo next to her house. She said this keeps falling on the business community to stop what they are doing; they are not dumping the bottles. She asked if there is anything around education and enforcement. She said the bigger conversation is about the people drinking outside. She asked what resources the city provides for them. She said her issue is with the solution continuing to fall on the business community.

Chair Lindell said she thought the neighborhoods feel disrespected with the amount of trash generated by the establishments. Ms. Kapin replied the *patrons* of the establishment are a problem, not the businesses.

**Mr. Furry moved to approve an ordinance to create a new Section 10-11 SFCC 1987 to prohibit the sale of single serving containers of alcohol in sizes of eight ounces or less within the municipal boundaries of the City of Santa Fe. Mr. Ortiz seconded the motion.**

A roll call vote was taken that reflected the following:

**FOR: Ms. Karp, Mr. Ortiz and Mr. Furry**  
**AGAINST: Ms. Kapin, Mr. Sisneros and Mr. Roybal**

**Mr. Conway- passed. Ms. Kelly was not present during the vote.**

**A tie vote was broken by Chair Lindell who voted in favor of the ordinance and the motion to approve the ordinance passed by majority voice vote.**

~~V. INFORMATIONAL ITEMS – None~~

~~VI. ITEMS FROM THE PUBLIC -None~~

~~VII. UNFINISHED BUSINESS- None~~

~~VIII. ITEMS FROM THE COMMITTEE~~

~~A. SF Global Trade Initiative Work Group Update (Mayor Pro Tem Ives)-Not Discussed~~

~~B. Friends of the Plaza Work Group Update (Buddy Roybal)~~

~~Mr. Roybal said he is the chair of another Plaza clean up on the May 2<sup>nd</sup> in coordination with Keep Santa Fe Beautiful, the Chamber of Commerce and other organizations.~~

~~Chair Lindell asked Mr. Roybal to keep the Committee updated.~~

~~C. Business Regulation Work Group Update (Piper Kapin/Zach Quintero)~~

~~Ms. Kapin said the group has been in close communication with the players (the Director of IT, Land Use, etc.). The group is finalizing their recommendations, which she will present at the next meeting.~~

~~VOTE: The motion, as amended, was approved on the following Roll Call vote:~~

~~For: Mayor Gonzales, Councilor Bushee, Councilor Dimas, Councilor Dominguez, Councilor Ives, Councilor Lindell, Councilor Maestas, Councilor Rivera and Councilor Trujillo.~~

~~Against: None.~~

**10(h)(1) REQUEST TO PUBLISH NOTICE OF PUBLIC HEARING FOR APRIL 8, 2015:**

- 1) BILL NO. 2015-9: AN ORDINANCE CREATING A NEW SECTION 10-11 SFCC 1987, TO PROHIBIT THE SALE OF SINGLE SERVING CONTAINERS OF ALCOHOLIC BEVERAGES, IN SIZES OF EIGHT OUNCES OR LESS, WITHIN THE MUNICIPAL BOUNDARIES OF THE CITY OF SANTA FE (COUNCILORS LINDELL, DIMAS, DOMINGUEZ, IVES AND BUSHEE). (ALFRED WALKER)**

Councilor Maestas said, "I would like to read a statement into the record. I have disclosed that I have an interest in a family business that owns an inter-local dispenser liquor license in Espanola that is currently for sale and I have recused myself from voting on inter-local license transfer requests and for any discussion relating to inter-local transfer licenses generally. At the March 2<sup>nd</sup> Finance Committee meeting, I participated in the Committee's consideration of the bill that is the subject of Item 10(h)(1) on tonight's agenda. I did so in believe that there was no conflict in part because the City Attorney had not advised me that there was one. Nevertheless, I did disclose the interest to assure transparency during that discussion. A motion on the item subsequently failed, so my participation did not influence the outcome. Subsequently, I spoke to the City Attorney who advised me that she believes there is a conflict requiring recusal. As a result, I recuse myself from participating in the matter at the March 4, 2015, Public Utilities Committee meeting, and will not vote on Item 10(h)(1) tonight or when it comes before this body in the future. If there's any discussion, I'll step out, but if there's a quick vote, I'll stay."

**MOTION:** Councilor Trujillo moved, seconded by Councilor Bushee, to approve this request.

**DISCUSSION:** Mayor Gonzales said, "Okay quickly, under discussion. I would just add to all Councilors that I think the City Attorney only knows so much about what our business dealings are, so if we have any questions, because I appreciate you stating for the record, Councilor Maestas, kind of where you are, but if any of us having any questions on procedure or potential conflicts, it's probably easier that we approach the City Attorney, rather than expect that she might reach out to us and tell us that she thinks there's a conflict. But sometimes, that gets lost in the discussion. Tonight I'll have to be recusing myself from a vote and it's through a lot of conversations that I reached out to the City Attorney on to provide guidance and counsel as to the best course of action."

**VOTE:** The motion was approved on the following Roll Call vote:

**For:** Mayor Gonzales, Councilor Bushee, Councilor Dimas, Councilor Dominguez, Councilor Ives, Councilor Lindell, Councilor Rivera and Councilor Trujillo.

**Against:** None.

**Recused:** Councilor Maestas.

**END OF CONSENT CALENDAR DISCUSSION**

**11. CONSIDERATION OF RESOLUTION NO. 2015-25 (MAYOR GONZALES AND COUNCILOR IVES, COUNCILOR BUSHEE, COUNCILOR DOMINGUEZ, AND COUNCILOR MAESTAS): A RESOLUTION RELATING TO EARLY CHILDHOOD CARE AND EDUCATION; PROCLAIMING SUPPORT FOR COMMUNITY EFFORTS TO PROVIDE UNIVERSAL, HIGH-QUALITY EARLY CHILDHOOD CARE AND EDUCATION AND SERVICES FOR CHILDREN AGES PRENATAL THROUGH FIVE AND THEIR FAMILIES. (CHRIS SANCHEZ)**

A copy of a poster, *Fiesta Para Bebe's*, is incorporated herewith to these minutes as Exhibit "3."

Mayor Gonzales said through the Children, Youth and Family Community Cabinet, we have identified early childhood investment, and introduced individuals who lead efforts to bring high quality development for pre-natal through kindergarten – Kim from the Brindle Foundation, Catherine from United Way, Jo Heath from Santa Fe Community Foundation and Kate Dry from the Children and Youth Commission who helped organize tonight's event. Mayor Gonzales expressed "our collective thanks to the community providers who are constantly working to improve the quality of life of our children." He said the data is very clear that if we invest in early childhood development, we give a child a true chance at an incredible life, and when talk about breaking the cycle of poverty, it begins with what happens from the time our children born in our community and what we do help cultivate their development. He also noted that on November 5-6, 2015, there will be a conference at the Eldorado Hotel, *The Psychology of Boys at Risk indicated from 0 to 5*. So there are organizations that are moving their way through this from the Santa Fe Boys Foundation, United Way, Brindle and others also provide conferences in which the public can participate and get the true data.

Chris Sanchez said they are asking that the Governing Body proclaim support for community efforts to provide universal, high-quality early childhood care and education and services for children ages prenatal through five and their families.

Councilor Bushee said she is in support, but she is struck by the generic nature of the Resolution, noting it has no specific programs for support, it has no fiscal impact, and it says if this Resolution isn't enacted the City won't support community efforts. She asked what exactly are we hoping to achieve with this Resolution, commenting we already support any community efforts to help children.

KELLY LIBORAR (TEQUILA)

### Petition Against New City Ordinance

**Petition summary and background.** Santa Fe City Council, is proposing an ordinance creating a new section 10-11 SFCC 1987: TO PROHIBIT THE SALE OF SINGLE SERVING CONTAINERS OF ALCOHOL BEVERAGES, IN SIZES OF EIGHT OUNCES OR LESS, WITHIN THE MUNICIPAL BOUNDARIES OF THE CITY OF SANTA FE.

**Action petitioned for** We, the undersigned, are concerned citizens who urge our Santa Fe City Councilors to not pass the above mentioned proposed city ordinance.

THE CITY COUNCIL IS CONSIDERING A BAN ON SALES OF MINIATURES, QUARTER PINTS, AND HALF-PINTS OF ALCOHOL, I AS A RODEO PLAZA LIQUOR STORE PATRON BELIEVE THAT I SHOULD BE ABLE TO CHOOSE THE AMOUNT I WOULD LIKE TO PURCHASE, THEREFORE I AM AGAINST

THIS BAN.

LIBERTY AND JUSTICE

THE CITY COUNCIL IS CONSIDERING A BAN ON SALES OF MINIATURES, QUARTER PINTS, AND HALF-PINTS OF ALCOHOL, I AS A RODEO PLAZA LIQUOR STORE PATRON BELIEVE THAT I SHOULD BE ABLE TO CHOOSE THE AMOUNT I WOULD LIKE TO PURCHASE, THEREFORE I AM AGAINST THIS BAN.
