18 WHEREAS, cavernous angiomas (“CCM”) are clusters of abnormal blood cells found in
19 the brain and spinal cord that may result in seizures, hemorrhage, or even death; and

20 WHEREAS, CCM can occur spontaneously, or as the result of an inheritable genetic
21 defect; and

22 WHEREAS, because of a genetic mutation present in early Spanish settlers, northern
23 New Mexico has one of the highest incidences of CCM anywhere in the world; and

24 WHEREAS, over 1000 families in northern New Mexico are at risk, and members of the
25 Santa Fe City Hall family have been stricken by CCM; and

1 **WHEREAS**, genetic testing is available to determine if individuals are susceptible to
2 CCM; and

3 **WHEREAS**, knowledge of this susceptibility can help individuals who are vulnerable
4 become educated about this trait, and be better able to safeguard their health and their lives; and

5 **WHEREAS**, City of Santa Fe Resolution #2008-19 established an annual “Cavernous
6 Angioma Awareness Week” to bring attention to this illness that afflicts one person in every 500-
7 600; and

8 **WHEREAS**, the genetic mutation has passed down through families in New Mexico

City of Santa Fe Fiscal Impact Report (FIR)

This Fiscal Impact Report (FIR) shall be completed for each proposed bill or resolution as to its direct impact upon the City's operating budget and is intended for use by any of the standing committees of and the Governing Body of the City of Santa Fe. Bills or resolutions with no fiscal impact still require a completed FIR. Bills or resolutions with a fiscal impact must be reviewed by the Finance Committee. Bills or resolutions without a fiscal impact generally do not require review by the Finance Committee unless the subject of the bill or resolution is financial in nature.

Section A. General Information

Section B. Summary

Briefly explain the purpose and major provisions of the bill/resolution:

Senator Udall has introduced legislation to increase research and coordinate the existing research into Cavernous Angioma which has a high prevalence in northern New Mexicans due to a genetic issue in the early Spanish settlers. This resolution will be transmitted to them in support of their efforts, and to the directors of NIH, FDA and CDC urging them to allocate additional funding to research this illness.

Section C. Fiscal Impact

Note: Financial information on this FIR does not directly translate into a City of Santa Fe budget increase. For a budget increase, the following are required:

- a. The item must be on the agenda at the Finance Committee and City Council as a "Request for Approval of a City of Santa Fe Budget Increase" with a definitive funding source (could be same item and same time as bill/resolution)
- b. Detailed budget information must be attached as to fund, business units, and line item, amounts, and explanations (similar to annual requests for budget)
- c. Detailed personnel forms must be attached as to range, salary, and benefit allocation and signed by Human Resource Department for each new position(s) requested (prorated for period to be employed by fiscal year)*

1. Projected Expenditures:

- a. Indicate Fiscal Year(s) affected – usually current fiscal year and following fiscal year (i.e., FY 03/04 and FY 04/05)
- b. Indicate: "A" if current budget and level of staffing will absorb the costs
"N" if new, additional, or increased budget or staffing will be required
- c. Indicate: "R" – if recurring annual costs
"NR" if one-time, non-recurring costs, such as start-up, contract or equipment costs
- d. Attach additional projection schedules if two years does not adequately project revenue and cost patterns
- e. Costs may be netted or shown as an offset if some cost savings are projected (explain in Section 3 Narrative)

Section D. General Narrative

1. Conflicts: Does this proposed bill/resolution duplicate/conflict with/companion to/relate to any City code, approved ordinance or resolution, other adopted policies or proposed legislation? Include details of city adopted laws/ordinance/resolutions and dates. Summarize the relationships, conflicts or overlaps.

N/A

2. Consequences of Not Enacting This Bill/Resolution:

Are there consequences of not enacting this bill/resolution? If so, describe.

Support for this research is essential to find treatment protocols, try potential drug treatment and provide education for how to manage this disease.

3. Technical Issues:

Are there incorrect citations of law, drafting errors or other problems? Are there any amendments that should be considered? Are there any other alternatives which should be considered? If so, describe.

N/A

4. Community Impact:

Briefly describe the major positive or negative effects the Bill/Resolution might have on the community including, but not limited to, businesses, neighborhoods, families, children and youth, social service providers and other institutions such as schools, churches, etc.

Many Santa Fe residents are affected by this genetic disease and have connected to support groups across the country. However, it is of great importance to provide more education since it is often misdiagnosed and treated as epilepsy. Unfortunately, many people do not know they have this issue until it kills them. Since it is highly transferrable genetically from one generation to the next, the long term outlook for parents and children is critical to understand their symptoms. It is equally important to press for treatment protocols and drug development.
