- Is the Tribal/Local Public Agency (T/LPA) familiar with the NMDOT T/LPA Handbook? Has a representative of the entity attended one of the T/LPA Handbook trainings? The T/LPA must follow the Handbook.
- Is this project included in any other planning documents? (Comprehensive Plan, ICIP, etc)
- Is the project within NMDOT ROW? If so, does the district support the project?
    - Are agreements necessary for maintenance and operations? (Lighting agreements, landscaping, etc.)
- The T/LPA needs to understand the reimbursement process and be prepared to pay all costs up front. The T/LPA must follow district instructions for submitting invoices for reimbursement.
- Discuss the requirements for federal funds including reimbursement process, 90 day closeout after project completion, certified testing during construction, Buy America requirements for steel, etc.
    - These items are reimbursable, but they need to be included in the cost estimate (construction engineering)
- The T/LPA must follow the NMDOT specs unless NMDOT grants permission prior to design for the T/LPA to use other specs.
- Maintenance and Operations costs-does the T/LPA have a plan for these?
- Does the T/LPA have a good track record for responsible use/tracking of federal funds? Have they met closeout deadlines? Have they successfully completed other federally funded projects in a timely manner?
- Has the T/LPA had any issues with design/construction in the past?
- Does the T/LPA have major audit findings that would prevent them from being a responsible fiscal agent?
