6	Monica Lucero	423034	Large shade structure, improve connectivity to Arroyo Chamiso Trail, improve turf conditions
4	Escondido	423060	Improve existing drainage, park furniture
2	Patrick Smith Park	423038	ADA parking ramp, irrigation system upgrade

PROPOSED PLAN or DETERMINATION

Archaeological monitoring will be required. Area might be considered sensitive for any excavation. Poor drainage design as the drainage from the hilltop propagates down the entire hillside and into walking trail and switchbacks. Planting may not be totally sufficient as proper drainage is lacking. **Requires additional funding or abandon project. Pending - no funding available.**

Archaeological monitoring will be required. Hand digging will more than likely be required. Possible issue with water meter for fountain. **May require additional funding or abandon project. Pending - no funding available.**

Two plan revisions. Initially intended for city crews. Current proposed plan for plaza sitting area w/two park benches at center w/accessible sidewalk across park. City to buy park benches. Lowest bid @ \$30,387. **Insufficient funds. Pending - no funding available.**

ENN determined that funding should be spent at existing Las Acequias Park. Draft Resolution created, need sponsor, need to proceed to Council for approval. Associations list of improvements are . . .

1. Walking path redone fix standing water in back area.
2. More playground equipment for older kids 6-13.
3. Solar lighting in back part of park.
4. Fix ceramic sculptures.
5. More picnic tables.
6. Painting or repairing exist. picnic tables.

Unable to pay stenographer - no funding.

Pending - no funding available.

Undetermined - **Pending - no funding available.**

Advertisement of RFQ. **Pending - no funding available.**

ENN scheduled for 8/19 to determine possible alternatives. **Pending - no funding available.**

Initially intended for city crews. Proposed plan for Large shade structure, with pad and sidewalk and appurtenances. New sidewalk to trail system. No turf improvements due to insufficient funds. Possibility to improve turf through maintenance. Low bid for improvements @ \$30,283 plus purchase of equipment(appurtenances) by city. Will require entire budget. \$7,500=appurtenances, 24x34 shade structure=\$18,100, or 20x34 shade structure=\$17,000 = ~\$56K
Pending - no funding available.

Two plan revisions. Initially intended for city crews. Current proposed plan to clear and grub drainage area, install two park benches with ADA curb-cut at cul-de-sac area with sidewalk to benches. No bids or quotes solicited. Possible fund shortage. **Pending - no funding available.**

Two plan revisions. Initially intended for city crews. ADA parking ramp currently exists. Required Archaeological clearance, received clearance 5/2015. Current proposed plan to use existing plan by Irrigation Systems with possible slight modifications. Additive alternate to improve or rehabilitate turf are due to non-irrigation. Current lowest bid @ \$84,300 (irrigation)+ 9,800 (turf rehab). **Insufficient funds. Pending - no funding available.** Awaiting additional bid.
