4. Community Comments

Announcements: Maria Cristina Lopez

Spoke about Maria Perez who is doing the training on random choice voting is also doing exit post for the election. She wanted to know if anyone wanted to be an exit post on the day of the election, training is 4-hours. Ms. Lopez can provide the contact number if interested.

Invitation to converse with Joe Maestas running for Mayor at the Guadalupe Credit Union.

Ms. Diaz said that there is a Mayoral forum with all candidates on the 22nd of February, Southside at Cesar Chavez Elementary School. Theme is Youth, Workers and Family. Good opportunity for all community members to ask questions.

Ms. Guerrero: SOLACE is looking for bi-lingual psycho-therapists, information on their website.

Acting Chair Maria Cristina Lopez introduced Ms. Lechuga (who spoke in Spanish, Ms. Diaz interpreted)

Rebecca Yolanda Villezcas Lechuga has a complaint she wanted to bring to the Immigration Committee. Letter presented with the details. Information was provided to the individual by the SFPD. The letter presented in Spanish will be translated and provided to the Santa Fe Police Department. Ms. Diaz or Maria Cristina Lopez will translate the letter and provide it to Mr. Sanchez. (Exhibit A) – (Letter read verbatim and Ms. Diaz translated).

It was reported that the teacher at the school the next day said that her son was very distracted. The Counselor at the school suggested that Ms. Villezcas call the Police to report this incident.

Ms. Guerrero said that she felt that this was a very serious concern and could not minimize the importance of her concern. This is where the Police Department needs to make the investigation. There is a fault in this process, that there are no bi-lingual police officers that could respond to a situation like this. Ms. Guerrero wanted to reiterate that it is a concern throughout the community not only for the police department but important to have more officials in government who are bi-lingual and can answer for concerns as important as this one.

Mr. Sanchez stated that there are two things that he see's wrong; 1) the school should have helped her make the call. Once the report went in to the school counselor, the counselor should have helped by calling the Chief of Security at the Schools and they would have helped the mother connect with the Police Department. Mr. Sanchez stated that once the letter is translated he personally will take it to Deputy Chief Padilla for their review of the case. This information was provided to Ms. Villezcas in Spanish.

Ms. Guerrero said she agrees that the school system failed greatly. Secondly she wanted to state that unfortunately this situation has caused great trauma for her son, not only seeing the police officers handling of this situation but more so leaving him to pay the consequences. Ms. Guerrero offered the services from SOLACE; mother can call and request an appointment for her son at no charge. The therapists are bi-lingual, they will evaluate if they can take the case and if they cannot they will provide references. Another option is the Girard House which offers services to children. It is very important that this child get treatment and the school counselor work together to assure that this child is safe and receives treatment. SOLACE provides coordination not only for the child but also for the mother.

Ms. Villezcas continued to talk about another scenario with family members where she received threatening texts; her daughter does speak English and she was able to report to the police department on those occasions and generally they were responsive. Without having those people in her home to help here this is where she experienced the language barrier.

Officer Sanchez from the SFPD said that the Dispatch system has a language line; unfortunately the SFPD does not have that capability. As stated there are very few Spanish speaking officers at any time. He understands the frustration and suggests that Ms. Villezcas continues to call the Dispatch Center. Ms. Diaz said that she called 911 and they never gave her a legitimate number to call and does not know where the breakdown is. Ms. Villezcas said that in all fairness, she did not continue to call 911 because this was not an emergency yet she really needed the help. Ms. Diaz did tell Ms. Villezcas that Mr. Sanchez will take this letter to the Chief of Police once it is translated. Thank you for attending this meeting.

b) Update regarding City of Santa Fe training related to Resolution 2017-19

Mr. Aaron Martinez was unable to attend the meeting tonight. Mr. Chris Sanchez presented an update on the included documents. (Exhibit B) Mr. Sanchez went through each item verbatim from the description. Mr. Sanchez also complimented the work of Mr. Aaron Martinez and stated that he is very detailed and precise on information. His goal is to assure that during new orientation that this is being conducted and it is on-going.

Questions: It was recommended that questions be sent to Mr. Sanchez by e-mail. Ms. Diaz stated that the new policies are not included, confidentiality, policies regarding ICE, and the items listed are in the present Resolution. Ms. Diaz will provide her additional questions. The Committee members will do the same.

c) Welcoming Committee Subcommittee Recommendations for review (Exhibit C) Ms. Hayre stated that they did not have the document provided above under Item b. Recommendations include the request that Mr. Aaron Martinez attend the next Immigration meeting, request to provide an update on training. When HR is training on policies she would like to know if they are being given the Resolution or are their directives or policy changes in the Resolution. She would like to see what documents are being handed out.

Ms. Diaz would like to provide the Santa Fe Police Department training. Feedback: Mr. Sanchez said that it might behoove the Immigration Committee to wait until after the elections to provide the information to leadership. SFPD Patrick Sanchez recommended that they move forward and provide the information to Deputy Chief Padilla and follow through with the confirmed Chief of Police when named. Officer Sanchez reiterated that if this could take place during briefings the benefit and attention will be well received.

Mr. Sanchez reiterated that providing the questions to him would provide the opportunity to get responses prior to the meeting.

Officer Sanchez explained the time of the briefings and the Immigration Committee members are fine with the times presented for attendance at briefing.

Ms. Hayre addressed the Language access. The City Manager's January 10th report to the City Council did not include a comprehensive assessment of language access needs throughout the city government.

Recommendation is that the city secure the services of any independent contractor to assess language barriers and needs and to recommend translation and interpretation priorities. Mr. Sanchez said that his recommendation is to have a letter drafted specifying the requested language on #2, Page 1-2, Exhibit C.

Ms. Diaz asked Mr. Sanchez if he could assist in formulating a process and information on requesting the assessment. Is the best way to ask the City Manager or would we go through the City Councilor's? Mr. Sanchez said the process is to start with the City Manager. Mr. Sanchez would formulate a letter to the City Manager providing all of the comprehensive information, questions and follow up required. Mr. Sanchez stated that utilizing the Welcoming Community specifications provides the necessary documentation as well as the request for information requesting response to the needs and priorities. Mr. Sanchez reiterated that the framework of Welcoming Community is very well put together.

Page 2 lists a-g Areas of Interest for assessment. In addition, the Welcoming Communities Subcommittee would also like additional information about the city pay incentive program for bilingual employees mentioned in the City Manager's update.

Education and Outreach: #3, Page 2-3 (read verbatim). Recommendation is for the Immigration Committee to communicate with the Community Services Director to work cohesively on this item. Mr. Sanchez said that the Community Services Department carries the bulk of funding awards but is not the only one in the city. There are community service block grants that come out, there are several others. Mr. Sanchez will partner with other departments and do the vetting of the website items through legal. Ms. Diaz stated that if the city is giving money, and in the RFPs and agreements/contracts that are issued, she wants to make sure that certain information, i.e., non-discrimination and so on, and for sure confidentiality so that people and organizations getting money from the city also are abiding by the rules and regulations set forth by the City of Santa Fe. Mr. Sanchez will take this information to the City Manager for discussion. The Acting Chair said that confidentiality is the most important part of the Resolution.

#4 - U Visa Certification

Ms. Diaz stated that attached to their report is the Scope of Service for SOLACE which will be represented by Ms. Sheila Lewis. Question was asked to continue the work that Deputy Chief Salbidrez did for the SFPD on the U Visa.

Intergovernmental working group, the Resolution calls for helping of a formation, the city should not be doing on its own. There should be a group where local government can share information, sanctuary policies in general, what are some of the Federal threats, what are some of the court decisions because they are coming down from across the country. It is important that Government officials know and also that we are giving information on what rights we have and information that we can share with other governmental entities. All of our four local governments are welcoming communities that have protective policies and non-disclosure policies for folks interacting with them from the immigrant community.

The Chair asked, which are the four governments?

Ms. Diaz: The Santa Fe Community College, the Santa Fe County, Santa Fe Public Schools and the City of Santa Fe.

Councilor Villarreal is one of the two sponsors of the Resolution is willing to put together and Inter-governmental working group initial meeting on February 23, 2018 from 2-4 pm at the Santa Fe Convention Center. Ms. Diaz and Ms. Hayre are assisting with this meeting and they are also recommending to invite other stakeholders, people who get funding from the city to do immigration related work like the Santa Fe Dreamers Project and others that anyone can recommend. New Mexico Immigrant Law Center, possibly Catholic Charities, a lot of our local governments want information and the City Attorney when working with them on the Resolution stated that they needed to have attorney participation coordinating with the city. The city will not give civil rights information but stated it should be done through their partners. Councilor Villarreal is inviting everyone to attend this Intergovernmental working group meeting.

Ms. Cabeza de Vaca moved to forward the following 6 recommendations from the Welcoming Committee, second by Ms. Guerrero, motion carried by unanimous voice vote.

a. Subcommittee Updates:

- Welcoming Communities – Marcella Diaz
Provided above.
- Education - Ms. Amparo Guerrero

Ms. Guerrero attended the Equity and Diversity Committee meeting with the SFPS. She is working on the Culture and Equity Sub-Committee. After tonight's presentation and hearing about all that is happening within the schools, she would like to recommend that after the diversity and equity plenary meetings that it is important to invite the SFPS School Superintendent to the Immigration Committee meeting to talk about concerns that the immigrant community have. She would like to see more commitments for the immigrant community. She suggested the invitation be for the April meeting as the next meeting at SFPS is in March.

Maria Cristina Lopez reported that at Capital High School she learned there were monolingual students who weren't getting any help with the language. She attended a meeting with the counselors today and she was told that it isn't that they don't get help; it is that what they are getting isn't sufficient. She learned that there are at least 300 English deficient learners. It is a spectrum from not knowing any English or those who are not immersed in the language. One of the counselors said that since Xmas they have gotten 8 new students. This is high school and they don't know a word of English. They get 2 periods of English a day and that is what they will continue to get until they are English proficient. They are trying to bring bi-lingual tutors who can go in the classes to translate for the students.

Mr. Sanchez said that they are targeting 3rd and 4th graders who are only 27% proficient in English right now. The Children and Youth will be reviewing applications for awards and if there was a non-profit that could provide this tutoring, he believes the Commission would consider that. The agency can apply anytime throughout the year.

We need to do these recommendations for the SFPS on the – we need to create recommendations.

- **Social Media & Communications**
Jewel Cabeza de Vaca: Reported that she is doing all that she can as a one-person committee with the help from Chris Sanchez. Her goal is to continue to get things going, to make the presentations better and to provide all new information in a timely manner. She also encouraged all members to send their bios in to Mr. Sanchez for the website.
- **Refugee Resettlement**
No Report
- **Police Department**
Officer Sanchez will take back information from this meeting to Deputy Chief Padilla once the letter is received from Chris Sanchez.

7. **Comments from the Chair and Committee Members**

Ms. Diaz: The Mayor and various city councilors are putting together the Municipal Drug Strategy Task Force in order to create a holistic approach to dealing with drug use, drug addiction in our community and all the harms that are associated with in in our community. She mentioned this because SOMOS has agreed to help the Drug Policy Alliance put together groups of immigrants, with focus groups to talk about their ideas and she has sat in on some of these groups. She is surprised to hear some of the things from our community, especially around opioid use as there is this perception that immigrants don't use opioids and that was not what people were saying. She has heard this from police, that this is not the problem but it is becoming a problem in our community for a lot of different reasons. Point being, it is not just immigrants, it is law enforcement, it is providers, it is everyone. Ms. Diaz said she wanted to make sure the committee members knew about it so that all providers who work with immigrants could come and provide voices, not just community voices. It is great to have community voices, but there is a broad spectrum of voices. The reason it was triggered to mention it rights now is because as we hear that the kids don't have anything to do, and that they are not learning and that they just hang out. Idleness that people in the community and these focus groups are really talking about. How do we plug in to other focus groups to let them know this is happening?

Mr. Sanchez is compiling a list and he will get it to the City so that before this administration leaves they can get these individuals appointed. Mr. Sanchez is staff liaison to this group. Emily Kaltenbach (Director, NM Drug Policy Alliance) is going to Chair this group and wants to break in to sub-committees and that is when the sub-committees will start reaching out to the community.

Ms. Diaz requested that someone from the Drug Police Alliance come to the Immigration Committee to talk about it. Mr. Sanchez said that he has additional information and wasn't prepared to talk in detail tonight but will place this on next month's agenda.

Ms. Guerrero said that the SFPS system needs to know the complexity of the immigrant population. The students are not just objects, they have a story behind them and the history behind them is part of the difficulties. The school system is a little rigid but not equitable in helping the students progress.

8. Report from Staff

Website: There are bio's missing from some members of the Immigration Committee, please send to Mr. Sanchez.

Payment has been resolved for the Welcoming Communities.

Mr. Sanchez noted that Alejandra Seluja has spoken with him and that she will not seek re-appointment after her term expires in March. There will also be 2 Vacancies that need to be filled.

Next Meeting: Due to the Mayoral election, the meeting will be forwarded to the following week.

9. Adjournment

There being no further business to come before the Immigration Committee, the meeting was adjourned at 6:15 pm.

La noche del lunes 29 de enero como a las 9:30 tocaron a mi puerta y cuando abrí no había nadie. Al día siguiente, martes 30 por la mañana dos amiguitos de mi hijo a los que les doy raid a la escuela tocaron la puerta y vimos un mono de peluche pero no le pusimos atención, hasta que al salir nos dimos cuenta de que tenía el nombre de mi hijo Ian y le dije que lo recogiera, que era para el porqué tenía su nombre. El monito de peluche estaba roto de su espalda con un papel adentro y le dije a lo mejor es de una niña que te lo dejó. Mi hijo abrió la nota que decía en Inglés "Ian te voy a matar, Freddy" Mi hijo se asustó mucho y me dijo "mamá, tengo miedo" les pregunté a mi hijo y a sus amiguitos si sabían quién era Freddy y me dijeron que no sabían. Los dejé en la escuela y yo me fui a trabajar y después de comentarle a varias personas me aconsejaron llamar a la policía.

El viernes 2 de febrero a las 11:29, decidí hacer la llamada al 911 y me dijeron que me iban a mandar a alguien. A las 2:06 pm me llamaron de un numero privado preguntando en Español si necesitaba hacer un reporte y les explique lo que había pasado y me dijo el oficial (se me olvido su nombre) que en media hora estaría ahí. Se hicieron las 3:21pm, me volvieron a marcar de un numero 13042- era una mujer policía preguntando si yo hablaba Inglés o que si había alguien que hablara Inglés en la casa y le dije que mi hijo y me preguntó qué cuantos años tenía y le dije que 8 y me dijo que esperara 30 minutos y que irían a mi casa.

Yo tuve que salir a las 5:05 a comprar un *Money Order* para pagar mi renta y deje mi teléfono en mi carro y me llamaron 2 veces del numero 12207, intenté marcarles de vuelta pero la llamada no entro. Yo creo que a lo mucho, estuve 20 minutos fuera de mi casa. Me imagino que si hubieran ido a mi casa me hubieran dejado una tarjeta con algún número para yo poder llamarles, pero no fue así. Mi puerta tiene un clip para dejar cosas.

Exhibit B

Report & Recommendations from Welcoming Communities Subcommittee

RE: implementation of Resolution No. 2017-19

Submitted for February 13, 2018 Immigration Committee Meeting

Title of Resolution No. 2017-19:

Making policy changes to safeguard residents' sensitive personal information, reaffirming the City of Santa Fe's commitment to human and civil rights, the established rule of law, and its status as a welcoming community for immigrants and refugees; and directing the city manager and city attorney to assess the city's legal rights and responsibilities under applicable law.

Key requirements of the resolution:

1. Policies will be communicated to city employees regarding confidentiality, no status inquiry, no ICE access without a judicial warrant, non-REAL ID credential acceptance, no e-verify, etc. in accordance with Human Resources Department policies.
2. City Manager shall undertake a review of language barriers throughout city government, identify future needs, and report to City Council for inclusion in future budget proposals (60-90 days).
3. City Manager shall present a plan to work with community groups to provide outreach and education regarding civil rights and new confidentiality policies.
4. City Manager shall provide Governing Body updated policies and procedures regarding U-Visa certification (60-90 days).
5. Governing Body will support formation of a working group with other local governments and stakeholders to provide protection and support to immigrant workers, families & youth.

Report & recommendations for further action:

1. Training

We recommend that the new Human Resources and Development Specialist attend an Immigration Committee meeting and share training materials and/or staff directives relating to the new policies under Resolution No. 2017-19 for review by Committee members. We made this request for the Feb. 13th meeting.

We also recommend that the Immigration Committee organize and present a training/briefing to city police officers regarding basic immigration laws, changes in federal and state policies impacting Santa Fe's immigrant residents, etc. We have previously made this recommendation, and are looking forward to working with our SFPD liaison to proceed.

2. Language access

The City Manager's January 10th report to the City Council (attached) did not include a comprehensive assessment of language access needs throughout city government. It is our recommendation that the city secure the services of an independent contractor to assess language barriers and needs and to recommend translation and interpretation priorities.

This contract should include, at a minimum, an evaluation of existing language services, needs for additional translation and interpretation services in city departments, especially those that interface most with the general public, information about what language services similarly sized cities provide to multilingual residents (cities in NM and other states should be included), and what federal and state laws require for language access compliance. Areas of interest for assessment include:

- a. Business license documentation and other written information provided by the City's Office of Economic Development
- b. Public safety (fire, SFPD, etc.)
- a. City attorney's office, specifically wage complaint correspondence
- b. Municipal court documents
- c. Parks and Recreation communications
- d. Senior citizen services
- e. Airport, transportation and parking
- f. Webpage
- g. Interpretation when needed (council meetings, committee hearings, wage investigatory interviews, etc.)

Before presenting the assessment to the City, we recommend that the contractor confer with the Immigration Committee for input.

The Welcoming Communities Subcommittee would also like additional information about the pay incentive program for bilingual employees mentioned in the City Manager's January 10th update. What does the program currently look like? What is its budget? How many employees are receiving these incentives, and in which departments do they work?

3. Community education and outreach

Although the City Manager's January 10th report stated that social media and website plans are underway to promote new city policies and inform residents about their rights, we recommend additional outreach (based on ideas generated at a community stakeholder meeting that took place in April, 2017). Additional outreach should include:

- a. Written information regarding new privacy policies and civil rights should be made available at city buildings and in city newsletters.
- b. Information should be provided to business when renewing licenses regarding new city policies, as well as civil rights.
- c. Brochure with information about confidentiality and non-discrimination policies should also be included in an H2O bill.
- d. Information should be provided via social media, city website and immigration committee webpage (this is already underway by social media subcommittee).
- e. PSA's on radio and on city's TV station regarding new policies and civil rights.
- f. City-sponsored presentations for business groups and local service providers regarding rights during workplace raids in partnership with local advocacy groups.

- g. Information should also be provided in other languages or at least with phone number for interpretation services.
- h. In city grants to organizations, conditions should include training regarding city nondiscrimination and nondisclosure policies.
- i. Funding should be available to groups that provide information, workshops and presentations regarding civil rights to residents of Santa Fe.
- j. City should work with local groups to sponsor and host civil rights forums.

4. U Visa certification policy

The final U-visa policy was presented to the Immigration Committee on September 19, 2017 and to the Governing Body on January 10, 2018. A contract was also signed in June, 2017 between the City and Solace Crisis Treatment Center for Sheila Lewis to continue as a full-time Domestic Violence & Sexual Assault Coordinator with an amended scope of services. The scope of services now includes (upon request by the Police Chief): reviewing requests for Nonimmigrant Status Certification (Form I-918B), making recommendations to the SFPD regarding certification requests, communicating acceptance and denial to petitioners with information regarding rationale for denials, keeping records of requests, and making mental health and legal services information available to victims. Scope of services is attached.

5. Intergovernmental working group

Sponsoring councilors are currently working with the Welcoming Subcommittee to host an initial meeting with representatives from SFCC, Santa Fe County, SFPS, and other community partners. Items for discussion will include what services and policies do these stakeholders currently have, what additional resources are needed (i.e. immigration 101 and myths and facts workshops, civil rights presentations, information for businesses, changes/updates regarding federal and state immigration policies and enforcement priorities, etc.), and what are potential opportunities for information sharing and collaboration.

City of Santa Fe, New Mexico

memo

DATE: December 27, 2017
TO: Governing Body
VIA: Brian K. Snyder, City Manager *BKS*
FROM: Chris Sanchez, Interim Community Services Department Director

ITEM AND ISSUE:

In a follow-up to Resolution No. 2017-19, Making policy changes to safeguard residents' sensitive personal information, reaffirming the City of Santa Fe's commitment to human and civil rights, the established rule of law, and its status as a welcoming community for immigrants and refugees; and directing the city manager and city attorney to assess the city's legal rights and responsibilities under applicable law.

BACKGROUND AND SUMMARY:

On September 25, 2015, Mayor Javier Gonzales signed onto the White House's "Building Welcoming Communities Campaign." The White House has partnered with local communities to strengthen immigrant integration efforts. The President called on local communities to act on a set of principles to build inclusive, welcoming communities that allow all residents to thrive and advance integration efforts in three core areas: civic, economic, and linguistic integration.

In July 2016, after undergoing quarterly technical assistance training, on how to build a "Welcoming Community" with the White House's technical assistance team, the Immigration Chair and City Liaison started working on the framework needed to implement an efficient and successful plan. In an effort to utilize the Immigration Committee to its fullest potential, the Chair decided upon creating subcommittees to meet the framework developed by the Welcoming Communities technical assistance experts. During the August 2, 2016 Immigration Committee meeting, the committee approved the subcommittees and members assigned to each committee. (Subcommittees attached). At the October 4, 2016 Immigration Committee meeting, the subcommittees began reporting on each of their assigned subcommittees and have continued this update at all regularly scheduled meetings.

On February 22, 2017, Resolution No. 2017-19 was passed, approved and adopted by the City Council.

As a follow-up to Resolution 2017-19, the following is an update to each required section within the Resolution:

City of Santa Fe, New Mexico

memo

- No employee of the City of Santa Fe shall make or initiate any inquiry regarding the immigration status of any person, except as required by law, including, without limitation, to determine eligibility for City employment or for a federal benefit or program administered by the City.

Update:

- In September 2017 a newly established Human Resources Trainer and Development Specialist was hired. For new City employees, this topic will be presented at every new employee orientation. For existing City employees, this topic will be presented at annual training sessions that are currently being developed and implemented.
