

Agenda

PUBLIC UTILITIES COMMITTEE MEETING

WEDNESDAY, SEPTEMBER 5, 2018

Parks & Recreation Division – Bldg. C

1142 Siler Road

Regular Meeting – 4:00pm

1. CALL TO ORDER
2. ROLL CALL
3. APPROVAL OF AGENDA
4. APPROVAL OF CONSENT AGENDA
5. APPROVAL OF MINUTES FROM THE AUGUST 1, 2018 PUC MEETING

CONSENT – ACTION CALENDAR

6. Monthly Update of Capital Improvements Projects. (Shannon Jones)
7. Update on Current Water Supply Status and Drought, Monsoon and Storage. (Nick Schiavo)
8. Water Conservation Program Scorecard Update for August 2018. (Christine Chavez)
9. Environmental Services Division Monthly Update. (Shirlene Sitton) **VERBAL**
10. Request for approval of Bid Award No. '18/44/P to Carollo Engineers, Inc. for the Aeration Systems Improvements Design Project – CIP # 957 for the Wastewater Management Treatment Facility for the amount of \$709,286 inclusive of NMGRT. (Alan MacGregor/Shannon Jones)
 - a. Request for approval of a Budget Adjustment Amendment for the amount of \$709,286.

Public Utilities Committee – 9/5/2018

Finance Committee – 9/17/2018

City Council – 9/26/2018

RECEIVED AT THE CITY CLERK'S OFFICE

DATE: 08/29/2018

TIME: 8:49 AM

11. Request for approval of procurement of service, repairs and equipment from Veolia Water Technologies, Inc. (dba Kruger Water Technologies) for the Wastewater Treatment Plant over \$50,000 exclusive of NMGRT. (Efren Morales)

Public Utilities Committee – 9/5/2018

Finance Committee – 9/17/2018

City Council – 9/26/2018

12. Request for approval of Amendment No. 2 to the original PSA # 16-0984 with Purcell Tire to retread for the amount of \$300,000. (Lawrence Garcia)

Public Utilities Committee – 9/5/2018

Finance Committee – 9/17/2018

City Council – 9/26/2018

MATTERS FROM THE PUBLIC

MATTERS FROM THE CITY ATTORNEY

MATTERS FROM STAFF

MATTERS FROM THE COMMITTEE

NEXT MEETING: Wednesday, October 3, 2018 at City Council Chambers

ADJOURN

TOUR OF ENVIRONMENTAL SERVICES DIVISION (Immediately following meeting)

PERSONS WITH DISABILITIES IN NEED OF ACCOMODATIONS, CONTACT THE CITY CLERK'S OFFICE AT 505-955-6520, FIVE (5) WORKING DAYS PRIOR TO THE MEETING DATE.

**PUBLIC UTILITIES COMMITTEE MEETING
PARKS AND RECREATION DIVISION - BUILDING C
1142 SILER ROAD
WEDNESDAY, SEPTEMBER 5, 2018, 4:00 PM**

1. CALL TO ORDER

The meeting of the Public Utilities Committee was called to order at 4:00 pm by Chairman Councilor Christopher Rivera, at the Parks and Recreation Division, Building C, 1142 Siler Road, on Wednesday, September 5, 2018, Santa Fe, New Mexico.

2. ROLL CALL

Members Present:

Councilor Christopher Rivera, Chair
Councilor Peter Ives
Councilor Renee Villarreal
Councilor Joanne Vigil-Coppler
Councilor Carol Romero-Wirth

Members Absent:

Others Present:

Shannon Jones, Wastewater Management Division
Stephanie López, Public Utilities Department
Marcos Martínez, Assistant City Attorney
Joe Eiger, Eldorado 285 Recycling and the Sierra Club
Elizabeth Martin, Stenographer

NOTE: All items in the Committee packet for all agenda items are incorporated herewith to these minutes by reference. The original Committee packet is on file in the Public Utilities Department.

3. APPROVAL OF AGENDA

MOTION A motion was made by Councilor Ives, seconded by Councilor Vigil-Coppler, to approve the agenda as presented.

VOTE The motion passed unanimously by voice vote.

4. APPROVAL OF CONSENT AGENDA

Councilor Ives pulled items 6,7 and 10 for discussion.

Councilor Vigil-Coppler pulled item 9 for discussion.

MOTION A motion was made by Councilor Ives, seconded by Councilor Vigil-Coppler to approve the consent agenda as amended.

VOTE The motion passed unanimously by voice vote.

**5. APPROVAL OF MINUTES
AUGUST 1, 2018**

MOTION A motion was made by Councilor Ives, seconded by Councilor Vigil-Coppler, to approve the minutes as presented.

VOTE The motion passed unanimously by voice vote.

CONSENT CALENDAR LISTING

6. MONTHLY UPDATE OF CAPITAL IMPROVEMENTS PROJECTS.

Councilor Ives said he was hoping, in connection with the utilization of the using of methane to generate electricity for the facility, that information could be shared with the Sustainability Commission. Also he spent some time looking at the project updates. There are a lot of projects where it is not clear where we are, such as the first item. How do we do our percentage calculations. Why is the project not more complete than 7.219%. He would be happy to sit down with Shannon to go over the report.

MOTION A motion was made by Councilor Ives, seconded by Councilor Vigil-Coppler, to approve the report.

VOTE The motion passed unanimously by voice vote.

Chair Rivera said make sure, Shannon, that we have all the dates and percentages correct.

**7. UPDATE OF CURRENT WATER SUPPLY STATUS AND DROUGHT,
MONSOON AND STORAGE Nick Schiavo, Source of Supply Manager**

Councilor Ives asked why don't we have more recent figures on this. This indicates the stream flow out is .08 CFS at Nichols, but the inflow is 2.8 CFS. Are we building towards our allowed capacity under Article 7.

Mr. Schiavo said the date is incorrect. These are the correct numbers as of August 22nd. Anything we would be using now is from storage from the compact. In this case it was the timing for that day that he looked at as to why it shows we are not

using as much as is coming in. We are on almost every day matching what is flowing in.

Councilor Ives said on page 2 of the memo, there is a line that says water quality has deceased lately.

Mr. Schiavo said that was written by Rick and he probably meant decreased.

Councilor Ives said this indicates that we have recieved 90% of our San Juan delivery. Is there a chance of getting our full allocation this year.

Mr. Schiavo said he did not have those numbers off the top of his head. The City is at 3,300 acre feet to date.

Councilor Ives said the storage in Heron, our annual allocation is 5,230 acre feet, but it says here we have over 9,000 acre feet.

Mr. Schiavo said Rick could answer that. This is water carried forward over the course of several years. He doesn't think we have ever used the full 5,230 acre feet in a year. We are allowed to store the overages.

Councilor Ives said he will get with Rick independently.

Mr. Martinez said it is carry over storage from last year. We keep the water as high as possible to reduce water loss in transportation and evaporation. We also coordinate with Albuquerque on the leases and that is part of the reason there is such a pool in Heron. We will be moving 15,000 acre feet to Abiquiu.

Councilor Romero-Wirth said it says these reservoir are expected to be functionally empty very soon. What is the prognosis for them next year. Are we going to be starting next year with little to no water.

Mr. Schiavo said no. Hopefully we will get more water from the monsoons. We can use a portion of this water and will likely start again in the next few months. We can't predict what we will see in terms of snow pack.

Councilor Romero-Wirth said we really depleted our reservoirs this summer.

Mr. Schiavo said actually very little of what we are using is from snow pack. It was from a large rain event that occurred in September. This is one of 4 sources of supply and it is the cheapest source and the easiest to treat.

Councilor Romero-Wirth asked is there anything noteworthy on these 2 pages.

Mr. Schiavo said he did not think so. Things have worked out nicely for us for the BDD plant. He will have tighter numbers as summer wraps up. The City of Santa Fe is

at 70% of sustainable sources. We used water from the City well field rather than the Buckman field.

Councilor Romero-Wirth said with one of our 4 sources practically depleted it seems like we should be upping our conservation game.

Mr. Schiavo said he would like to make a presentation here on that. It was a rough summer. He was impressed with the town in that we did not see an increase in demand. It was amazing to see how people continued to conserve. They did not use a tremendous amount of water to keep things alive.

Councilor Romero-Wirth said she does not want to be an alarmist, but she wants to keep the pressure on that conservation is really important. All the water people are doing a great job in managing the water. We could be in for a really long drought. If we have a number of years of this we really need to be smart now to be sure we will be okay long term.

Mr. Schiavo said he couldn't agree more. He will come back with numbers and a presentation. He would love for this group and the Mayor to put out a thank you to the town for their continued conservation and mention the incentives again.

Councilor Romero-Wirth said and the fact that we need to continue to realize we live in a dry climate and conservation is important. We have to be cognizant of our water use always.

Councilor Ives asked are we still on track to use 10,000 acre feet this year.

Mr. Schiavo said he thinks we will come in under that. He thinks we are around 6,000 now. In past years we have been in the 8,500 to 9,000 range. He will bring firmer numbers for the next meeting.

Councilor Ives asked in rating the conditions in terms of La Nina and El Nino, would it be possible to put together a short analysis of a statistically significant period of time based on percentages of these 2 coming into existence.

Mr. Schiavo said he can ask Rick to put that together.

MOTION A motion was made by Councilor Ives, seconded by Councilor Villarreal, to approve the report.

VOTE The motion passed unanimously by voice vote.

8. WATER CONSERVATION PROGRAM SCORECARD UPDATE FOR AUGUST 2018.

This item was approved on consent.

9. ENVIRONMENTAL SERVICES DIVISION MONTHLY UPDATE
Shirlene Sitton, Environmental Services Division Director

Ms. Sitton said she wanted to use this opportunity to welcome you to the beautiful Silar Road complex and to thank the Parks Department for allowing us to invade their space. We will have a tour after the meeting. She would like to introduce her supervisors who attended. Leroy Griego is the Commercial Supervisor, David Radman is the Residential Supervisor. They both went with her to a conference in Nashville and both took and passed their certification tests. Levi Romero was recently promoted to Recycling Supervisor, Eric Lucero is the Operations Manager and Stephen Almanzar. She wanted the Committee to meet them.

The Committee welcomed them.

Ms. Sitton said as you know, our Keep Santa Fe Beautiful long time Manager retired. We have hired a new manager whose title is Environmental Programs Manager. She is Carol Branch who was formally with the County. She brings with her an army of volunteers. We are looking to assist more with community gardens and work with the Parks Department as well. We are going to do some major work on the Adopt a Median program and we are starting an Adopt a Road program. We will be working on the entry way project as well. Santa Fe Beautiful is a public/private partnership and their own 501c3.

We lost our outreach person this year. When we get all staffed up we will have a lot of programs coming out.

The biggest issue we have to address as an industry for recycling is more markets. As the contract with Friedman is ending there are a lot more questions. With the new RFP she is stressing that they have good relationships and a solid plan for marketing recyclables and markets. Our RFP just closed for collection technology. We are going to see a maintenance facility and will talk there about our plans for a capital improvement program for our new facility. We have a fleet of 77 vehicles. When we go on the tour we will drive through the yard and she will show you where everything will go.

Councilor Vigil-Coppler asked what is C and G.

Ms. Sitton said Compressed Natural Gas. There was a directive from City Council to change from a diesel fleet to natural gas. It is better for the air and it is cleaner.

Councilor Vigil-Coppler said with the Adopt a Median program she always

wondered with all the rain and turn over they are not keeping them up very well. They are getting the benefit of advertising, but the median does not look good.

Ms. Sitton said we don't have much bandwidth to enforce that. Addressing that problem is an issue that we will be looking at and she does not have an answer for today. The long term checking and maintenance is the issue.

Councilor Vigil-Coppler asked how are they watered.

Ms. Sitton said it depends on the agreement. There are not good long term plans between the City and the Adopt a Median project. Her suggestion is that it only be landscapers who take care of them.

Councilor Vigil-Coppler asked in the meantime, when they are not taken care of, is it permissible for the City to remove their sign.

Ms. Sitton said she thinks so. When Ms. Branch starts she will be tackling that.

Councilor Ives said thank you guys for being at the meeting. We are glad to have you here. With the challenges of Friedman and the international market place a lot of that is being evaluated. Do you know of any programs around the County to reduce items in the stream of commerce as opposed to just recycling on the back side.

Ms. Sitton said those kinds of initiatives exist. There was a special summit at Wastecom to discuss that. It brought together the packaging folks and manufacturing. The urgency is more now, but it is the same conversations we have had with them for the last 20 years. They say they do not need product stewardship laws and fees and that it should be voluntary, but those do not work.

Councilor Ives said we set a goal for recycling for ourselves as we have historically done, but we still have a low percentage. Now, with Friedman not having markets he expects we will be putting some of those recyclables in the land fill. Reducing the recyclable stream is the thing to look at.

MOTION A motion was made by Councilor Vigil-Coppler, seconded by Councilor Romero-Wirth, to approve the report.

VOTE The motion passed unanimously by voice vote.

10. REQUEST FOR APPROVAL OF BID AWARD NO. '18/44/P TO CAROLLO ENGINEERS, INC. FOR THE AERATION SYSTEMS IMPROVEMENTS DESIGN PROJECT - CIP # 957 FOR THE WASTEWATER MANAGEMENT TREATMENT FACILITY FOR THE AMOUNT OF \$709,286 INCLUSIVE OF

NMGRT.

**(A) REQUEST FOR APPROVAL OF A BUDGET ADJUSTMENT
AMENDMENT FOR THE AMOUNT OF \$709,286.**

Councilor Ives said he had to pull this information off of the website. Our agenda on Granicus did not have all the items on the agenda. He would like to request that staff double check what is uploaded to the system and the website.

MOTION A motion was made by Councilor Ives, seconded by Councilor Vigil-Coppler, to approve this request.

VOTE The motion passed unanimously by voice vote.

**11. REQUEST FOR APPROVAL OF PROCUREMENT OF SERVICES, REPAIRS
AND EQUIPMENT FROM VEOLIA WATER TECHNOLOGIES, INC. (DBA
KRUGER WATER TECHNOLOGIES) FOR THE WASTEWATER TREATMENT
PLANT OF \$50,000 EXCLUSIVE OF NMGRT.**

This item was approved on consent.

**12. REQUEST FOR APPROVAL OF AMENDMENT NO. 2 TO THE ORIGINAL PSA
16-0984 WITH PURCELL TIRE TO RETREAD FOR THE AMOUNT OF
\$300,000.**

This item was approved on consent.

13. MATTERS FROM THE PUBLIC

Mr. Eiger said he wanted to thank the City for leading the efforts with the bag Ordinance and the recent issue of plastic straws. He wanted to mention the problem with plastics is becoming greater and greater. We are only recycling a small percentage of plastics nationwide. The Pediatric Doctors Association is recommending that pregnant mothers and small children not eat out of plastic containers and that it is dangerous. Even though we live far from the ocean the plastics get into the Rio Grande and ultimately into the Gulf of Mexico so we are part of that problem. It is a concern of our organization as it is to you.

14. MATTERS FROM THE CITY ATTORNEY

None.

15. MATTERS FROM STAFF

Mr. Jones said there is a National Drive Electric celebration on Saturday, September 8th at the Santa Fe Mall. There is an opportunity to speak if any of you would like to do that. He will email the information to all of you.

16. MATTERS FROM THE COMMITTEE

Councilor Ives said thank you Shirlene for continuing to provide compost and for keeping that information out there.

Councillor Villarreal said she would like to request from Shirlene the numbers regarding earned revenues from the Plastic Bag Ordinance and what it is going towards.

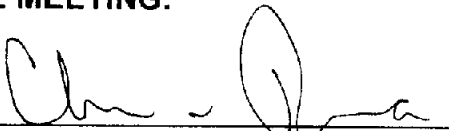

Chair Rivera said he would like to introduce an Ordinance concerning the municipal wastewater system. The proposed Ordinance is attached herewith to these minutes as Exhibit "1".

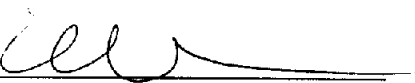

**17. NEXT MEETING
OCTOBER 3, 2018**

18. ADJOURN

Their being no further business before the Committee the meeting adjourned at 5:00 pm.

**TOUR OF ENVIRONMENTAL SERVICES DIVISION IMMEDIATELY FOLLOWING
THE MEETING.**
