INDUSTRIES.**

WHEREAS, Section 25-2.11 SFCC 1987 authorizes the City to adopt water
conservation programs; and

WHEREAS, water conservation technology continues to improve allowing for greater
conservation by high water users even up to 80% by using an advanced laundry water filtration
and recycling process available to the hospitality and lodging industry; and

WHEREAS, the City's economic development plan calls for taking steps to make Santa
Fe the water conservation and clean energy capital of the United States; and

WHEREAS, the City desires to promote water conservation from the business
community and to assist those high water users in achieving the highest level of water
conservation.

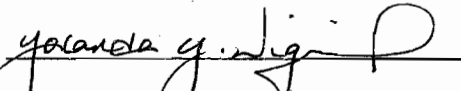

1 **NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE**
2 **CITY OF SANTA FE** that staff is directed to study and make a recommendation to the
3 governing body regarding an incentive program to use state of the art water conservation
4 technology by laundry industries located in community.
