OTHERS PRESENT:

John Alejandro, The Santa Fe Alliance for Clean Energy
Franklin Russell, Earth Day Network

DISCUSSION OF OPPORTUNITIES FOR TECHNICAL ASSISTANCE FROM EARTH DAY NETWORK AS A SPOTLIGHT GREEN CITY

Reviewed list of ideas for projects from other cities provided by Mr. Russell (Exhibit A)

Chair Sopoci-Belknap noted that it may be strategic to pursue projects that have a positive financial benefit that could provide a revenue source for other projects in the future.

Mr. Alejandro reported on the City's participation in the Georgetown Energy Awards.

Ms. Chiochio suggested that it would be strategic to incorporate implementation of projects identified in the Forest and Water Climate Adaptation: A Plan for the Santa Fe Watershed.

Mr. Alejandro suggested that work going forward should address both economic development and education, consistent with stated mayoral priorities.

Chair Sopoci-Belknap suggested using the matrix being developed to determine how projects meet the goals of the Sustainable Santa Fe Plan as a tool in deciding projects for this and other efforts of the Commission.

All agreed to continue to explore options. Mr. Russell agreed to send other project ideas that seemed to meet the goals heard during the meeting.

ADJOURNMENT

Having no further business to discuss, the meeting adjourned at 10:00 p.m.
