

Municipal Tree Board Goals for 2019

1. Determine how to generate publicity for Arbor Day celebration
 - a) Identify and work with PARC & community organizations.
 - b) Ask a city councilor to make a proclamation.
 - c) Request that the Parks Dept. create publicity.
2. Educate the governing body and the public on urban forest subjects.
 - a) Bring education component to Arbor Day event and other community events such as Earth Day and Community Day.
 - b) Review existing documents concerning tree selection and care.
 - c) Circulate tree information to nurseries and landscaping companies.
3. Develop a Tree Care Ordinance that is in alignment with Sustainability 2040. Submit Ordinance to PARC, City Council.
4. Gather information on threats to urban forest. Consider avenues to disseminate information.
5. Work with city departments
 - a) Monitor Parks Dept. website to determine that the updated tree and woody plants lists are added to under the heading of Recommended Trees and Woody Plants for Santa Fe.
 - b) Check with Land Use Dept. to verify that the updated plant lists are being distributed.
 - c) Review city's Land Use Code regarding tree information.
 - d) Ask that the tree inventory currently on the Master Gardener website to be added to the Parks Dept. website.
