Procedure to Minimize Spread

If the City of Santa Fe identifies a child who tested positive for COVID-19 we will take the following steps:

- **The City will immediately notify local health officials.**
- **The City will notify the parents of those affected.**
- **The camp director will inform those who have had close contact with a person diagnosed with COVID-19 to stay home and self-monitor for symptoms and to follow CDC guidance if symptoms develop. If a person does not have symptoms, CDC guidance for home isolation should be followed.**
- **Children in the same camp group and staff who are in close contact with the affected camper will be asked to stay home 10 days after the last known contact of those affected. The City will work with the local health officials to determine appropriate next steps, including whether an extended dismissal duration is needed to stop or slow the further spread of COVID-19.**
- **In the case of a confirmed case, the CDC recommends the child not return until isolation period is over or authorized by a medical professional**
