</table>
| **A2**  | - Minimal change which reduces voter confusion  
- Straightens boundary between Districts 2 and 4 along Yucca compared to current districts  
- Spreads some high growth areas into two districts  
- Keeps neighborhoods on both sides of Airport Rd together | - Population deviations do not account for future growth  
- Does not hold Cerillos as a boundary between Districts 3 and 4 all the way to I-25  
- Splits Roadrunner West HOA between Districts 3 and 4 and Via Caballero Subdivision Association between Districts 2 and 4 | None | No | 2 | Reock: 0.32  
Polsby-Popper: 0.26 |
| **A3**  | - Each district retains its core which reduces voter confusion  
- Spreads high growth areas into two districts  
- Higher negative deviations in districts likely to see population growth  
- Keeps neighborhoods on both sides of Airport Rd together | - Splits Historic Neighborhood Association and Don Gaspar Neighborhood Association between Districts 1 and 2 | None | Splits a precinct between Districts 3 and 4 | 2 | Reock: 0.35  
Polsby-Popper: 0.30 |
| **A3 Modified** | - Each district retains its core which reduces voter confusion  
- Spreads high growth areas into two districts  
- Higher negative deviations in districts likely to see population growth  
- Keeps neighborhoods on both sides of Airport Rd together  
- Does not split Precinct 174 as compared to A3 (only minor modifications are made to A3) | - Splits Historic Neighborhood Association and Don Gaspar Neighborhood Association between Districts 1 and 2  
- Splits Roadrunner West HOA between Districts 3 and 4 | None | No | 2 | Reock: 0.35  
Polsby-Popper: 0.29 |
| **B**   | - Provides an alternate conception of the orientation of districts 3 and 4 | - Puts high growth areas in one southside district | Incumbents from District 3 | No | 2 | Reock: 0.28  
Polsby-Popper: 0.26 |
| • Keeps neighborhoods north of Airport Rd together  
| • All boundaries along major thoroughfares/features | • Significant change to existing districts 3 and 4  
| | • Splits Candlelight Neighborhood Association between Districts 2 and 3  
| | • Slightly less compact than other concepts |  
| and District 4 paired in District 3 |
