**3. APPROVAL OF AGENDA**

**Ms. Van Peski moved to approve the Agenda as published. Mr. Thompson seconded the motion. The motion passed unanimously by voice vote.**

#### **4. APPROVAL OF MINUTES:**

- **Meeting of January 12, 2017**

Ms. Van Peski noted that she provided a couple of minor changes to the Minutes to the Stenographer.

**Mr. Thompson moved to approve the Minutes of the January 12, 2017 meeting as amended. Ms. Veneklasen seconded the motion. The motion passed unanimously by voice vote.**

#### **5. DISCUSSION AND ACTION ITEMS**

- A. Request to add the following as an eligible project to the *Impact Fee CIP 2020* (“Planned Major Road Improvements” Table 80, page 77):

Project Name: Paseo del Sol Extension  
Location: Connection of Paseo de Sol and Paseo del Sol West  
Cost Estimate: \$7,000,000

(Copies of the Resolution Amending Table 80 of the *City of Santa Fe Impact Fee Capital Improvements Plan 2020* regarding planned major road improvements and adding “Paseo del Sol Extension” as an eligible project to Receive “Roads” Impact Fees {*Exhibit 5A*} were distributed in the Members’ Packets.)

Chair Swisher asked who would be speaking these items.

Mr. Liming said Matt O'Reilly would be talking about the items.

Mr. O'Reilly said both agenda items (5A and 5B) are simply to add them as eligible projects to the *City of Santa Fe Capital Improvements Plan 2020*. The first item is to add the remaining portion of Paseo del Sol to the Plan.

He noted that Mr. Liming has provided a map of the connection point for Paseo del Sol, which was built as part of Phase 1A of Tierra Contenta. This will connect the two portions of Paseo del Sol, completing the link and creating another way to get through Tierra Contenta and up to Cerrillos Road. This is the purpose for the first action item on the agenda.

Mr. Liming added that this is according to the Tierra Contenta Master Plan.

Mr. O'Reilly said the loop connection is part of Phase 3 of Tierra Contenta, which will be the final portion. He noted that Phase 3 has over 2000 housing units.

#### **Questions/Discussion:**

Mr. Martinez asked if the Committee funded this a couple of years ago.

Mr. Liming said that was Herrera Drive.

Mr. Martinez asked if this will connect to that.

Mr. Liming said yes, it will.

Mr. Martinez said one of his concerns about this is the build out at Wal-Mart because there is a lot of traffic coming out of there where CHRISTUS St. Vincent is.

Mr. O'Reilly said the link from Herrera Drive through the round-about that Mr. Martinez referenced was built with Impact Fees monies as part of the Nina Otero School project, which Paseo del Sol Loop will connect to.

Mr. Lucero noted that the interchange on Jaguar Drive was built with private money and if so, has that been turned over to the City and does it belong to the City.

Mr. O'Reilly said they could jump to the next agenda item.

Chair Swisher suggested that the Committee address this agenda item first. He asked if there were any more questions on Paseo del Sol.

Chair Swisher asked if there were a specific amount of funds being requested at this time.

Mr. Liming said no, the amounts you see on the CIP document are just place holders for what they think the project might cost. The total estimated project costs are for planning purposes only.

**Ms. Van Peski moved to approve the request to add the Paseo del Sol Extension project as an eligible project to the Impact Fee CIP 2020. Mr. Thompson seconded the motion. The motion passed unanimously by voice vote.**

**B. Request to add the following as an eligible project to the *Impact Fee CIP 2020* (“Planned Major Road Improvements” Table 80, page 77):**

Project Name: Jaguar Drive/Airport Extension  
Location: Extension west of NM 599 to Santa Fe Municipal Airport  
Cost Estimate: \$1,700,000

(Copies of the Resolution Amending Table 80 of the *City of Santa Fe Impact Fee Capital Improvements Plan 2020* regarding planned major road improvements and adding “Jaguar Drive Airport Extension” from the west side of the NM599/Jaguar Drive interchange to Aviation Drive at the Santa Fe Municipal Airport as an eligible project to Receive “Roads” Impact Fees {*Exhibit 5B*} were distributed in the Members’ Packets.)

Mr. O'Reilly said 5B is related to what Mr. Lucero was talking about. He said this interchange was built by private funds at a cost of \$6 million (at the last he heard) and the road they are talking about adding to the ICIP list is the road from the western side of that interchange to the Santa Fe Airport.

Mr. O'Reilly explained that the City is investing a lot of money in the Airport, which is a major economic development driver for the City. He said the City recently approved an Airport Master Plan as required by the FAA and the Airport Advisory Board, members from the public, as well as certain senior staff from the City were involved with that. He noted that one of the major things the Airport Advisory Board is looking for is an improved connection to the Airport. This would be a major new connector road from the interchange to the Airport which would make this connection possible.

He said similar to the previous agenda discussed, this would be adding the road to the Impact Fee CIP 2020 list.

Mr. Givens asked what is happening to Jaguar on the east side of that extension because it is not completed.

Mr. O'Reilly said the final connection from Jaguar to the east side of the interchange is under construction and is expected to be completed by the end of June. This includes finishing the paved access road to the City's southwest area park, known as SWAN Park. All of the road improvements are supposed to be finished by the end of June.

Mr. Lucero asked if the road that Richard Cook built has been acquired by the City.

Mr. O'Reilly said no, the interchanged will continue to be owned by the State of New Mexico Department of Transportation. It is a state highway facility.

Mr. Lucero asked if they would be abandoning the existing arteries when they get a new entrance to the Airport.

Mr. O'Reilly said the plan is for the existing road to the Airport (Aviation Drive) to become sort of a secondary service route but not the main entry to the Airport.

Chair Swisher asked if there were any more questions and there were none. He asked for a motion for agenda item 5B.

**Mr. Thompson moved to approve the request to add Jaguar Drive/Airport Extension project as an eligible project to the *Impact Fee CIP 2020*. Ms. Van Peski seconded the motion. The motion passed unanimously by voice vote.**

## **6. INFORMATION ITEMS**

### **A. Quarterly Financial Summary and Permit Report (January - March 2017)**

[Copies of the Quarterly Financial Summary & Permit Report {*Exhibit 6A*} were distributed in the Members' packets.]

Mr. Liming reviewed Exhibit 6A noting that in the last quarter (January through March 2017), the City brought in a total of \$196,676.00 in impact fees: \$150,752.00 in Roads impact fees; \$29,735.00 in Parks impact fees; \$4,790.00 in Police impact fees and \$11,399.00 in Fire impact fees. The available balances in the various funds as of April 1, 2017, are as follows: Roads

Fund: \$1,303,857.14; \$405,165.54 for Parks Fund; \$142,037.42 for Police Fund and \$108,553.67 in the Fire Fund, for a total of \$1,959,613.77 in Impact Fees.

Per the Committee's request, Mr. Liming provided a list of permit codes and an explanation of the codes. A copy is attached with *Exhibit 6A*.

Mr. Liming asked if there were any questions on the Quarterly Financial Summary and Permit Report.

Mr. Martinez asked how many Affordable Housing Units were built in the last quarter.

Mr. Liming said he did not have this information available now but he will email the Committee Members the information. \*Of note, he sent out an email to the Committee Members on May 15<sup>th</sup> that included this information. There were 5 housing units approved as "affordable" which were not assessed nor charged impact fees.

**B. Las Soleras – Impact Fee Exemption & Credit Agreement-Update**  
**i. Park Impact Fee Exemption (Pulte) – Tracking Sheet**

[Copies of the Residential Permit Activity – Pulte (Las Soleras) Park Impact Fees waived in exchange for Park Development Dedication Land Development Code 14-8.15 (C) (6) {*Exhibit 6B*} were distributed.]

Mr. Liming explained that the City might not see the level of impact fees come in for Pulte (Las Soleras) because there is a Road Impact Fee Credit Agreement. They are building some of the roads and getting credit on some of the Road Impact Fees. Pulte will also not pay Park Impact Fees because they are also going to build a park. In the last quarter, Pulte was exempted \$26,449 in Park Impact Fees and in 2017, 24 housing permits were issued to Pulte.

Ms. Martinez mentioned that the Park is already under construction and it will be built in three different phases. She explained that the City is getting a great benefit from this because the value of the Park far exceeds the amount of Park Impact Fees that they would have paid.

**ii. Road Impact Fee Credit Agreement – Tracking Sheet**

[Copies of the Road Impact Fee Tracking Sheet were distributed in the Members' packets. A copy is attached with *Exhibit 6B*.]

Mr. Liming referred to the page entitled "*Las Soleras -Road Impact Fee Credit Worksheet*". He said the Worksheet shows the various developments and their dates so far that have come forward with permits to the City and have been given credit against their Road Impact Fee. The Road Impact Fee Credit Balance as of December 2016 was \$90,388.00. He noted that Pulte is required to go before the Governing Body for potential future Road Impact Fee Credits.

Mr. Liming noted that he sent an email to the Committee Members on January 23, 2017 regarding Impact Fee Comparisons. An article in the Albuquerque Journal stated that the City of Rio Rancho, as part of their 5-Year Update, was considering lowering non-residential impact fees by 30% (effective January 2018 through January 2022) to be more competitive with the City

of Albuquerque's fees. The email included a comparison of the cities and the City of Santa Fe's non-residential impact fees. The number in the parenthesis is what is being proposed for Rio Rancho's new non-residential impact fees.

Mr. Liming said the Committee should keep in mind that the City established the latest fee schedule at 70% of the maximum that the Consultant Study stated that the City could have enacted.

Mr. Martinez asked how the City's residential impact fees compare with the residential impact fees charged by the City of Albuquerque and the City of Rio Rancho.

Mr. Liming offered to research this and let the Committee know and he provided this information in his email on May 15<sup>th</sup>.

## **7. MATTERS FROM THE COMMITTEE / STAFF**

There were no matters from the Committee or staff.

## **8. MATTERS FROM THE FLOOR**

There were no matters from the floor.

## **9. NEXT QUARTERLY MEETING DATE:**

The next quarterly meeting is scheduled for July 13, 2017 at 3:00 p.m.

## **10. ADJOURNMENT**

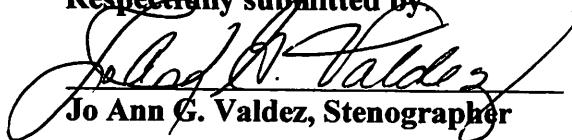

Having no further business to discuss, Mr. Thompson moved to adjourn the meeting, and seconded by Mr. Givens, the meeting adjourned at 4:00 p.m.
