There is no expense or revenue associated with this phase of the project as the outcome is to determine the feasibility of a land donation. The resolution does not obligate the city to commit any resources or to any future phases of the project at this time.

Section D. General Narrative

1. Conflicts: Does this proposed bill/resolution duplicate/conflict with/companion to/relate to any City code, approved ordinance or resolution, other adopted policies or proposed legislation? Include details of city adopted laws/ordinance/resolutions and dates. Summarize the relationships, conflicts or overlaps.

This resolution is a follow up resolution to Resolution No. 2014-13 which required a sites analysis be completed by Creative Santa Fe to identify potential sites for the Arts + Creativity Center.

2. Consequences of Not Enacting This Bill/Resolution:

Are there consequences of not enacting this bill/resolution? If so, describe.

Without proper due diligence, the financial feasibility of the project cannot be adequately gauged. Also, the due diligence will provide information for developing a more favorable application for Low Income Housing Tax Credits which is critical to ultimately financing the project.

3. Technical Issues:

Are there incorrect citations of law, drafting errors or other problems? Are there any amendments that should be considered? Are there any other alternatives which should be considered? If so, describe.

Staff is not aware of any other considerations.

4. Community Impact:

Briefly describe the major positive or negative effects the Bill/Resolution might have on the community including, but not limited to, businesses, neighborhoods, families, children and youth, social service providers and other institutions such as schools, churches, etc.

The actions called for in the resolution will not affect the community in any way as they are limited exclusively to an analysis of current conditions and a proposal for effectively structuring a land donation. The point at which the land donation is considered will be subject to the city's public review process and any adverse impacts will be identified and discussed with the public's involvement at that time.
