The 2019 annual Action Plan for the City of Santa Fe is amended to describe proposed uses of CARES Act funding in the amount of \$581,333.

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The 2019 Annual Action Plan for the City of Santa Fe is proposed for amendment to describe proposed uses of CARES Act funding in the amount of \$581,333. These funds are intended to address health impacts from the COVID-19 pandemic and to complement earlier rounds of Cares Act funding (in the amount of \$361,227) which represents a cumulative total of \$942,560.

An Annual Action Plan is required of any city, county or state that receives federal block grant dollars for housing and community development funding from the U.S. Department of Housing and Urban Development (HUD). There are four types of HUD block grant housing and community development programs: the Community Development Block Grant (CDBG), the HOME Investment Partnerships Program (HOME), the Emergency Solutions Grant (ESG) and the Housing Opportunities for People with AIDS (HOPWA) program. The City of Santa Fe receives approximately \$700,000 in CDBG dollars each year directly from HUD.

There are three components required by HUD to be submitted on an annual basis:

- 1) Consultation and Citizen Participation: the process through which the grantee engages the community in developing and reviewing the plan as well as consulting with partner stakeholders in the implementation of programs. This process is required annually as part of the Annual Action Plan.
- 3) Annual Action Plan: submitted to HUD at the beginning of each funding cycle, the AAP provides a concise summary of the actions, activities, and specific federal and non-federal resources that will be used each year to address the priority needs and specific goals identified in the Consolidated Plan.
- 4) Consolidated Annual Performance and Evaluation Report (CAPER): the annual report submitted to HUD in which grantees report accomplishments and progress toward meeting Consolidated Plan goals in the prior year.

2. Summarize the objectives and outcomes identified in the Plan

The City of Santa Fe's focus over the next year is to improve and sustain affordable housing, rental, homeownership, and economic opportunities for low- to moderate-income households in Santa Fe, as well as address the needs of those experiencing homelessness or at risk of becoming homeless. The City will accomplish this by administering program funds to service providers, supporting collaboration and strategically applying resources to community needs.

HUD identifies three sets of planning objectives and three sets of activity outcomes to guide the Consolidated Plan planning process. All goals are expected to relate directly to these objectives and outcomes as illustrated in the following Goals Table. Objectives include:

- 1) Creating Suitable Living Environments (SL) – relates to activities that are designed to benefit communities, families, or individuals by addressing issues in their living environment. This objective relates to activities that are intended to address a wide range of issues faced by low- and moderate-income persons, from physical problems with their environment, such as poor quality infrastructure, to social issues such as crime prevention, literacy, or elderly health services.
- 2) Providing Decent Housing (DH) – covers the wide range of housing activities that could be undertaken with CDBG funds. This objective focuses on housing activities whose purpose is to meet individual family or community housing needs. It does not include programs where housing is an element of a larger effort to make community-wide improvements, since such programs would be more appropriately reported under Suitable Living Environments.
- 3) Creating Economic Opportunities (EO) – applies to activities related to economic development, commercial revitalization, or job creation.

HUD-mandated outcomes include:

- 1) Availability/Accessibility – applies to activities that make services, infrastructure, public services, public facilities, housing, or shelter available or accessible to low- and moderate-income (LMI) people, including persons with disabilities. In this category, accessibility does not refer only to physical barriers, but also to making the basics of daily living available and accessible to LMI people where they live.
- 2) Affordability – applies to activities that provide affordability in a variety of ways to LMI people. It can include the creation or maintenance of affordable housing, basic infrastructure hook-ups, or services such as transportation or day care. Affordability is an appropriate objective whenever an activity is lowering the cost, improving the quality, or increasing the affordability of a product or service to benefit a low-income household. (For instance, a low interest loan program might make loans available to low- and moderate-income microenterprise businesses at 1% interest, which is far below the market rate. This program lowers the cost of the loan, enabling entrepreneurs to start businesses. As a result, the program makes financing more affordable. Another example might be a subsidized day care program that provides services to low- and moderate-income persons/families at lower cost than unsubsidized day care.)
- 3) Sustainability – applies to activities that are aimed at improving communities or neighborhoods, helping to make them livable or viable by providing benefit to persons of low- and moderate-income or by removing or eliminating slums or blighted areas, through multiple activities or services that sustain communities or neighborhoods

3. Evaluation of past performance

The following bullets outline progress in meeting goals identified in the 2018-2022 Consolidated Plan, almost all of which were met, or exceeded. These achievements are a testament to the strong partnerships the City supports with its nonprofit partners and subrecipient contractors.

- The City's goal for rental housing as stated in the 2018-2022 Consolidated plan was to serve renters earning less than 60 percent of Santa Fe's Area Median Income (AMI). For the 2018-2019 program year, the City allocated the Affordable Housing Trust Fund (AHTF) and Community Development Block Grant (CDBG) funds to rental facility improvements as well as to support services focused on the homeless, those in danger of becoming homeless, and very low-income renters
- City's goal for home ownership housing as outlined in the 2018-2022 Consolidated Plan was to provide comprehensive assistance to low-to-moderate-income homebuyers in the form of mortgage principal reduction assistance to an average of 10 households annually. From 2018-2019, and due to additional program income funds, (22) households were served through end of Q3 (17-Homewise, 5-Housing Trust) with CDBG-funded mortgage principal reduction assistance.

The City's goal for emergency shelters and permanent supported rental housing as outlined in the 2018-2022 Consolidated Plan was to provide {33 permanent beds and/or longer-term units per year.} Approximately 100 shelter beds were provided and 40 transitional living beds were provided.} In 2018-2019 program year, CDBG funds were proposed for services including the Interfaith Women's Summer Safe Haven for a minimum of 180 women (As of Q3: 124 served.) Youth Shelters and Family Services (YSFS) provided services through the Emergency Shelter for children and youth, with 12 beds and an addition of the Cold Weather Shelter with 8 beds. (As of Q3: TLP and Cold Weather Shelter served 128.) The YSFS Street Outreach Program's goal was to serve an approximate minimum of 600 identified youth who utilize the Drop in Center (As of Q3: 244 served.) The Santa Fe Recovery Center, Life Link, SFPS Adelante and YouthWorks provided rental vouchers and emergency utility assistance. (167 served through the Affordable Housing Trust Fund for ELI individuals experiencing homelessness or at risk of homelessness in the community.)

Facilities improvements investments from CDBG funds 2018-2019 totaled \$105,000 (\$10,000 YSFS Security, \$40,000 PMS River Early Head Start, \$55,000 Hopewell Mann Community Clinic). Public Services funding from CDBG funds 2018-2019 totaled \$75,000.

4. Summary of Citizen Participation Process and consultation process

This Amendment #2 to the 2019 Annual Action Plan represents additional funds from the federal Coronavirus Aid Relief, and Economic Security Act (CARES) signed into law on March 27, 2020. Because of the nature of the public health crisis, HUD created waivers to public participation

processes including a reduced public comment period (5 days) and the allowable use of virtual meetings. *Please note that the City has implemented amended public participation processes, according to HUD's allowances, while still focusing on meaningful engagement of residents and stakeholders representing local organizations and coalitions.

The public will have from August 2 – August 11, 2021 to review and comment on the amendment, in addition to four (4) public meetings and one (1) public hearing. The meetings will be held on July 28 (Community Development Commission), August 2 (Finance Committee, 5pm), August 4 (Quality of Life Committee, 5pm), August 9 (Public Works Committee, 5pm) and August 11 (City Council, public hearing, 7pm).

The City of Santa Fe's community participation process focuses upon meaningful engagement of residents and stakeholders representing local organizations and coalitions.

Paper copies of the draft *2019-2020 Annual Action Plan* were placed at all City of Santa Fe Public Library branches; Genoveva Chavez Community Center; Mary Esther Gonzales Senior Center, City Hall (March 22, 2019 to April 24, 2019) for public review complying with the 30-day review period listed in the City's Citizen Participation Plan as adopted by HUD. Advertisements were placed in the *Santa Fe New Mexican* announcing the public review and comment period. The ads stated where the copies are available for review as well as contact information for submitting comments. A press release was issued through the City's Public Information Office with additional information for the public on the availability of the plan and how to submit a comment. One public meetings and one public hearing, as well as a City wide survey on the plan were made available to the public: Community Development Commission public meeting (March 20, 2019); Public Works Committee public meeting (March 25, 2019); Finance Committee public meeting (April 1, 2019); MetroQuest Annual Plan Survey open period (March 22-April 24, 2019); The Santa Fe City Council public hearing (April 24, 2019)

These meetings are open to the public and agendas are available on the City's website. The meetings are conveniently timed and located to encourage participation. The meeting can be made accessible to people with disabilities, including sign language interpretation with prior notice to the City Clerk's office. The meetings are also publicized in languages other than English.

5. Summary of public comments

The majority of public comments regarding affordable housing needs in the City referred to the challenging increase in short-term rentals for tourism, resulting in a decrease in rental units available for residents. A number of verbal and written comments were made regarding the need for more centralized housing development. Additionally, most of the votes cast during CommUNITY days were placed toward an increase in affordable rental development with access to economic centers and public services funding. Topics of comments were addressed in the following plan, where applicable. However, short-term rental regulation is an on-going discussion that is newly on the radar for potential regulatory

change. Though ripe for consideration in the future, more research is required to understand the complex ramifications of the increase in short-term rentals upon tourism, economic development, as well as housing, and best practices in policy regulations to mitigate challenges in this area. Therefore, strategies for addressing this concern are not a part of the Consolidated Plan at this time

Public comments were limited to two speakers at the June 24, 2020 City Council meeting, in addition to comments made by elected officials. No written comments concerning the amended Action Plan, nor comments submitted via telephone were received. Comments focused on general support of the City's efforts to end homelessness and concern that the site at the Midtown Property where the funds will be used isn't an appropriate long term location. Because the City is currently negotiating a Development Disposition Agreement for redevelopment of the site, short term use is the only option. For this reason, the comments were not relevant to changing the City's proposal for using the funds.

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments were accepted and where applicable addressed in the Action Plan.

7. Summary

Amendment #2 to the 2019 Annual Action Plan enables the City of Santa Fe to ensure that its most vulnerable are safely housed and quarantined for the initial stages of the coronavirus pandemic. This effort will further the Office of Affordable Housing's efforts to prevent City residents from falling into cycles of poverty and chronic homelessness, to target low income "at risk" neighborhoods with comprehensive programming interventions, and to work with the larger community to identify ways that community needs can be more effectively and efficiently identified and met with limited community resources.

Over the next program year, the Office of Affordable Housing will continue to work on strategies that prevent the most vulnerable City residents from falling into cycles of poverty and chronic homelessness, target low income "at risk" neighborhoods with comprehensive programming interventions, and work with the larger community to identify ways that community needs can be more effectively and efficiently identified and met with limited community resources.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

Because of the City's partnerships with community-based organizations, much of the consultation about the Annual Action Plan happens within the context of strategic planning, participation in regional collaborations, and within City's organization itself. The City's Community Services Department funds several programs through its Youth and Family Services Division that provide emergency housing, healthcare and social services programs. The Office of Affordable Housing funds programs through CDBG and local funds to support the housing component that is aligned with the human services programming. Both City divisions rely on Strategic Plans to guide funding decisions and ensure that needs are identified and met in a comprehensive manner. All of the City's housing and human services providers work closely with other governmental agencies and health providers to ensure that the provision of housing services is provided hand in hand with wrap around health and social services.

Amendment #1: The City's partner for this proposed project is the NM Coalition to End Homelessness (NMCEH). Because its member agencies are the community's main providers of emergency shelter and supportive services for homeless people, NMCEH is uniquely situated to act as the City's fiscal agent for the disbursement of these funds and will provide ongoing consultation on behalf of its membership. NMCEH will be able to ensure that the services and case management provided at the shelter comprehensively meet the needs of the people staying there. More importantly, NMCEH can assist the City with designing and implementing a longer term system of support services and shelter with the eventual goal of connecting shelter residents with permanent housing.

Amendment #2: The City's partners for the Santa Fe Suites are St Elizabeth Shelter and Community Solutions, a national nonprofit dedicated to ending homelessness. St Elizabeth Shelter is an established local provider of shelter services and operates two shelters: the main shelter (for men) and Casa Familia which houses women and children. Additionally, the organization owns and operates several permanent supportive housing facilities for families and individuals transitioning out of homelessness. Community Solutions is the initial owner of the property and has used its resources to capitalize and finance the purchase of the property. Once stabilized, the ownership of the property will transfer to St. Elizabeth.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

The City's Youth and Family Services Division funds emergency housing and community development programs, social services and supports a juvenile justice program which provides program planning, service integration, data analysis, and program evaluation to ensure that youth are provided alternatives to detention and referral to support services, including housing, as appropriate. The City's partner organizations, YouthWorks, Adelante, and Youth Shelters and Family Services, have provided several

programs to integrate disconnected youth with mainstream educational opportunities, job training and internships, reunification with families, and referral to other support services. Life Link, another City nonprofit partner, provides intake, referral and on-site social services to people with mental illness who are homeless or at risk of becoming homeless. The agency works closely with other governmental, private and nonprofit providers of services, as well as hospitals and correctional institutions to ensure that services are continuous. The City's CDBG allocation, its economic development fund and other local funds have supported several of these initiatives. Some beneficiaries of this funding also are recipients of public housing services. The City's CDBG sub-recipients strive to coordinate with the Santa Fe Civic Housing Authority so that outreach activities and some programming are located at housing authority sites.

Through the NMCEH's efforts to coordinate housing grants and HMIS, and the collaboration of partner agencies that receive funding from the City of Santa Fe's Human Services and Children and Youth funding programs, the vulnerability of discharged patients to becoming homeless is greatly reduced. In September 2017, the City Council approved a resolution establishing a Homeless Task Force that considered specifically these coordinated efforts. The Office of Affordable Housing participated on this task force to ensure that CDBG and other local housing funds are deployed in ways that prevent homelessness.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Through the NMCEH's efforts to coordinate housing grants and HMIS, and the collaboration of partner agencies that receive funding from the City of Santa Fe's Human Services and Children and Youth funding programs, the vulnerability of discharged patients to becoming homeless is greatly reduced.

NMCEH operates a statewide system of coordinated assessment where every homeless family and individual is given an assessment based on the nationally recognized VI/SPDAT (Vulnerability Index/Service Prioritization Assessment Tool). The results of the assessment are used to refer homeless people to the type of housing that best fits their needs and the assessment is used to create a prioritized list with chronically homeless people at the top of the list for permanent supportive housing.

In addition to HUD funds, the City's local funds are used to support Life Link, St. Elizabeth Shelter, and the Interfaith Shelter to provide shelter to homeless people and help them make the transition to permanent housing. Additionally, the City directly supports Youth and Family Shelters through local administrative contracts to provide services to assist unaccompanied youth with securing housing, counseling, job training, and family re-unification when possible. CDBG funds will be used in the upcoming program year to provide expanded hours for the Youth Shelters Drop-in Center which provides food, case management and referral for disconnected youth.

In 2015 City Mayor Javier Gonzales signed on to the Mayor's Challenge to End Veteran Homelessness. Local nonprofits have been meeting monthly with the VA to go over the by-name list of homeless veterans and make sure they are all on their way to permanent housing. In 2016 the City met the requirements of the challenge and has continued to maintain the system that helps any newly homeless veterans quickly access housing through VA, state funded or Continuum of Care resources.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The organizations within CoC that receive ESG funding are The Interfaith Community Shelter and St. Elizabeth Shelters & Supportive Housing. Both organizations work extensively with numerous other service groups in providing assistance to the homeless. Linkage to services include, yet are not limited to Healthcare for the Homeless (medical issues), The Lifelink (housing & counseling), Goodwill (employment and veteran housing), the New Mexico Human Services Department (Medicaid, SNAP and TANF) and the Santa Fe Recovery Center (drug and alcohol treatment). Consumers entering either organization are met with a case manager who assess their needs and assist them in the development of an Individual Service Plan, outlining the goals they wish to accomplish as a client. The case manager then refers them to the appropriate agency(ies) which will best serve their needs. The Interfaith Community Shelter (ICS) is the only minimal barrier shelter in Northern New Mexico and, as such, accepts everyone, regardless of condition or circumstance, including their pets. ICS operates in accordance with US Department of Health and Human Services' strategic action plan and provides Resource Days every Tuesday, Wednesday and Friday, year-round. By creating a "one-stop shop" ICS has incorporated within its design a delivery system that will afford those who are chronically homeless the best opportunities to make the transition from homelessness to stable housing. Resource Partner Providers include those listed above as well as the VA Administration, the Food Depot, Youth Shelters Street Outreach, Street Homeless Animal Project, Upaya Zen Center, Santa Fe Desert Chorale Choir, Legal Clinic, and Homeless Court.

Also, in an attempt to help create systemic change, the Interfaith Community Shelter and St. Elizabeth follow policies and procedures that prioritize work with numerous innovative City and County programs designed to stabilize those individuals who are high utilizers of emergency, police and hospital services. Staff works closely with the CHRISTUS St. Vincent's HUGS program and the Santa Fe Fire Department's Mobile Integrated Health Office (MIHO), proactive approaches for addressing repeat users of the 911 system through a referral/linkage to services process that provides for the mental health and social needs of the consumer that opens the access doors to these needed services on site and in real time.

The sections of the 2019 AAP for the upcoming year are highlighted and emailed for verification or update. Since these organizations deal with these issues on a daily basis, accurate and precise data is provided to inform this plan. The City of Santa Fe has worked with the Santa Fe Community Housing Trust to develop three apartment communities where 25% of the units are set aside for people exiting homelessness. The City has contributed financially in various ways to each of these projects.

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The City also works with NMCEH to reduce the length of time all families and individuals remain homeless. Reducing the amount of time was one of the goals of the 2012 Santa Fe Mayor's Task Force on Homelessness. NMCEH now has good tools to measure the length of time people remain homeless and this will be a focus of the newly convened City Roundtable on homelessness this fall. In July of 2018, an update to the plan was presented for City Council approval.

	What section of the Plan was addressed by Consultation?	Housing Need Assessment Public Housing Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	In addition to reviewing the Plan, County staff worked with the City to convene groups of stakeholders to design a strategy for increasing the inventory of rental housing affordable to low-income renters.

Identify any Agency Types not consulted and provide rationale for not consulting

While the City supports the dissemination of fair housing information (primarily through distribution of the "Tino the Tenant" novella, and the City's website, Office of Affordable Housing page), there is not capacity to actively develop fair housing materials and distribute them and/or consult regularly with fair housing advocacy providers. All of the City's fair housing partners are subject to fair housing law and provide notices as applicable. In the event that a resident of Santa Fe reports a fair housing violation, City staff takes appropriate action to ensure that they are referred to an appropriate agency or HUD's fair housing complaint system. Furthermore the City did not consult directly with the State of NM Department of Health regarding lead exposure because Santa Fe has low risk factors. 9.6% of its housing stock was built before 1950 and in 2011, 0 children in Santa Fe County tested positively for elevated blood levels. More recent studies by the NMDOH identified Santa Fe County as having "low levels" of lead exposure, as cited in the NM Epidemiology Report, April 2017. The Office of Affordable Housing also conducts environmental reviews on all CDBG-funded activities. In cases where individual homes are older than 1978 and may have lead based paint, the subrecipient is required to follow all applicable law to assess the presence of lead and remediate it, if necessary.

Amendment #1: This project is in direct response to a public health emergency. Because of the need to provide immediate relief and support for those experiencing homelessness during the pandemic, the City did not consult with other agencies. However, with the advent of the CONNECT network, the City and County are working closely to mitigate the public health impacts from the pandemic. Likewise, local health providers and the city's homeless shelters are involved with the Midtown Shelter so their input was considered when setting it up.

Amendment #2: This project is a continued response to an ongoing public health emergency. While the initial impacts from the pandemic are subsiding, with the emergence of new variants of the virus, people experiencing homelessness or who are not stably housed continue to be the most vulnerable to getting infected and spreading infection. Additionally, Santa Fe Suites provides an ideal property for housing people who are leaving hotel stays or other emergency housing.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?

Table 3 – Other local / regional / federal planning efforts

Narrative (optional)

The City solicits comments from local service providers (housing, human services, children and youth) and relies on them to outreach directly to their clientele and/or represent the needs of their clientele. Alternate avenues of public outreach were pursued in the 2016 Analysis of Impediments and the 2017 Assessment of Fair Housing. The City updated its Citizen Participation Plan during the 2018-2022 Consolidated Plan planning process with careful consideration of how to conduct more relevant public outreach that brings voices to the discussion that are not always heard to include online surveys and partnering with outside organization events related to specific geographic areas. Polling in the online survey on project's impact on the community and those individuals using the services or in close geographic location, with ties to others who benefited from the subject projects showed a resounding favorability for funding of the 2019 AAP CDBG related activities outlined in the Projects Summary of this year's plan (AP-35).

For the amendment, an additional plan was added for consultation - the Office of Emergency Management's Strategic Plan - on the basis that the pandemic requires an emergency response.

The remainder anticipated amount includes program income of approximately \$200K/annually, resulting in an estimated amount of \$600K for the next three years, totaling approximately \$3,519,560 through the end of the 2018-2022 ConPlan.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City requires that subrecipients match CDBG funds \$1:\$1 with organizational resources or funds leveraged from private investment or other State and local grantors.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

All of the property on which public housing facilities are situated is owned by the City and used by the Santa Fe Civic Housing Authority under long-term leases. The units are rented to income-qualified renters, many of them very low-income seniors. At any time during the year if the City determines that donating and/or using City-owned property will benefit a proposed project that will serve the priority needs and funding objectives outlined in this plan, the City will do so, as allowed under the NM Affordable Housing Act.

In the current fiscal year, the City expects to donate a 5-acre portion of a City-owned parcel on Siler Road. This donation will support the construction of 65 units of affordable live/work housing targeted to “creatives” – technology entrepreneurs, visual and performance artists, craft manufacturers, self-employed, etc. A shared resource center will be included with a performance and display space, retail areas and other workshops. The project, called the “Siler Yard” is proposed to be developed by the New Mexico Interfaith Housing Coalition and Creative Santa Fe, two local nonprofit organizations. Low Income Housing Tax Credit (LIHTC) funds were secured providing over \$10M of equity. An application will be resubmitted for the 2019 LIHTC funding cycle. Additionally, the City is beginning a public outreach process and study of other City-owned parcels to prioritize several for future affordable housing development.

Amendment #1: The shelter is located at 1600 St Michael’s Drive, the site of the former Santa Fe University of Art and Design (and before that, the College of Santa Fe). The campus is owned by the City so this proposed use of funds will be 100% supported by the use of publicly-owned facilities. Furthermore, the shelter is currently staffed by City staff (who will continue working there for at least the next 6 months) and many related support services (security, maintenance, utilities) are paid by the City.

Discussion

The City is committed to using all of its resources to maximize the leverage potential of federal funds.

Goal Descriptions

1	Goal Name	Increase Opportunities for At-Risk Populations
	Goal Description	<p>Increased Opportunities for At Risk Population-Reduced Rate of Households with cost burden: Preventing homelessness through rental vouchers, emergency assistance, support services expanding rental choices for households earning less than 30% AMI, providing rehab services for rental properties serving very low income renters, improving outreach efforts to mono-lingual Spanish speakers.</p> <p>This goal incorporates actions from the following AFH Goals:</p> <ol style="list-style-type: none"> 1. Create more affordable, quality housing, that is equitably distributed throughout the City 2. Preserve and improve existing housing occupied by low and moderate income renters and owners 6. Strengthen access to fair housing and knowledge of fair housing among residents and landlords
2	Goal Name	Increase Affordable Rental Housing Opportunities
	Goal Description	<p>Increased Affordable Rental Housing Opportunities- Inventory of very low income rental units and vouchers is expanded to meet increased demand: Supporting LIHTC projects and the provision or retention of permanent, subsidized rental units, rental units reserved for persons transitioning out of homelessness, rehabilitating existing rentals to expand choice and housing quality, identifying additional funding sources and/or creating revenue streams to fund local rental vouchers.</p> <p>This goal incorporates actions from the following AFH Goals:</p> <ol style="list-style-type: none"> 1. Create more affordable, quality housing, that is equitably distributed throughout the City 2. Preserve and improve existing housing occupied by low and moderate income renters and owners 4. Create more accessible, affordable, quality housing, to accommodate persons with disabilities 6. Strengthen access to fair housing and knowledge of fair housing among residents and landlords

3	Goal Name	Increase Affordable Homeowner Opportunities
	Goal Description	<p>Increase of Affordable Homeownership Opportunities-Increased homeownership opportunities and support for long term affordability and accessibility for current homeowners: Continuing mortgage principal reduction loans, homebuyer counseling and training services, production of affordably-priced homes, supporting partnerships with nonprofits, for-profit builders and other housing providers, considering acquisition/rehab programs to absorb existing market supply, funding energy efficiency upgrades, continuing foreclosure prevention and legal aid and refinancing services for existing homeowners, offering accessibility improvements to help “age in place” and multi-generational transfers.</p> <p>This goal incorporates actions from the following AFH Goals:</p> <ol style="list-style-type: none"> 1. Create more accessible, affordable, quality housing, to accommodate persons with disabilities 6. Strengthen access to fair housing and knowledge of fair housing among residents and landlords
4	Goal Name	Align Housing Opportunities with Emerging Needs
	Goal Description	<p>Address Emerging and Current Needs and Changing Demographics-Housing opportunities reflect emerging needs, changing demographics and are aligned with redevelopment objectives and sustainability goals: Supporting non-traditional housing types and live/work housing, including housing as a required component of redevelopment projects, prioritizing housing that is located in transit corridors, has access to community facilities, accommodates live/work or other flexible scenarios, is aimed at the “creative” worker, can accommodate needs of aging residents, achieving high standards of sustainability through green building, design, and alternative energy sources.</p> <p>This goal incorporates actions from the following AFH Goals:</p> <ol style="list-style-type: none"> 1. Create more affordable, quality housing, that is equitably distributed throughout the City 3. Continue to work to improve economic conditions of persons with disabilities 5. Improve access to high quality schools and public transportation
5	Goal Name	AFH Goal1: Create more affordable, quality housing
	Goal Description	<p>This AFH goal corresponds to Consolidated Plan goals: 1, 2, 3, 4. The following milestones and metrics are established in the AFH to guide the achievement of this goal: support 60 rental units (min); revise SFCC 26-1 to require <50%AMI units in LIHTC (15 units); dedicate local funding to rental assistance to support 40 renter HH; DPA + homebuyer support services to 30 HH; revise SFCC 26-1 to create menu of compliance options to support inclusion of 100 rent-restricted units in market rate projects.</p>

6	Goal Name	AFH Goal 2: Preserve and Improve Existing Housing
	Goal Description	<i>This goal corresponds with Consolidated Plan Goals: 1, 2, 3.</i>
7	Goal Name	AFH Goal 3: Cont. to work to improve econ. opport.
	Goal Description	The metrics and milestones associated with this AFH goal are to establish and expand job creation opportunities for under-employed workers with disabilities. This work would be supported by the City's Office of Affordable Housing but is carried out primarily by other City divisions, government agencies and nonprofit partners. None of the funding would be housing-related. CARES Act funds will not be deployed in support of this goal as they are oriented to keeping vulnerable people safe from infection and to prevent the spread of infection via the homeless shelter population.
8	Goal Name	AFH Goal 4: Create more access., afford. qual. hou
	Goal Description	This AFH goal correponds with Consolidated Plan Goals: 2, 3.
9	Goal Name	AFH Goal 5: Improve access to high quality schools
	Goal Description	This AFH goal does not have a Consolidated Plan equivalent because it is not directly related to housing; however, it establishes the following metrics and milestones: align housing resources with efforts serving young people at risk of being homeless; align housing resources with school based social services and workforce training/support program; align housing resources with transit planning to expand services and improve access. This goal is not achieved directly through the proposed expenditure of CARES funds.
10	Goal Name	AFH Goal 6: Strengthen access to fair housing
	Goal Description	This AFH Goal corresponds with all Consolidated Planning Goals; however it is directly related to the City's obligation to further fair housing. This goal is not directly achieved through the proposed expenditure of CARES Act funds.

Projects

AP-35 Projects – 91.220(d)

Introduction

Projects funded for FY 19-20 reflect a variety of programs, facilities improvements and public services in addition to programs focused upon increasing affordable housing to include rental and homeowner rehabilitation and mortgage principal reduction for homebuyers for low-to moderate income households as well as soft costs for affordable housing rental unit development. Additionally, the City operates a local affordable housing trust fund (AHTF) that is funded through developer fees, pay off of City-held affordability liens, and land sales revenues from City-held mortgages. When a funding balance is accrued to support an allocation of local funds, the City disburses them in alignment with CDBG funds. The trust funds are monitored by the NM Mortgage Finance Authority for compliance with the NM Affordable Housing Act which allows funds to be used for beneficiaries earning up to 120% AMI (area median income). This enables the subrecipients to serve a full range of incomes as CDBG funds are used for those at 80% AMI and below and the AHTF can be used for those at 81-120% AMI. Additionally, program income provides additional revenue for eligible programs. In the past, PI has been used for mortgage principal reduction loans and home repair loans. For the upcoming program year, the City anticipates that \$200,000 will be generated and used for mortgage principal reduction loans (via CDBG agreements for PY 19 - 20).

Amendment #1: In March of 2020, the State of NM issued a stay at home order for New Mexico residents to stem the tide of the coronavirus. In response, the City dedicated dormitory beds and apartments at the Midtown campus property to house people who did not have homes or safe places to shelter in place. A primary goal for the City's creation of the Midtown shelter was to reduce the potential for an outbreak among unhoused people by reducing the population density at local shelters and coordinating testing and isolation for those people who would otherwise be on the streets. Another objective was to relieve hospitals by creating a place where vulnerable patients and/or those with positive COVID tests could be discharged, as well as sheltering people leaving detox/recovery programs or detention centers.

This Action Plan Amendment proposes to use CARES Act funding to supplement the City's operation of the Midtown Shelter. The New Mexico Coalition to End Homelessness will act as the City's fiscal agent to hire staff and ensure that health care and programming is comprehensive and relevant to the people housed at the campus.

This second Amendment proposes to use CARES Act funding to reimburse acquisition costs related to the purchase of Santa Fe Suites, such as appraisal, financing, and legal and transactional services. As cash entered into the project, the funds will then support the implementation of extended services

and partial subsidy of units occupied by residents whose rent is not currently subsidized.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Ten (10) of the community projects under subrecipient professional service agreement contracts with the City, were selected for presented strategies that address the highest and immediate needs in the community, to include organizational effectiveness, the ability of the organization to leverage funding for the projects, and to positively and sustainably impact the most individuals in need. The Housing Trust, though not selected in this year's funding proposals, will remain active as a result of anticipated Program Income generation from previous year CDBG funding. Allocations for projects reflect approximately 15% usage of the CDBG grant for public service projects, 3% for public facilities improvements, 29% for mortgage reduction assistance, 19% for home repairs, 14% for soft costs in the development of affordable rentals as well as rehabilitation of affordable rentals, and 20% for project management and administration.

Amendment #1: The Midtown Shelter project will directly address the highest and immediate need in the community which is to protect public health as related to the COVID-19 pandemic. Another goal is to improve the individual health outcomes of individuals and families experiencing homelessness who do not have a home or a safe place to be quarantined and remain socially distant. A longer term goal is to connect these shelter residents to supportive services and permanent housing. NMCEH was selected as the City's partner because of its organizational effectiveness, its ability to leverage funding for the

project, and to positively and sustainably impact the most individuals in need.

Amendment #2: The current amendment proposes to partially reimburse Community Solutions for transactional costs related to the purchase of Santa Fe Suites. These include appraisal fees, due diligence services, financing charges, and legal services fees required by the funding and closing on the purchase of the property. In turn, these funds will be added directly to the project's current operating budget allowing them to supplement services provided at the property as well as directly subsidizing rental and other housing costs as needed.

	Needs Addressed	Support Services for Homeless and At Risk Fair Housing Outreach AFH Factor: High Housing Costs AFH Factor: Access to Schools & Transportation AFH Factor: Fair Housing Information and Resources
	Funding	CDBG: \$32,970

	Description	<p>The liaison project links Adelante parents, their children K-12. Organizational Mission: The Santa Fe Public School (SFPS) Adelante Program works to strengthen opportunities for the academic achievement and life success of Santa Fe children and youth who are experiencing homelessness. Based on the federal McKinney-Vento Homeless Assistance Act, SFPS Adelante Program is part of the Santa Fe Public Schools and a fiscal project of Santa Fe Partners in Education Foundation. Services are bilingual and include advocacy, tutoring, evening programs, case management and providing material aid such as school supplies and clothing. Project Services: SFPS Adelante will provide staffing for multi-level, bilingual services to students and their families. The increased staffing will facilitate and expand access to long term, stable housing for a minimum of eight hundred and fifty (950) children, youth and their families experiencing homelessness. Children ages birth through five years of age, receive appropriate support in order to be prepared for Kindergarten. School age children experiencing homelessness receive the appropriate support to succeed in school. School age youth that are disconnected from school and experiencing homelessness will receive support to re-engage with school or attend an alternative program with career pathways. This project incorporates actions from the following AFH Goals: 6. Strengthen access to fair housing and knowledge of fair housing among residents and landlords.</p>
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	An estimated minimum of (950) youth and ELI/and or Homeless families will benefit from the proposed activities.
	Location Description	1300 Camino Sierra Vista, Santa fe, NM 87505
	Planned Activities	SFPS Adelante will provide housing and educational support services to youth and their families qualifying as homeless through McKinney-Vento.

	Needs Addressed	Support Services for Homeless and At Risk AFH Factor: Fair Housing Information and Resources
	Funding	CDBG: \$18,840
	Description	Funding will provide staff for outreach services at the Interfaith Community Shelter during the Winter season and during year-round Resource Center hours. Additional relief staff hours will continue at the drop in center to ensure shifts are covered. Organizational Mission: Youth Shelters and Family Services (YSFS) delivers life-changing solutions to homeless, runaway and in-crisis youth by providing shelter and addressing health, safety, education and workforce opportunities so they can achieve lifetime independence. Project Service: YSFS will provide staffing for street-based critical services such as food, water, clothing emergency aid supplies, tents, backpacks, sleeping bags and blankets to six hundred and fifty (400) ELI youth up to age 21. The Street Outreach Program also has a Drop-in Center where youth who do not have a safe place to live can shower, do laundry and receive case management support services. This project incorporates actions from the following AFH Goals: 1. Create more affordable, quality housing that is equitably distributed throughout the City. Strengthen access to fair housing and knowledge of fair housing among residents and landlords.
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	An estimated minimum number of (400) homeless/ELI-LI individuals will benefit from the proposed activities.
	Location Description	402 S. St. Francis Dr., Santa Fe, NM 87501

	Planned Activities	Youth Shelters and Family Services will provide outreach and linkage to housing services to youth and young adults who are homeless or at risk for homelessness.

1 2	Project Name	Amendment #1: Midtown Shelter - CV
	Target Area	Citywide
	Goals Supported	Increase Opportunities for At-Risk Populations Align Housing Opportunities with Emerging Needs
	Needs Addressed	Emergency Shelter Support Services for Homeless and At Risk
	Funding	CDBG - CV: \$361,227
	Description	The City will dedicate dormitory rooms and student housing facilities to house a total 150 homeless people. The objective is to prevent infection, address health needs for infected people and reduce the likelihood of an outbreak among homeless people. CARES funds will be used to support coordinated case management services and shelter staffing in response to the COVID-19 pandemic, as well as basic operating costs for the shelter, including meals, linen services, office supplies, insurance, cleaning and disinfecting services and personal health care/hygiene items for guests.
	Target Date	6/30/2021
	Estimate the number and type of families that will benefit from the proposed activities	It is anticipated that 150 homeless people will be housed at the Midtown Shelter.

	Location Description	1600 St Michael's Drive, Midtown Property (formerly the Santa Fe University of Art and Design)
	Planned Activities	Most of the people housed at Midtown are homeless or without a safe place to be quarantined or to maintain social distancing. As such they are highly vulnerable to infection from COVID-19 and also likely to spread the virus if living on the streets or in a shelter. Other case management needs are also provided. For those who are COVID positive or awaiting test results, medical support will be coordinated to ensure proper quarantining protocols, in addition to referral to more intensive medical care if needed. Residents are provided a single occupancy room with a TV and three meals per day. The shelter also provides a safe place for people discharged from the hospital (either post treatment or for other reasons), recovery programs and detention facilities. Also important, is that converting this facility to house homeless people reduces the population density at the area shelters, enabling them to observe social distancing guidelines. The shelter also provides a safe place for people, either infected or vulnerable to infection to be discharged from hospitals and other institutions.
1 3	Project Name	Santa Fe Suites – Acquisition, Operations, Subsidy
	Target Area	Citywide
	Goals Supported	Increase Opportunities for At-Risk Populations Increase Affordable Rental Housing Opportunities Align Housing Opportunities with Emerging Needs AFH Goal1: Create more affordable, quality housing AFH Goal 2: Preserve and Improve Existing Housing AFH Goal 4: Create more access., afford. qual. hou AFH Goal 6: Strengthen access to fair housing
	Needs Addressed	Acquisition and Rehabilitation AFH Factor: High Housing Costs AFH Factor: Accessible Housing for Disabled AFH Factor: Fair Housing Information and Resources
	Funding	CDBG: \$581,333
	Description	Santa Fe Suites offers 122 studio apartments for three different income ranges: workforce renters (below 120% AMI), very low income renters (below 60%AMI) and individuals and families transitioning out of homelessness (below 30%AMI). Put into service in late 2020, the property is owned by a national nonprofit, Community Solutions, and operated by St Elizabeth Shelter as a permanent supportive housing option for people transitioning out of homelessness. Support services are offered on site and several renters are subsidized with rental assistance from other state and federal sources. Programming continues to be developed as needs emerge.

	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	A minimum of (40) households earning less ELI-MLI, mainly households transitioning from living in hotel stays and local shelters, will benefit from enhanced support services and rental subsidy.
	Location Description	3007 S Saint Francis Dr, Santa Fe, NM 87505
	Planned Activities	Use reimbursement funds to directly infuse cash into the property's operating budget to further support services provided on site and partial rental subsidy.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The Community Development Commission placed the highest funding priority on affordable housing and provided related services citywide, rather than focusing on a specific area or neighborhood. Though it is desired to utilize CDBG towards rental units such as the Soleras Station project and additional rental developments in the Midtown Campus Qualified Census Tract, the developer expense of constructing these is challenging in the absence of Low Income Housing Tax Credits. One LIHTC project (Calle La Resolana) chosen this year will be developed along the main corridor of the City near Cerrillos Rd and will serve a growing area of need. The LIHTC application and award timeline does not often synchronize with that of CDBG; however, if future projects of this type are awarded and CDBG funding becomes available later in the year, it can be used towards them, such as in the case of Stage Coach Apartments in previous years.

The final high priority of the CDC is funding public facilities that most closely serve households transitioning out of homelessness as well as funding public services that help very low income individuals and households to transition out of homelessness. Again, because of Santa Fe's relatively compact geography, funds are not prioritized for a particular area as all facilities serve city-wide residents.

Geographic Distribution

Target Area	Percentage of Funds
Citywide	100

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

All programs for the 2019 CDBG program year will serve extremely low to moderate-income residents throughout the City as the City of Santa Fe does not have priorities for allocating resources geographically.

Discussion

The City's policy of city-wide distribution of resources is due in part because the population of low income/minority residents is not substantial enough relative to specific areas of concentration in Santa Fe. In contrast, a larger urban area with more population is more likely to have higher numbers of low income/minority residents living in concentrated areas which makes geographic priorities more feasible and effective. In Santa Fe, eligibility is defined based on household (income) versus the location of the project or program. For example the City allocates funding programs for mortgage principal reduction assistance which is dependent on the household income versus the location of the home, which is also

the same standard for home improvement funds. Likewise, public service programs that serve at risk youth, for example, focus on serving citywide residents versus those coming from a specific geographic area.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The City of Santa Fe's expenditure of funds - federal and local - supports projects and programming that serve the spectrum of housing needs from the homeless to the homeowner. The City identifies needs and evaluates existing housing gaps to ensure that programs and projects increase and improve the City's housing opportunities. Reflecting that objective, the funded projects in this plan serve the homeless both through public services that provide support and referral to housing as well as end of life needs for homeless and/or ELI-LMI individuals. The public service projects are Adelante School Liaison, Youth Shelters Outreach and Drop In, Interfaith Shelter's Women Safe Haven, Coming Home Connection-Casa Cielo. Installation of an expanded security system for the Youth Shelters and Family Services TLP/Cold Weather Shelter is a facility improvement project to serve homeless youth to young adults. Maintenance of homes and energy efficiency upgrades with home repair assistance and affordable rental rehabilitation projects include Habitat for Humanity Home Repair and the Santa Fe Civic Housing Authority-Villa Consuelo Apartments rehab. An additional development project of affordable rental units with an emphasis on sustainable design is the Santa Fe Civic Housing Authority-Calle La Resolana which are also included in 2019-2020 funding. Finally, home ownership opportunities are increased for LMI households through the Homewise-Mortgage Principal Reduction Assistance project. Delivery of these services is provided through the City's network of nonprofit partners which ensures they are effective, responsive and timely.

Discussion

Households shown above to be supported through CDBG funded affordable housing in 2019-20 include

estimates of (158) households receiving support through downpayment assistance and affordable rental developments. Calle Resolana will provide (45) new units, Habitat for Humanity and Villa Consuelo projects will provide (130) rehabbed units. The total projects addressing homelessness for the 2019-20 fiscal year will serve the following through public service and shelters: 950 households served through Adelante; 160 women provided shelter at the Women's Safe Haven; 400 youth households reached through outreach and other services; 3 through the Coming Home Connection End of Life services; and 30 through the Youth Shelters and Family Services TLP/Cold Weather Shelter security system expansion. Non-homeless households include: 30 households provided home repair and energy efficiency upgrade assistance; 100 households served with rehabbed, affordable apartment rental units; 45 households served with new affordable rental units; 12 individuals provided with end of life services through Coming Home Connection-Casa Cielo and 12 households provided with homeownership opportunities through mortgage principal reduction assistance with Homewise. The 2019-2020 projects listed also address the fair housing goals outlined in the City's AFH Plan.

In addition to the above stated CDBG funded projects, a LITHC mixed-use development proposal was approved for 65 units at the Siler Yard to be completed in 2020.

Amendment #1: This amendment proposes directly addressing the shelter and services needs of 150 individuals and families, who are currently unhoused during the COVID-19 pandemic. The dual purpose of this project is to reduce the potential for an outbreak among unhoused people by reducing the population density at local shelters and coordinating testing and isolation for those people who would otherwise be on the streets. Another objective is to relieve hospitals by creating a place where vulnerable patients and/or those with positive COVID tests can be discharged, as well as sheltering people leaving detox/recovery programs or detention centers who would otherwise be vulnerable to infection.

Amendment #2: The second amendment proposes to use CARES Act funds to further subsidize the operations and rental costs for 40 residents/units at the Santa Fe Suites property. Importantly, these funds will support the development of robust, on site programming for people transitioning out of homelessness, or temporary housing situations deployed to meet pandemic-related housing needs such as long term hotel stays or the Midtown Shelter.

AP-60 Public Housing – 91.220(h)

Introduction

This section describes how the City and the local housing authorities will work together to address the needs of residents of public housing, Housing Choice Voucher holders and other extremely low income residents.

The Santa Fe Civic Housing Authority (SFCHA) is the primary public housing agency in Santa Fe. It oversees 490 units of public housing, and manages 670 housing choice vouchers in Santa Fe. There are a total of 369 units for seniors and 121 units for families. Currently, 269 people are on the public housing waiting list for a housing authority apartment unit, and approximately 171 people on the Section 8 waiting list for Santa Fe. SFCHA receives approximately 35 applications per month for public housing. The wait for a unit is between 18 and 24 months; however, the waiting list is only open on a lottery basis at designated times during the year.

Santa Fe County also manages 200 units of public housing and administers 241 housing choice vouchers (44 VASH). Some vouchers are used within city limits.

Actions planned during the next year to address the needs to public housing

Maintenance of aging units is a continuous effort so the housing authority is systematically converting its units under the Rental Assistance Demonstration (RAD) project. For the upcoming year, funds will be used to rehabilitate public housing units to bring them up to current code requirements, improve energy efficiency, and update other quality of life amenities.

As noted in the project list, the Santa Fe Civic Housing Authority, will update 100 units at Villa Consuelo and were granted CDBG rehab funding for soft costs associated with this project.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Both PHAs provide a Family Self-Sufficiency Program which supports self-sufficiency with the eventual goal of becoming viable homeowners. The family enters into a five-year Contract of Participation with the Housing Authority and sets specific goals to be achieved over the term of the Contract. As part of the Contract, the Housing Authority opens an escrow account for each participating family and any time there is an increase to the family's earned income during the term of the Contract, money is deposited into the family's escrow account. Upon successful completion of the Program, the family receives the balance in their escrow account to use for home ownership and educational goals.

If the PHA is designated as troubled, describe the manner in which financial assistance will be

provided or other assistance

The PHAs are not designated as troubled.

Discussion

As an active developer of LIHTC projects, the Santa Fe Civic Housing Authority is considered a partner of the City of Santa Fe's in the provision of affordable rental housing beyond the typical housing authority functions. The City has to subordinate and amend its lease agreements with the housing authority every time a funding application is submitted. During the program year, the City expects to put out for RFP the donation of another parcel of City-owned land and anticipates that the housing authority will submit a proposal to develop approximately 60 units of affordable rental housing.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City works in partnership with many non-profit organizations who provide a wide range of services to prevent “at-risk” populations such as unaccompanied youth, families with children, veterans, battered families, people with disabilities and seniors from becoming homeless. Another objective is to help existing homeless populations obtain safe, affordable and sustainable housing opportunities as well as needed services such as health care, transportation and counseling.

These activities necessarily run along a continuum of housing program options that range from emergency shelter services to transitional housing and permanent supportive housing services to the new construction of mixed income and mixed use affordable rental development projects. Currently the City has in place emergency and transitional housing programs for homeless individuals, families with children, veterans, and unaccompanied youth.

The City has incorporated the mission of "Built for Zero" (BFZ) to address chronic homelessness in 2019. The BFZ project is a national, evidence based model used to end homelessness: <https://www.community.solutions/what-we-do/built-for-zero>. The first step to the model is to identify those who are homeless by August 2019, within the community, by name, followed by a strategic, coordinated outreach and networking system of linking homeless individuals and families to services as well as housing. The goal indicator for the BFZ program is a significant reduction (30%) in homelessness by January 2020. Service prioritization is made through the development of a simplified VI-SPDAT (Vulnerability Index-Service Prioritization Decision Assistance Tool). Finance consultants at Community solutions, the umbrella organization for the BFZ program identify innovative funding structures that will allow Santa Fe to expand its stock of affordable and supportive housing that will remain tied to the coordinated entry system providing a continuous housing supply for those in need.

Those who are facing homelessness or special needs are now able to benefit from long range transportation for access to VA services in Albuquerque and SOAR model benefits application assistance through YSFS, Life Link and Adelante. These are added services that are currently provided by organizations throughout the City and greatly contribute expanding access for consumers.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

All of the city’s nonprofit partners who work with homeless persons have extensive outreach activities and the City will be working to better coordinate outreach to make sure we are reaching everyone. The Resource Center called Pete’s Place, is part of the existing Interfaith Shelter and offers emergency beds in winter, meals and clothing. Most importantly, the organization brings together outreach coordinators to provide information about available services. Medical care, job counseling, meals, clothing,

transportation are a few of the services provided at Pete's Place, which is partially funded through local funds allocated through the City's Human Services Division. In response to direct community need, Interfaith proposed the Women's Summer Safe Haven when shelter staff and first responders noted that women were particularly vulnerable on the streets during summer months when the shelter is closed for the season. For the 2019-20 program year, the City allocated CDBG funds to provide safe shelter for women and expect to serve up to 160 women and their children.

The City of Santa Fe works closely with the New Mexico Coalition to End Homelessness to coordinate services for homeless individuals and families. NMCEH operates a statewide system of coordinated entry where every homeless family and individual is given an assessment based on the nationally recognized VI/SPDAT (Vulnerability Index/Service Prioritization Assessment Tool). The results of the assessment are used to refer homeless people to the type of housing that best fits their needs and the permanent supportive housing. As previously stated, the City recently signed up to be part of Built for Zero, a national movement to end chronic and veteran homelessness in participating communities. Since Santa Fe has met the federal benchmarks for effectively ending veteran homelessness, current efforts will concentrate on housing all of those in the City who are chronically homeless. The coordinated entry system will be used to create a regularly updated by-name list of those who are homeless, and the City is working with its nonprofit partners to develop more permanent supportive housing to meet the needs of the approximately 100 individuals who are currently chronically homeless in Santa Fe.

Addressing the emergency shelter and transitional housing needs of homeless persons

St. Elizabeth operates two emergency shelters and three longer-term supportive housing programs. Its Men's Emergency Shelter has 28 year-round beds along with a library, TV room, laundry, showers and intensive case management. *Casa Familia* has 10 beds for single women, eight rooms for individual families, and can accommodate up to 30 people, depending on family size. It also has a TV/play room, dining room, laundry and donations room where clothing and toys are available for guests. These shelters provide respite care for those who are in need of a place to recover from illnesses and behavioral health issues and both have a program manager, case managers and supervisory staff. *Casa Cerrillos* is a permanent housing program with 28 apartments for adults with disabilities, many with co-occurring substance abuse problems. Siringo Apartment is a permanent housing program with eight apartments for seniors. *Sonrisa Family Shelter* is a transitional housing program with eight apartments for families with children. It has a two-year stay limit within which time families are expected to have overcome the issues leading to their becoming homeless and have saved enough funds to successfully move in to housing of their own. All three supportive housing programs have on-site program/case managers that work closely with each guest and monitor their progress.

Interfaith Community Shelter is a largely volunteer agency consisting of 40+ faith and community groups and nearly 2,000 active volunteers. ICS provides shelter and services to men, women and children who are experiencing homelessness in Santa Fe, and provides a point of entry to the other services necessary to make the transition from homelessness to stable housing. As a minimal barrier shelter, the three

components of programming are the Seasonal Night Shelter; the Day Services Program; and the Women's Summer Safe Haven. Resource Days operate three days a week, year round, with 12 partner provider agencies.

Life Link, established in 1987 in a motel, has evolved into a highly effective behavioral health and supportive housing center. At *La Luz*, 24 apartment units and an additional 74 City wide scattered-site units are provided to people with mental illness and other co-occurring disorders, based on the permanent supportive housing model. Life Link provides extensive outpatient treatment, psycho-social rehabilitation, homeless prevention and rental assistance, peer support services and onsite healthcare screening.

Esperanza is a full service organization offering advocacy, counseling, case management and legal advocacy for survivors of domestic violence. It operates a 24/7 Crisis hotline 1-800-473-5220, as well as, a shelter that can house up to 32 people. The organization also offers comprehensive non-residential counseling services.

Youth Shelters and Family Services. Youth Shelters and Family Services helps hundreds of homeless, runaway, and at-risk youth each year. The organization annually provides thousands of bed nights for youth through its emergency shelter, cold weather shelter, transitional living, and rapid rehousing programs. In addition, services are provided through the organization's drop-in center, street outreach, counseling center, pregnant and parenting initiative, youth appropriate referrals, case management, skill building services and activities geared toward self-sufficiency and readiness for adulthood. Youth ages 10-17 can stay at the emergency shelter for 1 - 90 days, youth ages 17-21 can stay in the transitional, apartment-style living units for up to 18 months, and youth ages 18-24 can stay in the scattered site rapid rehousing apartments for up to 2 years.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City relies on its network of community partners to facilitate coordination of services and ensure that those vulnerable to homelessness don't "fall through the cracks". A newly formed Homeless Task Force began meeting in October of 2017 to analyze and provide recommendations to the Governing Body "to ensure that homelessness is prevented whenever possible or is otherwise a rare, brief and non-recurring experience." The task force reported back to the Governing Body and these recommendations shaped the 2018-2022 Consolidated Plan planning process. Also, the NMCEH continues to implement systems for ensuring that homeless who seek services are tracked through HMIS through a statewide system of coordinated assessment. Every homeless family and individual is

given an assessment based on the nationally recognized VI/SPDAT (Vulnerability Index/Service Prioritization Assessment Tool). The results of the assessment are used to refer homeless people to the type of housing that best fits their needs and the assessment is used to create a prioritized list. Chronically homeless people are placed at the top of the list for permanent supportive housing.

The City of Santa Fe has worked closely with the Santa Fe Community Housing Trust to develop three apartment communities - Village Sage (60 units), Stagecoach Apartments (60 units) and the soon-to-be finished Las Soleras Station (87 units) where 25% of the units are set aside for people exiting homelessness. On-site support services and referral to other service providers is also provided. The City has contributed financially in various ways to each of these projects. During the 2019-20 program year, the City proposes to use \$47,100 of funds to support the rehabilitation of Villa Consuelo Apartments, a 100-unit property that provides housing for at risk populations earning at or less than 50% AMI. The Coming Home Connection-Casa Cielo program will provide hospice beds for a minimum of 3 homeless individuals and 12 ELI-LMI at risk for homelessness individuals facing end of life needs.

Amendment #1: An important component to the shelter provided at Midtown is matching residents with the necessary social services to meet and improve the other social determinants of health. Another piece is to streamline outreach with connecting people to shelter. The City anticipates that the Midtown Shelter will provide the basis for better data collection (understanding who is homeless and who needs help) and integrating them into a coordinated system of social services.

Amendment #2: The 40 units at Santa Fe Suites dedicated to residents who are transitioning out of homelessness and temporary housing situations address a major gap in Santa Fe's efforts to end homelessness. The city's homeless services providers have ample capacity to provide emergency housing but there is a deficit of long-term units in the affordable housing market place. For people whose stays in shelters have been recurring, having a permanent home is truly life-changing in that other social services, mental health and medical needs are simultaneously addressed.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City's CDBG entitlement funds and local funds will be used to support those with special needs through Adelante, Life Link, the Interfaith Shelter programs which will provide services to homeless, veterans, and people with special needs in order to help them in the area of their specific need(s) and/or to make the transition to permanent housing. The City's Family and Youth Services Office funds numerous transitional homeless programs including: Youth Shelters (outreach, transitional living, and emergency shelter for youth with special needs and/or at risk of homelessness), Interfaith (Women's

and Community Shelter for women with special needs and/or at risk for homelessness). In addition, these programs work with the Veterans Advisory Board which funds a veteran support worker through the Veterans Integration Center (VIC) and rental space at Interfaith for a Homeless Veterans Coordinator through the Veterans Administration. The City also funds Adelante school based program and Communities in Schools to identify and work with homeless students in Santa Fe Public Schools. CDBG funds are being used to provide enhanced security for homeless youth (Youth Shelters and Family Services TLP/Cold Weather Shelter), as well as the funding necessary to support an outreach coordinator for the Drop In Center run by Youth Shelters. Casa Cielo is a new program funded through CDBG for 2019-2020 and will address the needs of elderly and/or terminally ill individuals facing end of life transitions. Apart from HUD funding, the City also supports the Santa Fe Recovery Center to provide housing for individuals who have graduated from their addiction recovery program.

The City has set aside funding for supplementation of rental assistance programs provided by a collaboration of at-risk-for-homelessness-serving organizations (LifeLink, SFPS Adelante Program, YouthWorks and the Santa Fe Recovery Center) These organizations have joined forces to address the gap in housing availability and homelessness for young adults to seniors and those starting a new chapter toward addiction recovery within the community. It was formed from a working group of concerned organizations that work daily to serve the populations with the highest-needs in Santa Fe. In addition to the rental assistance, the organizations will work together to provide a coordinated system of entry, wraparound services, staff and administrative support and interagency referrals for optimal placement of residents.

The City works closely with its network of housing partners to ensure that the needs of those discharged from institutions are also being met. Many women have entered Casa Familia after giving birth once discharged from the hospital. Likewise, Youthworks receives many referrals from juvenile corrections systems.

Amendment #1: A primary focus for the project proposed in this amendment is to streamline the placement into housing of people being discharged from institutions, detention centers and recovery programs. Without a safe and socially distant place to stay, many of these people would be even more vulnerable to infection than the average person.

Amendment #2: This second amendment proposes to support the next step for serving the residents of Midtown and long term hotel stays, as well as those transitioning from immediate homelessness. Importantly, the Santa Fe Suites will provide a long term housing option for those who would otherwise be most at risk of Covid infection and spread.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Typically, those who are most heavily cost-burdened, have the lowest incomes. The City of Santa Fe reviewed its policies and practices to mitigate barriers to housing development--particularly affordable housing development—as part of the 2011 Analysis of Impediments (AI) to Fair Housing Choice and has submitted the 2016 AI update which was made available for public review with its successor, the City’s 2017 Assessment of Fair Housing (AFH). HUD required both documents to be submitted in consecutive years, though the 2016 AI contains much of the framework as required by the AFH, per the new federal rule to Affirmatively Further Fair Housing. This update provides an in-depth review of city housing policies and land use and zoning regulations and also incorporates elements of the successor study as required by HUD. This study examines in further depth any groups or individual citizens not captured in the 2016 AI participation, especially such persons who reside in areas identified as Racially or Ethnically-Concentrated Areas of Poverty (R/ECAP's), Limited English Proficient (LEP) persons, and persons with disabilities. Some of the barriers or impediments to affordable housing identified in the 2011 AI still exist according to the 2016 analysis and mitigation steps are incorporated in the 2018-22 Consolidated Plan as well as the 2019 Annual Action Plan.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

1. Lack of affordable housing; efforts are being made to introduce an ADU ordinance which will ease restrictive Land Use codes for building accessory dwellings, and therefore, provide incentive for infill development and increased accessory dwelling housing throughout the City.
2. Some residents lack equal access to opportunity due to lower performing schools in high-poverty neighborhoods, and the lack of public transportation; CDBG projects funded through the RFP process are scored based upon livability and sustainability to include higher scoring for walkability to services, transportation and quality schools.
3. Lack of fair housing information and supportive services; The City's Fair Housing Assessment is accessible to the public on the City website and is updated every few years. The Annual Action Plan and projects chosen for the year are largely influenced by the needs outlined in the FHA.
4. Stakeholders continue to view neighborhood resistance or NIMBYism (Not-In-My-Backyard mentality) as a barrier to fair housing choice; one quarter of these survey respondents identified this as a “very serious” contributing factor; The public engagement survey application of MetroQuest, will be incorporated into the outreach plan and used to provide an online venue, accessible through the City's website and social media. The application will be utilized to attract a more demographically diverse representation in voices and opinions to be shared throughout the City.

The City works with Spanish speaking fair housing advocates that actively meet with approximately 75 local small businesses and non-profit organizations that distribute fair housing literature published by the City and describe tenant rights.

The City of Santa Fe has been exploring efforts to potentially redevelop several of its underused corridors that have infrastructure and could support rental housing, and which wouldn't have existing residential neighbors concerned about higher density housing developments, while also providing easy access to transportation. These include the Siler Road corridor and the Midtown Local Innovation Corridor District, or Midtown LINC, at St. Michael's Drive.

Currently in place, an amendment to the City's Chapter 26 of the city's code which governs the Santa Fe Homes Program and allows multi-family developers of rental housing to pay a fee-in-lieu by right, rather than incorporating subsidized units on-site. Fees are established on an "affordability gap" basis, estimating the difference between an affordable rent, averaged over three income tiers, and HUD's Fair Market Rent. In the upcoming year, the code will sunset and will be amended to appropriately charge fee amounts, provide incentives and flexible options for the purpose of encouraging development that meets the community's current needs. The objective is to generate enough revenue to fund a rental assistance program for tenants that can be used citywide and does not have high requirements for eligibility. The assistance could be used for a variety of needs - rent, utilities, rental/utility arrears, rental deposits, etc. Another objective is to remove a financing barrier for multi-family housing with the expectation that the development of multi-family units will also loosen up some of the demand for existing units, stemming rising rental rates but also providing more options for voucher holders to use their subsidies. As with any revenue generated or earmarked for affordable housing, use of the funds is dictated by city code and must be compliant with the NM Affordable Housing Act.

Discussion:

The most recent data shows a current occupancy of almost 98 percent for all rental housing in Santa Fe. In the furtherance of planned actions to ameliorate barriers, the City has researched development proposals with the Land Use department, affordable housing service providers and with the County and as a result, provides general information on developments in this section. The Office of Affordable Housing is tracking the following apartment development proposals that have come up within the past year which are in varying stages:

Rodeo Village: a proposed 188-unit market-rate apartment project located on Rodeo Road, just west of St. Francis Drive and adjacent to the railroad tracks. The site area is just over eight acres, and the project will include multiple buildings of two and three stories, plus amenities to include a fitness center and pool. Construction is anticipated to commence by the end of 2019.

Gerhart Apartments: A 258-unit apartment complex proposed for an approximate 11-12-acre site on South Meadows Road in SW Santa Fe. It has not received development approvals, but was recently awarded an upgrade in zoning from R-1 to R-21. All units would be available at market rent (no income-

restricted) and would target a mid-price apartment tenant. At this time, an affordable housing payment fee-in-lieu has been discussed.

Madera Apartments: A 355-proposed apartment complex that is currently seeking land use approvals for a zoning change to accommodate higher density use. Located near Gerhardt and with easy access to the bypass route, the units could provide much needed workforce housing for those commuting downtown or even to Albuquerque.

Markana Apartments: A 188-unit project in the development approval process that is proposed for a 7-acre site near Home Depot. The units will be rented at moderate rents and residents will have easy access via transit to Santa Fe's main commercial areas.

Turquesa Apartments: A 240 unit apartment project that has received final approvals from the Planning Commission. Located near the Santa Fe Place Mall, the site offers great access to shopping, transit, other amenities and the Arroyo Chamiso bike trail.

Vizcaya III: the final phase of an existing rental property, this project will offer 52 units, with a mix of 1 and 2 bedroom sizes. The site is located near shopping areas, transit and a trail connection to the Arroyo Chamiso trail.

Capital Flats: this project is located in a redeveloping mid-town area near the Capital Station Railrunner Station and will provide 139 studio, 1BR and 2BR units. The property is within walking distance of several retail centers and the Rail Trail which connects to the Acequia Trail and the Arroyo Chamiso trail for bicycle and pedestrian connectivity.

Acequia Lofts: this multifamily community is planned for site off Agua Fria road, in a transition area between single family neighborhoods and the more commercial and mixed use areas near the intersection with Siler Road. 120 units will be built in a combination of 1BR and 2BR sizes. The site is located near the River Trail and easy biking distance of downtown, shopping areas, and community amenities.

AP-85 Other Actions – 91.220(k)

Introduction:

This section describes additional efforts to address obstacles to meeting underserved needs, promote efforts to coordinate and facilitate the many elements related to housing, create suitable living environments, and promote economic development for low and moderate income persons.

Having a roof over one's head is one of our essential needs as human beings, as important as eating, sleeping, and receiving medical care. Yet, too often, the poor, the disabled, the elderly and even many in the workforce are not able to afford a house that meets their needs. A lack of high quality housing directly affects one's ability to build wealth, participate in civic activities, enjoy leisure time, and most of all, to have a decent and safe place to live. The overall health and vitality of a community suffers directly when its residents aren't housed adequately.

In Santa Fe, this situation is compounded by the fact that as a tourist destination, the city has attracted people from all over the world to live here, driving up the value of real estate beyond the ability of many locals to afford housing. As noted earlier, the recession helped to level out skyrocketing appreciation, which has made homeownership more affordable for those with moderate incomes. However, those earning low incomes, mostly renters, are even more hard-pressed to attain affordable housing.

Actions planned to address obstacles to meeting underserved needs

The primary obstacle to meeting underserved needs is the lack of available resources. With continuing reductions in the available resources, the number of people and the extent to which they can be served is declining. The local economic environment is generally positive. Unemployment is low and the community has seen some commercial growth. However, recovery from the damage that was done to the financial status of many households, especially low and moderate income households, is still slow; for many, recovery has not happened. The City remains committed to using its limited financial resources in the most effective and efficient manner possible and to collaborate with other agencies and programs to address the community's needs.

Even before the economic downturn, a common obstacle to the underserved need of homeownership for Santa Fe residents was lack of credit worthiness and the inability to save a down payment for a home. Several of the City's partner organizations offer assistance in the rebuilding of credit history, as well as homebuyer education programs.

A focus in 2018 as well as 2019, has been on the development of new, sustainable (in location, as well as efficiency) affordable units and sustainable rehabilitation of existing units in order to maintain affordable rent and housing stock as well as increase the availability of affordable housing. The City of Santa Fe's 25-Year Sustainability Plan was adopted in December 2018 and is focused upon taking the necessary steps to become carbon neutral by 2040, while increasing ecological resilience, economic

vitality, quality of life and social equity for Santa Feans. Increasingly, interdisciplinary efforts are being made throughout the City to address the triple bottom line needs outlined in the 25-Year Plan for resiliency and sustainability through scaling and scoring each project's impact in environmental, economic and social health giving preference to the projects that will provide the most positive impact(s).

Actions planned to foster and maintain affordable housing

The City of Santa Fe is committed to providing funding that supports innovative and sustainable housing solutions that result in permanently affordable and sustainable housing for residents who live and/or work in Santa Fe. It will continue to prioritize the use of CDBG and the Affordable Housing Trust Fund allocations to support mortgage principal reduction assistance, home repair and rental assistance. The City also provides administrative funding to nonprofit partners to provide housing and/or housing-related services. The Youth and Family Services Division funds several programs that serve homeless and those with special needs and the City's Office of Affordable Housing provides funding to support homebuyer training and counseling and support for existing homeowners through home repair, refinancing, and Home Equity Conversion Mortgages (HECM).

The City's inclusionary zoning program requires all residential developments to provide a percentage of the total units as affordable, 20% for homeownership units and 15% for rental units. As mentioned in AP-75, an ordinance amendment allows for a fee in lieu to be paid, by right, for multi-family rental development. The fee is calculated using an "affordability gap" basis: the subsidized rent amount subtracted from the area's fair market rent. Fees paid support the Affordable Housing Trust Fund, which, in turn, can fund rental assistance throughout the City as well as down payment assistance. The incentives for this program are a 15% density bonus, fee reductions for water and wastewater connections and fee waivers for development review and permit fees. The affordability of homes created through the SFHP is controlled by the placement of a lien on the property that constitutes the difference between the appraised value of the home and the subsidized/effective sales price paid by the income-qualified buyer. If the unit is sold, the lien is either transferred to the new affordable buyer who is income qualified or repaid into the City's Affordable Housing Trust Fund (AHTF).

Actions planned to reduce lead-based paint hazards

According to the State of NM Department of Health, Santa Fe has low risk factors for lead exposure in children. 9.6% of its housing stock was built before 1950 and in 2011, 0 children in Santa Fe County tested positively for elevated blood levels. More recent studies by the NMDOH identified Santa Fe County as having "low levels" of lead exposure, as cited in the NM Epidemiology Report, April 2017. The Office of Affordable Housing also conducts environmental reviews on all CDBG-funded activities. In cases where individual homes are older than 1978 and may have lead based paint, the subrecipient is

required to follow all applicable law to assess the presence of lead and remediate it, if necessary.

Additionally, the City of Santa Fe's housing partners - Habitat for Humanity, The Housing Trust and Homewise - must notify homeowners of any potential lead-based paint issues as part of every home-buying transaction. If a homebuyer purchases an already existing home with financial assistance from the Housing Trust or Homewise, they are given a lead-based paint disclosure form that must be signed. If a home is purchased that was built before 1978, the EPA lead-based paint pamphlet entitled "Protect Your Family from Lead in Your Home" is also given to the homeowner. All federally funded home-repair activities are also subject to stringent guidelines for lead-based paint assessment and remediation. Both Habitat and Homewise are experienced in addressing the presence of lead-based paint in their home rehabilitation programs. Any presence of lead-based paint is remediated by a certified professional.

Actions planned to reduce the number of poverty-level families

As part of an anti-poverty strategy, the City will work toward implementing the following:

- Establish priorities for allocating federal tax credits to mixed income rental developments where at least 30% of the rental units will be affordable to households earning less than 50% of the AMI; (The Soleras Station project funded through CDBG initiated this strategy. The Siler Yard and Calle Resolana projects breaking ground in 2019-2020 will provide continuity in 2019 for this focus.)
- Fund a local housing voucher program to provide assistance to the homeless and near homeless; (Local funds will support a voucher program administered through Life Link.)
- Modify the Santa Fe Homes Program (SFHP) so that the rental requirement is relevant to the housing needs in the community. (Underway)
- Work with for-profit and non-profit organizations to develop one new multi-family, mixed income rental property. Total units not to exceed 100 per project (Support for the Siler Yard is ongoing);
- Identify all existing affordable rentals and develop a preservation plan as needed. (Underway as part of the revitalization of the Midtown Campus project.)

Given the city's high rate of cost burden, even for homeowners, it is apparent that continued focus on rehabilitation, home repair, and other support services is essential to alleviating poverty in Santa Fe.

Specific programs that reduce the number of poverty level families are:

- Conserve and maintain Santa Fe's existing housing stock and residential neighborhoods.
- Continue to support rehabilitation loan programs targeted toward low to moderate income homeowners (50%-80% AMI), which includes home renovations, emergency repairs and energy conservation measures including the purchase of new appliances, retrofits, and solar water

heaters.

- Support the SFCHA's ongoing RAD conversion projects to renovate public housing units, building new units when feasible.

Actions planned to develop institutional structure

During the current program year, the City will continue the successful institutional delivery efforts and, when needs arise, work with partners to address those challenges with program delivery.

The biggest challenge for the City of Santa Fe over the next five years will be to continue to address the increasing demands of housing needs with limited financial resources. The City of Santa Fe's model of service delivery is to pass through most federal funds to sub-grantees and enter into administrative contracts with service providers who provide the services. This ensures that services are provided in the most efficient and relevant manner as possible. The sub-grantees are then able to leverage additional programming and project funds, including LIHTC, HOME, ESG, CDFI, as well as funds allocated through the state's Mortgage Finance Authority.

The main strengths of the current institutional delivery system is the wide range of services provided by the City or the funding of Non-profit organizations to offer an array of services to low to moderate income residents. The City of Santa Fe will carry out the priorities in the Consolidated Plan and subsequently, the 2019 Annual Action Plan, by continuing to collaboratively work with our non-profit partners. The City's philosophy is to help build the capacity of our service providers, rather than increase the size of the City's bureaucracy. The City and its staff serve as advocates and coordinators for our partner non-profits. Another strength is the diversity of services provided with little overlap because of the coordination between City departments as well as between the City and the non-profit organizations. This communication and cooperation are key to ensuring that the services reach a wide range of the population who are in need, including homeless, senior citizens, low/mod income, at risk youth and people with special needs and disabilities.

Actions planned to enhance coordination between public and private housing and social service agencies

The City of Santa Fe has a long and successful history of working with the nonprofit, private, and governmental sectors to create collaborative partnerships. The City encourages partnerships with the state and federal governments to expand funding for affordable housing, especially housing for people with disabilities, seniors, minorities, female-headed populations and various special needs populations. The City acts as a convener through its use of funds to support a variety of housing services and programs related to housing security. Through its various citizen committees (Community Development Commission, Veterans Affairs Committee, the Mayor's Panel on Disability, the newly formed Mayor's Task Force on Homelessness, Built for Zero Initiative with Community Services, the Children and Youth Committee, and more efforts to network with Economic Development for the increase of affordable

workforce housing stock, etc.) the City ensures that funds are deployed to maximum benefit in the community. The Family and Youth Services Office funds numerous transitional homeless programs including: Youth Shelters (outreach, transitional living, and emergency shelter), Interfaith (Women's and Community Shelter), St Elizabeth Shelter (Men and Family shelter). In addition, the Veterans Advisory Board funds a veteran support worker through the Veterans Integration Center (VIC) and rental space at Interfaith for a Homeless Veterans Coordinator through the Veterans Administration. The City also funds Adelante school based program and Communities in Schools to identify and work with homeless families in Santa Fe Public Schools. CDBG funds are being used to provide renovation of a permanent supportive housing program (Casa Cerrillos) run by St Elizabeth Shelter, as well as the funding necessary to support an outreach coordinator for the Drop In Center run by Youth Shelters.

Specific projects that bridge economic development needs with that of housing providers and social services agencies include: redevelopment of the Midtown Campus; support of the Siler Yard live/work affordable housing project; support of the housing needs for youth participating in the Youthworks Culinary job training program; and support for low-mod homebuyers/homeowners which directly supports the local economy and the triple bottom line address of social, economic and environmental sustainability practices adoption throughout the City.

Discussion:

The most obvious gap is the reduction in funding on all levels from the federal to the local levels. Another effect of the recent economic downturn is the increase in households at risk becoming homeless or experiencing episodic homelessness. Without an increase in resources to support services and facilities, the service providers are grappling with limited capacity to meet emerging needs. In response, the Santa Fe City Council has supported an innovative combination of regulation, policy and financial support for the development, preservation and improvement of affordable housing.

The City's philosophy is to help build the capacity of community-based service providers, rather than to increase the size of its bureaucracy. This has been achieved by providing local funding to support administrative contracts in all areas of nonprofit services – affordable housing, youth programs, human services and economic development. As a result, the nonprofit network in Santa Fe is among the strongest in the state of New Mexico. Many pilot programs initiated in Santa Fe have been replicated not only statewide, but across the nation.

Another strength of the City's service delivery model is that a wide diversity of services is provided with little overlap because of the coordination between City departments as well as between the City and the non-profit organizations. This communication and cooperation are key to ensuring that services reach a those in the most need, including homeless families and individuals and those in danger of becoming homeless, veterans, senior citizens, victims of domestic violence, very-low income renters, at risk youth and people with special needs and disabilities.

Future production of new units will need to reflect the needs of emerging populations, specifically older,

smaller households; the elderly; the self-employed; and special needs groups such as veterans. Market demand for single-family suburban style housing is decreasing as more households seek housing that is close to transportation, economic centers, services and amenities and can be adapted to changing needs to allow “aging in place” and entrepreneurial activities. As a manner of addressing these needs, a new resolution to increase accessible dwelling units is in the works with Land Use and Housing partnering to create solutions to the challenge. The resolution, if adopted, will affect zoning regulations and density barriers, and proposes ADU's as age in place alternatives that will also serve to provide much needed, additional infill housing inventory throughout the City.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

This section identifies program income that is available to the City of Santa Fe for use that is included in projects to be carried out during PY2019.

Projects funded for FY2019-2020 reflect a variety of programs, facilities and services in addition to the programs that are most commonly funded by the City – down payment assistance for homebuyers and home improvement for low-to moderate-income households as well as rental rehab projects and new affordable rental development. Public services are limited to 15% of the entitlement award and for this upcoming year four projects were funded: Adelante Elementary School liaison, Youth Shelters Outreach and Drop In Center, the Womens Summer Safe Haven Shelter and Coming Home Connection-Casa Cielo. Additionally, the City operates a local affordable housing trust fund (AHTF) that is funded through developer fees, pay off of City-held affordability liens, and land sales revenues from City-held mortgages. When a funding balance is accrued to support an allocation of local funds, the City disburses them in alignment with CDBG funds. The trust funds are monitored by the NM Mortgage Finance Authority for compliance with the NM Affordable Housing Act which allows funds to be used for beneficiaries earning up to 120% AMI (area median income). This enables the subrecipients to serve a full range of incomes as CDBG funds are used for those at 80% AMI and below and the AHTF can be used for those 81-120 AMI%.

The activity proposed for funding in this amendment will not result in the generation of program income.
