Spring begins March 20th. It might just be me, but this winter seems to have gone on and on. I’m so ready for the warmth of Spring, not necessarily the wind, but I’ll take it. I am happy we received some snow, but am very aware it’s not enough, maybe if we put our thoughts together, we’ll get more moisture.

As you know by now the mask mandate has been lifted, for how long, who knows, but it’s lifted. What does that mean for us here at Senior Services? As I am writing my report it’s less than 24 hours since the announcement. Our staff is still mandated to wear masks for now. There are a lot of things to pull together first, but I would like to reopen the MEG Senior Center in April. We will transition back, starting with meals and some transportation. We should have a more detailed process description in the April newsletter. Cross your fingers.

I wanted to announce the departure of Kristin Slater-Huff our beloved RSVP program administrator. She has taken another job, of course volunteering is part of it. We will miss her and have been very fortunate to have her. Please join me in wishing her the best.

In Kristin’s absence will be hiring a new RSVP administrator/newsletter editor. Please bear with us on the newsletter. We will do our best, but if we leave anything out know it was not on purpose.

Please be safe.
Senior Services Schedule for March

Due to the continued threat of COVID 19, Senior Services is operating with limited services. For those age 60 or over, we provide:

- Lunch at the curbside of MEG Senior Center, 1121 Alto St. weekdays 10:30 a.m. to 12:30 p.m. All seniors are welcome.

- Weekday meals delivered to homebound seniors who are unable to drive to get curbside meals.

- Transportation to doctor offices, pharmacies, and vaccine appointments, with a reservation made 5 days to 24 hours in advance.

Please call (505) 955-4700 for Transportation.

You may call (505) 955-4721 to register with Senior Services and request meals.

Daylight Savings

Daylight Savings begins March 13th. Turn your clock ahead one hour when before to bed on the 12th.

30 Years of Angels in the Kitchen

Local nonprofit organization Kitchen Angels is celebrating its 30 Year Anniversary with an array of events planned throughout 2022 including:

- Quarterly Cooking Classes at Kitchen Angels: Hands-on cooking classes at Kitchen Angels with local premiere chefs. Prepare an Inter-national culinary dish to be enjoyed afterward. March, May, August, October, 2022. $45 fee includes cooking class and prepared meal. Limited to 16 guests/class.

For the past 30 years, Kitchen Angels has enhanced the quality of life and supported the dignity of homebound individuals who are unable to prepare their own meals. Kitchen Angels is a community-based, volunteer-driven agency that provides free, home-delivered meals to people in Santa Fe who are homebound living with life-challenging health conditions.

For more information and to purchase tickets please visit www.kitchenangels.org/30years.

March Grocery Distributions

Drive-through grocery distributions for Santa Feans in need are offered at The Food Depot at 1222 Siler Road 7:00 – 9:00 a.m. Thursdays, March 3, 17 & 31.

Do Not Call Registry
(From www.portal.gov)

If you register with the national Do Not Call Registry through the Federal Trade Commission (FTC), you are protected from legitimate telemarketers calling with information and offers. Unfortunately, scammers and bad actors often ignore the Do Not Call Registry.

The Do Not Call Registry accepts registrations from both cell phones and landlines. Most legitimate telemarketers do not call your number once you've been registered for 31 days. You can register both your home land line and your cell phone. Your number stays on the registry until your phone service is disconnected, or until you request the number be removed. Federal Communications Commission (FCC) regulations prohibit telemarketers from using automated dialers to call cell phone numbers without prior consent from the consumer.

Exemptions to the “Do Not Call” Registry:

- A business about an existing debt, contract, or payment.
- A business that has opened within the last year.
- Prerecorded messages or emergency calls needed for health and safety.
- Calls for which you have given prior consent.
- Calls that you have opted in to receive. Calls by, or on behalf of, tax-exempt non-profit organizations.
- Calls from political campaigns.

To Register for the National Do Not Call Registry:

Call toll-free from the phone you want to register: 1-888-382-1222.

Join an Alzheimer's Research Study

Have you or someone you know been diagnosed with mild Alzheimer’s disease? A study researching a different approach for mild Alzheimer's disease using a neurosurgical procedure called Deep Brain Stimulation (DBS) is seeking participants who: Are age 65+; are in general good health; have mild Alzheimer’s disease; and have a caregiver or family member who can accompany to doctor visits.

Participants will receive: Reimbursement for time and travel; Medicare coverage for treatment; and study-related care and psychological testing at no cost for 4 years. The company running the trial, Functional Neuromodulation, is not making a profit off this study. Note: Senior Services does not endorse this study. For more information, call (321) 307-9407 or go to www.MildAlzheimersStudy.com

RSVP (RETIRED SENIOR VOLUNTEER PROGRAM)
MARCH 2022

You are invited to join the RSVP Volunteer Program. If you are 55+, we will connect you with a volunteer opportunity to fit your lifestyle from more than 40 community-improving organizations. We support our volunteer corps with mileage reimbursement, supplemental insurance, educational events and volunteer recognition. [www.rsvpsantafe.org](http://www.rsvpsantafe.org)

Featured Volunteer Station:
**Assistance Dogs of the West (ADW)**

ADW raises and trains dogs to build successful working partnerships with clients that empower people and open doors to new opportunities. **To serve clients with disabilities**, ADW dogs complete one of the most demanding fields of dog training. From puppy selection through training and matching dogs with clients, they focus on mental, physical and emotional well-being of dogs in their care. Through their **Courthouse Facility Dogs** program, they place dogs in criminal justice settings where they help to foster a safer and more comfortable setting for children who must testify in court. Their **Warrior Canine Connection** teaches warriors with combat injuries how to train service dogs for other veterans with disabilities.

**Their volunteer Opportunities include:**

**Puppy Sitters** (from when a litter is born until 16 weeks old). Ensure the health, wellness and safety of the mother and puppies at the Puppy Enrichment Center (off Dinosaur Trail). Monitor the feeding and rotation of the puppies and feed them. Document their activities throughout the 2hr 45 min shift.

**Dog Snuggling/grooming** (puppies 16 weeks +). Also work with them on mental games/dog puzzles. Give one-on-one attention.

**Rail Trail Walks** (with dogs 16 weeks + for an hour, twice a week) Volunteers work with a Trainer to learn proper handling protocols.

**Puppy Raisers** (with dog 6 months-1 year old) After extensive vetting and training, volunteers may raise a puppy, reinforcing all the trainings and providing a home setting. Full or Part-Time.

To enroll with ADW through RSVP, go to our website or call Anya Alarid at (505) 955-4744.

Dear Stan,

I recently received my Social Security statement and noticed that my Medicare Part B premium had increased starting in January. Do you know why it changed and are there other Medicare costs that will go up that I need to know about? I’ve heard there is a ‘Hold Harmless’ provision for the Part B premium. What is it and how do I qualify? It seems like everything has gone up in price recently.

Sabrina,
Albuquerque, NM

Dear Sabrina,

Your Medicare coverage and costs can change each year. Medicare adjusts the amounts they charge for premiums, deductibles, and services based on the projected health services costs. You can read more about the Medicare benefit increases for 2022 by going to the Centers for Medicare and Medicaid Services (CMS) fact sheet here:

This year the Part B premium increased to $170.10. Most beneficiaries will pay the increase as it will be offset by the Social Security 5.9% Cost of Living Adjustment (COLA). To read more about the COLA, see the

Report Medicare Related Fraud by calling the New Mexico Senior Medicare Patrol (SMP) at
1-800-432-2080

The SMP will provide you with the information you need to PREVENT, DETECT and REPORT Medicare fraud, errors, and abuse.

(Continued on page 2)
ASK STAN
MARCH 2022

Social Security link here:
https://www.ssa.gov/cola/.

A small number of beneficiaries will pay a lower Part B premium due to a provision called Hold Harmless. This provision protects you from having to pay the increase of $170.10 in the Part B premium for 2022 if you meet the following conditions:

- You are entitled to Social Security benefits for November and December of 2021
- The Medicare Part B premium was deducted from your Social Security benefits in November 2021 through January 2022
- You do not have high income and are not subject to an Income Related Monthly Adjustment Amount (IRMAA)
- You do not receive a Social Security COLA large enough to cover the increased Part B premium

The Hold Harmless provision does not protect you from paying the higher $170.10 Part B premium if:

- You are new to Medicare in 2022
- You are subject to IRMAA
- You are enrolled in a Medicare Savings Program (MSP). However, the MSP should continue to pay your full Part B premium. You were enrolled in an MSP in 2021 but lost the program because your income rose, or you did not recertify for it
- Your Social Security COLA exceeded your Medicare Part B premium hike

If your Part B premium increased and you do not agree due to meeting the Hold Harmless provision criteria, call the New Mexico Aging & Disability Resource Center (ADRC) at 1-800-432-2080 and ask to speak to a State Health Insurance Assistance Program (SHIP) counselor for help.

Cinnamon Roll Overnight Oats
By Carolyn Casner
Source: EatingWell.com, October 2018

It takes just minutes to assemble this healthy no-cook breakfast and you’ll have meal-prepped grab-and-go breakfasts on hand for the rest of the week. Top these delicious vegan oats--inspired by classic cinnamon bun flavors--with fresh or frozen fruit and your favorite nuts and seeds.

Active Time: 5 mins; Total Time: 8 hrs Servings: 5

Ingredients
• 2 1/2 cups old-fashioned rolled oats (see Tip)
• 2 1/2 cups unsweetened nondairy milk, such as almond or coconut
• 8 teaspoons light brown sugar
• 2 1/2 teaspoons vanilla extract
• 1 1/4 teaspoons ground cinnamon
• 1/2 teaspoon salt

Directions
Stir oats, milk, brown sugar, vanilla, cinnamon and salt together in a large bowl. Divide among five 8-ounce jars. Screw on lids and refrigerate overnight or for up to 5 days.

Tip: People with celiac disease or gluten-sensitivity should use oats that are labeled “gluten-free,” as oats are often cross-contaminated with wheat and barley.

To make ahead: Refrigerate for up to 5 days.

Foods to Help You Live Longer
From www.eatingwell.com

Olive Oil
The monounsaturated fats in olive oil were largely responsible for the low rates of heart disease and cancer on the Greek island of Crete, and it contains polyphenols, powerful antioxidants that may help prevent age-related diseases.

Yogurt
While the age-defying powers of yogurt never have been proven directly, yogurt is rich in calcium, which helps stave off osteoporosis and contains “good bacteria” that help maintain gut health and diminish the incidence of age-related intestinal illness. Yogurt is delicious as a snack but also elevates smoothies, salad dressings, muffins and more.

Fish
Fish is an abundant source of omega-3 fats, which help prevent cholesterol buildup in arteries and protect against abnormal heart rhythms.

Chocolate
Cocoa, which is unusually rich in flavanols, helps preserve the healthy function of blood vessels. Maintaining youthful blood vessels lowers risk of high blood pressure, type 2 diabetes, kidney disease and dementia.

Nuts
Nuts are rich sources of unsaturated fats, so they offer benefits similar to those associated with olive oil. They’re also concentrated sources of vitamins, minerals and other phytochemicals, including antioxidants.

Wine
Drinking alcohol in moderation protects against heart disease, diabetes and age-related memory loss. Any kind of alcoholic beverage seems to provide such benefits, but red wine contains resveratrol, a compound that likely contributes to its benefits—and, according to animal studies, may activate genes that slow cellular aging.

Blueberries
Compounds in blueberries (and other berries) mitigate inflammation and oxidative damage, which are associated with age-related deficits in memory and motor function.

Fire Extinguisher Education
(from www.usfa.fema.gov)

There are several classes of fire extinguishers:

For use with **ordinary materials like cloth, wood and paper.**
Often found in homes and businesses

For use with **combustible and flammable liquids like grease, gasoline, oil and oil-based paints.**
Often found in homes and businesses

For use with **electrical equipment like appliances, tools, or other equipment that is plugged in.**
Often found in homes and businesses

For use with **flammable metals**
Often found in factories

For use with **vegetable oils, animal oils and fats in cooking appliances.**
Often found in commercial kitchens (restaurants, cafeterias, catering businesses)

There are also multi-purpose fire extinguishers that cover classes A through C. These are the most common household varieties.

Fire extinguishers can be helpful on a small fire.

**For larger fires, consider these questions in addition to possibly using your fire extinguisher:**

- Have I alerted others in the building that there’s a fire?
- Has someone called the fire department?
- Am I physically able to use a fire extinguisher?
- Is the fire small and contained in a single object (like a pan or a wastebasket)?
- Am I safe from the fire’s toxic smoke?
- Do I have a clear escape route?

Use a fire extinguisher when all of these questions are answered “yes.”

If you’re unsure about whether or not it’s safe to use a fire extinguisher, and for all other situations, alert others, leave the building, and call 911 from a mobile or neighbor’s phone. It is not recommended that children use fire extinguishers.

When operating a fire extinguisher, remember the word **PASS:**

- **P**ull the pin. Hold the extinguisher with the nozzle pointing away from you and release the locking mechanism.
- **A**im low. Point the extinguisher at the base of the fire.
- **S**queeze the lever slowly and evenly.
- **S**weep the nozzle from side-to-side.

Check your fire extinguishers for:

**Easy access in an emergency**
Be sure nothing is blocking or limiting your ability to reach it.

**The recommended pressure level**
Many extinguishers have gauges that show when pressure is too high or too low.

**Working parts**
Make sure the can, hoses and nozzles aren’t damaged, dented, or rusted.

**Cleanliness**
Remove any dust, oil, or grease that might be on the outside of the extinguisher.

**Guidelines and instructions**
Some extinguishers need to be shaken monthly, others need to be pressure tested every few years.
