NOTE TO PROPONENTS
ADDENDA #1 to PROPOSAL # '19/21/P

Please be advised of the following questions and answers related to RFP 19/21/P

1. Is the apostrophe supposed to be in the bid number?
 - a. Yes, the apostrophe is included intentionally and the official bid number is RFP #19/21/P.
2. Can you provide more context on the “public involvement / mitigation action app?”
 - a. The anticipation of those are to use web-based ESRI ArcGIS products to engage the public. Apps like Survey123 or Crowd Source Reporter to get feedback on things like hazards and mitigation actions. We also anticipate using Story Map to display the plan in a simplified way for those unlikely to pick up a 100+ page long form plan.
3. Are you able to share who developed Santa Fe’s original/current hazard mitigation plan?
 - a. The current plan is available on our website (https://www.santafenm.gov/hazard_mitigation_plan_1) and shows that B-Sting Ventures, LLC was the contractor.
4. Do items 6, 7 and 8 on page 15 of the RFP count as part of the 15 page limit or can those be considered attachments?
 - a. Those items, along with the completed cost schedule and resumes, are considered attachments. Other items not included in the page limitations are title pages, index/table of contents, letter of transmittal and any other attachments.

All other pertinent information to remain the same.

RECEIPT ACKNOWLEDGE BY PROPONENT

This addendum will be part of the proposal documents and shall be included with proposal submittal. Non-receipt of addenda by proponent in no way relieves proponent of obligation of compliance with any terms and conditions stated in the addenda.
