4.4 RESIDENT PREFERENCE & LOCAL PREFERENCE

INTENT AND POLICY

The City of Santa Fe recognizes that the intent of the state resident preference statute is to give New Mexico businesses and contractors an advantage over those businesses, manufacturers and contractors from outside the State of New Mexico. The underlying policy is to give a preference to those persons and companies who contribute to the economy of the State of New Mexico by maintaining businesses and other facilities within the state and giving employment to residents of the state (1969 OP. Att’y Gen. No. 69-42). The City also has adopted a policy to include a local preference to those persons and companies who contribute to the economy of the County of Santa Fe by maintaining businesses and other facilities within the county and giving employment to residents of the county.

APPLICATION-IN-STATE AND OUT OF STATE BIDDERS

With acknowledgment of this intent and policy, the preference will only be applied when bids are received from in-state and county businesses, manufacturers and contractors that are within 5% of low bids received from out-of-state businesses, manufacturers and contractors (13-1-21 (A) - 1-21 (F) and 13-4-2 (C) NMSA 1978).

To be considered a resident for application of the preference, the in-state bidder must have included a valid state purchasing certification number with the submitted bid.

Thus it is recommended that in-state bidders obtain a state purchasing certification number and use it on all bids, in order to have the preference applied to their advantage, in the event an out-of-state bid is submitted. In submitting a bid, it should never be assumed that an out-of-state bid will not be submitted.

For information on obtaining a state purchasing certification number, the potential bidder should contact the State of New Mexico Taxation and Revenue Department.

All resident preferences shall be verified through the State Purchasing Office. Applications for resident preference not confirmed by the state Purchasing Office will be rejected. The certification must be under the bidder's business name submitting the bid.

NON-APPLICATION-COMPETING IN-STATE BIDDERS

If the lowest responsive bid and the next responsive bids within 5% of the lowest bid are all from the state of New Mexico, then the resident preference will not be applied and the state purchasing certification number will not be considered. To be considered an in-state bidder in this situation, the bidders must meet the definition criteria of Chapter 13-1-21 (A)(1) and Chapter 13-4-2 (A) NMSA 1978. After examining the information included in the bid submitted, the city Purchasing Director may seek additional information of proof to verify that the business is a valid New Mexico business. If it is determined by the city Purchasing Director that the information is not factual and the low responsive bid is actually an out-of-state bidder and not a New Mexico business, then the procedures in the previous section may be applied.

If the bidder has met the above criteria, the low responsive "resident" bid shall be multiplied by .95. If that amount is then lower than the low responsive bid of a "non-resident" bidder, the award will be based taking into consideration the resident preference of 5%.

APPLICATION FOR LOCAL PREFERENCE

For the purposes of this section, the terms resident business and resident manufacturer shall be defined as set out in Section 13-1-21 NMSA 1978; the term local as applied to a business or manufacturer shall mean:

Principal Office and location must be stated: To qualify for the local preference, the principal place of business of the enterprise must be physically located within the Santa Fe County Geographic Boundaries. The business location inserted on the Form must be a physical location, street address or such. DO NOT use a post office box or other postal address. Principal place of business must have been established no less than six months preceding application for certification.

The PREFERENCE FACTOR for resident and local preferences applied to bids shall be .95 for resident and .90 for local. The local preference for proposals shall be 1.10.

New Mexico Resident Veteran Business Preference. New Mexico law, Section 13-1-22 NMSA 1978, provides a preference in the award of a public works contract for a "resident veteran business". Certification by the NM Department of Taxation and Revenue for the resident veteran business requires the Offeror to provide evidence of annual revenue and other evidence of veteran status.

An Offeror who wants the veteran business preference to be applied to its proposal is required to submit with its proposal the certification from the NM Department of Taxation and Revenue and the sworn affidavit.

If an Offeror submits with its proposal a copy of a valid and current veteran resident business certificate, 7%, 8%, or 10% of the total weight of all the evaluation factors used in the evaluation of proposal may be awarded.

The local preference or resident business preference is not cumulative with the resident veteran business preference.

Bids for Goods and Services. When bids for the purchase of goods or services pursuant to Section 22 are received, the lowest responsive bid received from those bidders in the first category listed below shall be multiplied by the Preference Factor. If the resulting price of that bid receiving the preference is lower than or equal to the lowest bid of all bids received, the contract shall be awarded to that bidder receiving the preference. If no bids are received from bidders in the first category, or if the bid receiving the preference does not qualify for an award after multiplication by the Preference Factor, the same procedure shall be followed with respect to the next category of bidders listed to determine if the bid qualifies for award. The priority of categories of bidders is:

- (1) Local business.
- (2) Resident business.

Proposals for Goods and Services. When proposals for the purchase of goods or services pursuant to Section 23 are received, the evaluation score of the proposal receiving the highest score of all proposals from those proponents in the first category listed above shall be multiplied by the Preference Factor. If the resulting score of that proposal receiving the preference is higher than or equal to the highest score of all proposals received, the contract shall be recommended to that proponent receiving the preference. If no proposals are received from proponents in the first category, or if the proposal receiving the preference does not qualify for an award after multiplication by the Preference Factor, the same procedure shall be followed with respect to the next category of proposals listed to determine if a proponent qualifies for award.

Qualifications for Resident Preference. No resident business or manufacturer, as defined, shall be given any preference in the awarding of contracts for furnishing goods or services to the city, unless it shall have qualified with the State Purchasing Agent as a resident business or manufacturer and obtained a certification number as provided in Section 13-1-22 NMSA 1978. The certification number must be submitted with its bid for an Offeror to qualify for this preference. The Central Purchasing Office shall determine if a resident preference is applicable to a particular offer on a case by case basis.

Qualifications for Local Preference. The Central Purchasing Office shall have available a form to be completed by all bidders/proponents who desire to apply for the local preference as a local business. The completed form with the information certified by the Offeror must be submitted by the bidders/proponents with their bid or proposal to qualify for this preference.

Limitation. No Offeror shall receive more than a 5% for resident and 10% for local preference pursuant to this section on any one offer submitted. A bidder may not claim cumulative preferences.

Application. This section shall not apply to any purchase of goods or services when the expenditure of federal and/or state funds designated for a specific purchase is involved and the award requirements of the funding prohibit resident and/or local preference(s). This shall be determined in writing by the department with the grant requirements attached to the Purchasing Office before the bid or request for proposals is issued.

Exception. The City Council at their discretion can approve waiving the Local Preference requirements for specific projects or on a case by case basis if it is the City's best interest to do so.

New Mexico Resident Preference Number (if applicable) _____

4.5 SUBCONTRACTORS

4.5.1 The listing threshold amount for this project shall be five thousand dollars (\$5,000) or one-half of one percent of the architect's or engineer's estimate of the total project cost, not including alternates, whichever is greater. The General Contractor must list all Subcontractors who will perform work in excess of this threshold. Only one Subcontractor may be listed for each category as defined by the Contractor. The Subcontractor Fair Practice Act (13-4-31 through 13-4-43 NMSA 1978) shall apply.

The Bidder shall list on the Subcontractor Listing Form attached to the Bidding Document, all proposed Subcontractors or material suppliers for all trades or items. If the Bidder is awarded the contract, the listed Subcontractors and suppliers shall perform their trade scope of services as indicated unless a request for a change or substitution is approved by the City of Santa Fe for any reason as outlined herein. If the work is self-performed, the Prime Contractor shall list themselves on the form.

4.5.2 The City of Santa Fe shall consider any request for a change in the listed Subcontractors if the Bidder can furnish evidence of being able to perform the work in a manner more satisfactory and beneficial to both the City of Santa Fe and the Bidder by using a different Subcontractor or self-performing said work. Satisfactory reasons for a substitution may include the inability to bond or lack of evidence of being able to furnish acceptable materials on schedule. Also, if the Bidder has made a legitimate error in listing a low Subcontractor, a request for substitution, made after the Bid Opening with the City of Santa Fe's approval, will be considered. CITY LIVING WAGE ORDINANCE AND POSTERS (00 4545.3)

28-1 LIVING WAGE.

28-1.1 Short Title.

This section may be cited as the "Living Wage Ordinance". (Ord. #2002-13, §1)

28-1.2 Legislative Findings.

The governing body of the city has determined that:

A. The public welfare, health, safety and prosperity of Santa Fe require wages and benefits sufficient to ensure a decent and healthy life for workers and their families;

B. Many Santa Fe workers earn wages insufficient to support themselves and their families;

C. Many Santa Fe workers cannot participate in civic life or pursue educational, cultural, and recreational opportunities because they must work such long hours to meet their households' most basic needs;

D. Minimum wage laws promote the general welfare, health, safety and prosperity of Santa Fe by ensuring that workers can better support and care for their families through their own efforts and without financial governmental assistance;

E. The average earnings per job in Santa Fe County is twenty-three percent (23%) below the national average and the cost of living is eighteen percent (18%) higher than the national average;

F. Housing costs in Santa Fe are much higher than in most other parts of New Mexico, and low income workers must therefore spend a disproportionate percentage of their income sheltering themselves and their families;

G. Livable wages also benefit employers and the economy as a whole by improving employee performance, reducing employee turnover, lowering absenteeism, and thereby improving productivity and the quality of the services provided by employees;

H. When businesses do not pay a livable wage, the community bears the cost in the form of increased demand for taxpayer-funded social services including homeless shelters, soup kitchens and healthcare for the uninsured. Coupled with high real estate values, low wages reduce the ability of low- and moderate-income residents to access affordable housing. As a result, the city has had to invest significant tax dollars to support affordable housing including funding to nonprofit organizations, purchasing land, building infrastructure and waiving fees. In addition, the city has allocated significant tax dollars to operate after school and summer recreation programs and to support nonprofit organizations offering an array of human services and children and youth services, all of which are needed by very low-income residents and their families;

I. It is in the public interest to require certain employers benefiting from city actions and funding, and from the opportunity to do business in the city, to pay employees a minimum wage, a "living wage", adequate to meet the basic needs of living in Santa Fe;

J. According to the 2000 Census, approximately twelve and three-tenths percent (12.3%) of the Santa Fe community lives below the poverty level; and

K. According to the New Mexico department of labor, twenty-three and one-half percent (23.5%) of Santa Feans who are employed in the nongovernmental sector earn hourly wages of ten dollars and fifty cents (\$10.50) per hour or less.

L. The governing body has reviewed the impact of previous minimum wage increases, relevant studies and other appropriate data, and finds that the city's minimum wage should be upwardly adjusted each year to keep pace with increases in the cost of living.

M. The governing body has found that limiting coverage of the minimum wage just to businesses with twenty-five (25) or more employees has hindered compliance and has created an uneven playing field among local businesses. (Ord. #2002-13, §2; Ord. #2003-8, §1; Ord. #2007-43, §1)

28-1.3 Authority of the City of Santa Fe.

This Living Wage Ordinance is adopted pursuant to the general welfare and police powers conferred upon the city of Santa Fe by §3-17-1 et seq. and §3-18-1 et seq. NMSA 1978, pursuant to the powers conferred upon the city of Santa Fe by New Mexico Constitution, Article X §§6(D) and 6 (E) and the Municipal Charter Act §3-15-1 et seq. NMSA 1978, which have been exercised by the city's adoption of its "Santa Fe Municipal Charter". (Ord. #2002-13, §3; Ord. #2003-8, §2)

28-1.4 Purpose.

The purposes of this section are:

A. To have the city of Santa Fe set an example for the public and private sectors by paying its employees a minimum wage adequate to meet the basic needs of living in Santa Fe.

B. To raise the income of low-income employees of employers who contract with the city, receive grants, subsidies or other benefits from the city or benefit from the opportunity to do business in Santa Fe. (Ord. #2002-13, §4; Ord. #2003-8, §3)

28-1.5 Minimum Wage Payment Requirements.

A. The following shall pay the minimum wage:

(1) The city of Santa Fe to all full-time permanent workers employed by the city. However, the provisions of this section are expressly limited by and subject to future union negotiations in compliance with the Fair Labor Standards Act and subsequent appropriations by the governing body in compliance with the Bateman Act;

(2) Contractors for the city, that have a contract requiring the performance of a service including construction services but excluding purchases of goods, shall pay the minimum wage to their workers and subcontractors performing work under the contract if the total contract amount with the city is, or by way of amendment becomes, equal to or greater than thirty thousand dollars (\$30,000.); and

(3) Businesses receiving assistance relating to economic development in the form of grants, subsidies, loan guarantees or industrial revenue bonds in excess of twenty-five thousand dollars (\$25,000.) to those employed by such entity for the duration of the city grant or subsidy; and

(4) Businesses required to have a business license or business registration from the city of Santa Fe and nonprofit organizations shall pay the minimum wage to their workers for all hours worked within the city of Santa Fe that month. For purposes of this paragraph, worker shall not include any person who is related by blood or by marriage to any person who may have or possess any ownership interest in the business that employs them. For purposes of identifying persons entitled to be paid the minimum wage, all individuals employed by or providing work to the business for compensation, whether on a part-time, full-time or temporary basis, during a given month shall be counted as a worker. This definition shall include contingent or contracted workers, and persons made available to work through the services of a temporary service, staffing or employment agency or similar entity. However, interns working for a business for academic credit in connection with a course of study at an accredited school, college or university or persons working for an accredited school, college or university while also attending that school, college or university, or persons working for a business in connection with a court-ordered community service program such as teen court or workers who are in an apprenticeship program in a 501C(3) organization (such as the Santa Fe Opera) shall not be counted as a worker for such purposes.

B. Beginning January 1, 2004, the minimum wage shall be an hourly rate of eight dollars and fifty cents (\$8.50). In computing the wage paid for purposes of determining compliance with the minimum wage, the value of health benefits and childcare shall be considered as an element of wages. On January 1, 2006, the minimum wage shall be increased to an hourly rate of nine dollars and fifty cents (\$9.50). Beginning January 1, 2009, and each year thereafter, the minimum wage shall be adjusted upward by an amount corresponding to the previous year's increase, if any, in the consumer price index for the western region for urban wage earners and clerical workers.

C. For workers who customarily receive more than one hundred dollars (\$100.) per month in tips or commissions, any tips or commissions received and retained by a worker shall be counted as wages and credited towards satisfaction of the minimum wage provided that, for tipped workers, all tips received by such workers are retained by the workers, except that the pooling of tips among workers shall be permitted

D. Nonprofit organizations whose primary source of funds is from Medicaid waivers are exempt.

E. Staff shall contract for a study or studies to review the impact of changes made to the Living Wage Ordinance approved as Ordinance No. 2007-43 on businesses of less than ten employees and on the student drop-out rate. The study shall be presented to the governing body no later than July 1, 2009. (Ord. No. 2002-13, §5; Ord. #2003-8, §4; Ord. #2005-40; Ord. #2007-43, §2)

8-1.6 Prohibitions Against Retaliation and Circumvention.

A. It shall be unlawful for any employer or employer's agent or representative to take any action against an individual in retaliation for the exercise of or communication of information regarding rights under this section. This section shall also apply to any individual that mistakenly, but in good faith, alleges noncompliance with this section.

B. Taking adverse action against an individual within sixty (60) days of the individual's assertion of or communication of information regarding rights shall raise a rebuttable presumption of having done so in retaliation for the assertion of rights.

C. It shall be unlawful for any business or employer to intentionally circumvent the requirements of this section by contracting portions of its operation or leasing portions of its property. (Ord. #2002-13, §6; Ord. #2003-8, §5)

28-1.7 Reserved.

Editor's Note: Former subsection 28-1.7, Compliance Through Collective Bargaining Process, previously codified herein and containing portions of Ordinance No. 2002-13, was repealed in its entirety by Ordinance No. 2004-38.

28-1.8 Enforcement; Remedies.

A. Administrative Enforcement. The city manager, or his/her designee, is authorized, as appropriate and as resources permit, to enforce this section. The city manager is authorized to investigate possible violations of this section. Where the city manager, after a proceeding that affords a suspected violator due process, concludes that a violation has occurred, the city manager may issue orders to the employer appropriate to effectuate

the complaining person's rights, including but not limited to back pay and reinstatement. The city manager also has the power to order termination of any and all economic benefit derived by any offending party from the city and has the power to revoke the employer's business license or registration.

B. *Criminal Penalty.* A person violating this section shall be guilty of a misdemeanor and, upon conviction, for each offense may be subject to fines and imprisonment as set forth in Section 1-3 SFCC 1987. A person violating any of the requirements of this section shall be guilty of a separate offense for each day or portion thereof and for each worker or person as to which any such violation has occurred.

C. *Other Remedies.* The city, any individual aggrieved by a violation of this section, or any entity the members of which have been aggrieved by a violation of this section, may bring a civil action in a court of competent jurisdiction to restrain, correct, abate or remedy any violation of this section and, upon prevailing, shall be entitled to such legal or equitable relief as may be appropriate to remedy the violation including, without limitation, reinstatement, the payment of any wages due and an additional amount as liquidated damages equal to twice the amount of any wages due, injunctive relief, and reasonable attorney's fees and costs.

D. *Nonexclusive Remedies and Penalties.* The remedies provided in this section are not exclusive, and nothing in this section shall preclude any person from seeking any other remedies, penalties, or relief provided by law. (Ord. #2002-13, §8; Ord. #2003-8, §6)

28-1.9 Effect.

Nothing in this Living Wage Ordinance shall be deemed to nor shall be applied in such a manner so as to have a constitutionally prohibited effect as an ex post facto law or impairment of an existing contract within the meaning of New Mexico Constitution, Article II, §19. (Ord. #2002-13, §9)

28-1.10 Severability.

The requirements and provisions of this section and their parts, subparts and clauses are severable. In the event that any requirement, provision, part, subpart or clause of this section, or the application thereof to any person or circumstance, is held by a court of competent jurisdiction to be invalid or unenforceable, it is the intent of the governing body that the remainder of the section be enforced to the maximum extent possible consistent with the governing body's purpose of ensuring a living wage for persons covered by the section. (Ord. #2002-13, §10; Ord. #2003-8, §7)

28-1.11 Notice; Posting; and Publication.

Any business subject to the provisions of this section shall as a condition to obtaining and holding a city of Santa Fe business license or registration, post and display in a prominent location next to its business license or registration on the business premises a notice, in English and Spanish, that the business is in compliance with the provisions of this section and in particular post the text of subsections 28-1.5, 28-1.6 and 28-1.8 SFCC 1987. Failure to comply with this subsection shall be construed a violation of this section and, in addition, shall be considered grounds for suspension, revocation, or termination of the business license or registration. (Ord. #2003-8, §8)

28-1.12 Living Wage Review.

The city shall conduct a review of this section on or before July 1, 2005. In conducting said review the governing body may, at its discretion and pursuant to a duly-adopted resolution, appoint an ad hoc committee to advise and assist in making recommendations regarding this section and to investigate the economic and social effects of this section on Santa Fe. The city will contract with an independent third party to develop an evaluation that will generate objective measures on the effect of the Living Wage Ordinance on the health, security, and livelihood of Santa Feans by March 31, 2003. Data necessary for such an evaluation on Santa Fe city businesses will be compiled and presented to the governing body for their review on or before July 1, 2003. In compiling the data, consideration should be given to potential impacts on youth employment and possible recommendations that might prevent unforeseen consequences hurting children in the community. The Contract may be amended or modified only by a Modification as defined in Subparagraph 1.1.1. The Contract Documents shall not be construed to create any contractual relationship of any kind between the City of Santa Fe's Representative and the Contractor, but the City of Santa Fe's Representative shall be entitled to performance of obligations intended for his benefit, and to enforcement thereof. Nothing contained in the Contract Documents shall create any contractual relationship between the City of Santa Fe or the City of Santa Fe's Representative and any Subcontractor or Sub-subcontractor.

1.1.3 THE WORK

The work comprises the design and completed construction required by the Contract Documents, and includes design specifications, and all labor necessary to produce such construction, and all materials and equipment incorporated or to be incorporated in such construction.

7.1 GOVERNING LAW

- 7.1.1 The Contract shall be governed by the law of the State of New Mexico.
- 7.1.2 The City of Santa Fe and the Contractor each binds himself, his partners, successors, assigns and legal representatives to the other party hereto and to the partners, successors, assigns and legal representatives of such other party in respect to all covenants, agreements, and obligations contained in the Contract Documents. Neither party to the Contract shall assign the Contract or sublet it as a whole without the written consent of the other, nor shall the Contractor assign any moneys due or to become due to him thereunder, without the previous written consent of the City of Santa Fe.

7.2 WRITTEN NOTICE

- 7.2.1 Written notice shall be deemed to have been dully served if delivered in person to the individual or member of the firm or entity or to an officer of the corporation for whom it was intended, or if delivered at or sent by registered or certified mail to the last business address known to him who gives the notice.

7.3 CLAIMS FOR DAMAGES

- 7.3.1 Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the other party or of any of his employees, agents or others for whose acts he is legally liable, claim shall be made in writing to such other party within a reasonable time after the first observance of such injury or damage.

7.4 PERFORMANCE BOND AND LABOR AND MATERIAL PAYMENT BOND

7.5 RIGHTS AND REMEDIES

- 7.5.1 The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.
- 7.5.2 No action or failure to act by the City of Santa Fe, the City of Santa Fe's Representative, or the Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

7.6 TESTS

- 7.6.1 This work shall consist of compaction testing, material testing, and other testing in accordance with the plans and specifications. If the Contract Document, laws, ordinances, rules, regulations or orders of any public authority having jurisdiction require any portion of the work to be inspected, tested or approved, the Contractor shall give the City of Santa Fe's Representative timely notice of its readiness so the City of Santa Fe's Representative may observe such inspection, testing or approval. The Contractor shall bear all costs of such inspections, tests or approvals. Tests specifically called for by specifications shall be made by a professional testing laboratory acceptable to the City of Santa Fe's Representative, and the Contractor shall employ same and pay all charges in connection therewith. Records of tests shall be delivered to the City of Santa Fe's Representative in duplicate on acceptable forms.
- 7.6.2 If the City of Santa Fe's Representative determines that any work requires special inspection, testing, or approval which Subparagraph 7.6.1 does not include, he will, upon written authorization from the City of Santa Fe, instruct the Contractor to order such special inspection, testing or approval, and the Contractor shall give notice as provided in Subparagraph 7.6.1. If such special inspection or testing reveals a failure of the work to comply with the requirements of the Contract Documents, the Contractor shall bear all costs thereof, including compensation for the City of Santa Fe's Representative's additional services made necessary by such failure; otherwise the City of Santa Fe shall bear such costs, and an appropriate Change Order shall be issued.

ARTICLE 8

TIME

8.1 DEFINITIONS

- 8.1.1 Unless otherwise provided, the Contract Time is the period of time allotted in the Contract Documents for Substantial Completion of the work as defined in Subparagraph 8.1.3, including authorized adjustments thereto.
- 8.1.2 The date of commencement of the work is the date established in a Notice to Proceed. If there is no Notice to Proceed, it shall be the date of the City of Santa Fe - Contractor Agreement or such other date as may be established therein.
- 8.1.3 The date of Substantial Completion of the work or designated portion thereof is the date certified by the City of Santa Fe's Representative and approved by the City of Santa Fe when construction is sufficiently complete, in accordance with the Contract Documents, so the City of Santa Fe can occupy or utilize the work or designated portion thereof for the use for which it is intended.
- 8.1.4 The term "day" as used in the Contract Document shall mean calendar day unless otherwise specifically designated.

8.2 PROGRESS AND COMPLETION

- 8.2.1 All time limits stated in the Contract Documents are the essence of the Contract.
- 8.2.2 The Contractor shall begin the work on the date of commencement as defined in Subparagraph 8.1.2. He shall carry the work forward expeditiously with adequate forces and shall achieve Substantial Completion within the Contract Time.

8.3 DELAYS AND EXTENSIONS OF TIME

- 8.3.1 If the Contractor is delayed at any time in the progress of the work by any act or neglect of the City of Santa Fe or the City of Santa Fe's Representative or by any employees of either, or by any separate Contractor employed by the City of Santa Fe or by changes ordered in the work, or by labor disputes, fire, unusual delay in unavoidable casualties, or any causes beyond the Contractor's control or by delay authorized by the City of Santa Fe pending arbitration, or by any other cause which the City of Santa Fe's Representative determines may justify the delay, then the Contract Time shall be extended by Change Order for such reasonable time as the City of Santa Fe's Representative may determine.
- 8.3.2 Any claim for extension of time shall be made in writing to the City of Santa Fe's Representative not more than twenty days after the commencement of the delay; otherwise it shall be waived. In the case of a continuing delay, only one claim is necessary. The Contractor shall provide an estimate of the probable effect of such delay on the progress of the work.
- 8.3.3 If written agreement is made stating the dates upon which interpretations shall be furnished, then no claim for delay shall be allowed on account of failure to furnish such interpretations until fifteen days after written request is made for them, and not then unless such claim is reasonable.
- 8.3.4 This Paragraph 8.3 does not exclude the recovery of damages for delay by either party under other provisions of the Contract Documents.

ARTICLE 9

PAYMENTS AND COMPLETION

9.1 CONTRACT SUM

- 9.1.1 The Contract Sum is stated in the City of Santa Fe - Contractor Agreement and including authorized adjustments thereto, is the total amount payable by the City of Santa Fe to the Contractor for the performance of the work under the Contract Documents.

9.2 SCHEDULE OF VALUES

- 9.2.1 Before the first Application for Payment, the Contractor shall submit to the City of Santa Fe's Representative a schedule of values allocated to the various portions of the work, prepared in such form and supported by such data to substantiate its accuracy as the City of Santa Fe's Representative may require. This schedule, unless objected to by the City of Santa Fe's Representative, shall be used only as a basis for the Contractor's Applications for payment.

9.3 APPLICATIONS FOR PAYMENT

- 9.3.1 At least ten days before the date for each progress payment established in the City of Santa Fe -Contractor Agreement, the Contractor shall submit to the City of Santa Fe's Representative an itemized Application for Payment, notarized if required, supported by such data substantiating the Contractor's right to payment as the City of Santa Fe or the City of Santa Fe's Representative may require and reflecting retainage, if any, as provided elsewhere in the Contract Documents. On the City of Santa Fe's Representative's recommendation, and after the Project is 50% or more complete, and if the Project is on schedule, the retainage may be reduced with the approval of the City of Santa Fe. The full Contract retainage may be reinstated if the manner of completion of the work and its progress do not remain satisfactory to the City of Santa Fe's Representative and the City of Santa Fe.
- 9.3.2 Unless otherwise provided in the Contract Documents, payments will be made on account of materials or equipment not incorporated in the work but delivered and suitably stored at the site; and, if approved in advance by the City of Santa Fe payments may similarly be made for materials or equipment suitably stored at some other location agreed upon in writing. Payments for materials or equipment stored on or off the site shall be conditioned upon submission by the Contractor of bills of sale or such other procedures satisfactory to the City of Santa Fe to establish the City of Santa Fe's title to such materials or equipment or otherwise protect the City of Santa Fe's interest, including applicable insurance and transportation to the site for those materials and equipment stored off the site.
- 9.3.3 The Contractor warrants that title to all work, materials and equipment covered by an Application for Payment will pass to the City of Santa Fe either by incorporation in the construction or upon the receipt of payment by the Contractor, whichever occurs first, free and clear of all liens, claims, security interest or encumbrances hereinafter referred to in this Article 9 as "liens"; and that no work, materials or equipment covered by an Application for Payment will have been acquired by the Contractor, or by any other person performing work at the site or furnishing materials or equipment for the Project, subject to an agreement under which an interest therein or an encumbrance thereon is retained by the seller or otherwise imposed by the Contractor or such other person.

9.4 CERTIFICATES FOR PAYMENT

- 9.4.1 The City of Santa Fe's Representative will, within seven days after the receipt of the Contractor's Application for Payment, either issue a Certificate for Payment to the City of Santa Fe with a copy to the Contractor for such amount as the City of Santa Fe's Representative determines is properly due, or notify the Contractor in writing of his reasons for withholding a Certificate as provided in Subparagraph 9.6.1.
- 9.4.2 The issuance of Certificate for Payment will constitute a representation by the City of Santa Fe's Representative to the City of Santa Fe, based on his observations at the site and the data comprising the Application for Payment, that the work has progressed to the point indicated; that, to the best of his knowledge, information and belief, the quality of the work is in accordance with the Contract Documents (subject to an evaluation of the work for conformance with the Contract Documents upon Substantial Completion, to the results of any subsequent tests required by or performed under the Contract Documents correctable prior to completion, and to any specific qualifications stated in his Certificate); and that the Contractor is entitled to payment in the amount certified. However, by issuing a Certificate for Payment, the City of Santa Fe's Representative shall not thereby be deemed to represent that he has made exhaustive or continuous on-site inspections to check the quality or

quantity of the work or that he has reviewed the construction means, methods, techniques, sequences or procedures, or that he has made any examination to ascertain how or for what purpose the Contractor has used the moneys previously paid on account of the Contract Sum.

9.5 PROGRESS PAYMENTS

- 9.5.1 After the City of Santa Fe's Representative has issued a Certificate for Payment, the City of Santa Fe shall make payment in the manner and within the time provided in the Contract Documents.
- 9.5.2 The Contractor shall promptly pay each Subcontractor upon receipt of payment from the City of Santa Fe, out of the amount paid to the Contractor on account of such Subcontractor's work, the amount to which said Subcontractor is entitled, reflecting the percentage actually retained, if any, from payments to the Contractor on account of such Subcontractor's work. The Contractor shall, by an appropriate agreement with each Subcontractor, require each Subcontractor to make payment to his Subcontractors in similar manner.
- 9.5.3 The City of Santa Fe's Representative may, on request and at his discretion, furnish to any Subcontractor, if practicable, information regarding the percentages of completion or the amounts applied for by the Contractor and the action taken thereon by the City of Santa Fe's Representative on account of work done by such Subcontractor.
- 9.5.4 Neither the City of Santa Fe nor the City of Santa Fe's Representative shall have any obligation to pay or to see to the payment of any moneys to any Subcontractor except as may otherwise be required by law.
- 9.5.5 No Certificate for progress payment, no progress payment, nor any partial or entire use of occupancy of the Project by the City of Santa Fe shall constitute an acceptance of any work not in accordance with the Contract Documents.

9.6 PAYMENT WITHHELD

- 9.6.1 The City of Santa Fe's Representative may decline to certify payment and may withhold his Certificate in whole or in part, to the extent necessary to reasonably protect the City of Santa Fe, if in his opinion he is unable to make representations to the City of Santa Fe as provided in Subparagraph 9.4.2.
- 9.6.2. If the City of Santa Fe's Representative is unable to make representations to the City of Santa Fe, as provided in Subparagraph 9.4.2 and to certify payment in the amount of the Application, he will notify the Contractor as provided in Subparagraph 9.4.1. If the Contractor and City of Santa Fe's Representative cannot agree on a revised amount, the City of Santa Fe's Representative will promptly issue a Certificate for Payment for the amount for which he is able to make such representations to the City of Santa Fe. The City of Santa Fe's Representative may also decline to certify payment, or because of subsequently discovered evidence or subsequent observations, he may nullify the whole or any part of any Certificate for Payment previously issued, to such extent as may be necessary in his opinion to protect the City of Santa Fe from loss because of:
- A) Defective work not remedied;
 - B) Third party claims filed or reasonable evidence indicating probable filing of such claims;
 - C) Failure of the Contractor to make payments properly to Subcontractors or for labor, materials or equipment;
 - D) Reasonable evidence that the work cannot be completed for the unpaid balance of the Contract Sum;
 - E) Damage to the work of another Contractor;
 - F) Reasonable evidence that the work will not be completed within the Contract Time; or,
 - G) Failure to carry out the work in accordance with the Contract Documents.
- 9.6.2 When the above grounds in Subparagraph 9.6.1 are removed or remedied, payment shall be made for amounts withheld because of them.

9.7 FAILURE OF PAYMENT

- 9.7.1 If the City of Santa Fe's Representative does not issue a Certificate for Payment, through no fault of the Contractor, within seven days after receipt of the Contractor's Application for Payment, or if the City of Santa Fe does not pay the Contractor within seven days after the date established in the Contract Documents any amount certified by the City of Santa Fe's Representative, then the Contractor may, upon seven additional days' written notice to the City of Santa Fe and the City of Santa Fe's Representative, stop the work until payment of the amount owing has been received. The Contract Sum shall be increased by the amount of the Contractor's reasonable costs of shut-down, delay and start-up, which shall be effected by appropriate Change Order in accordance with Paragraph 12.3.

9.8 SUBSTANTIAL COMPLETION

- 9.8.1 When the Contractor considers that the work, or a designated portion thereof which is acceptable to the City of Santa Fe, is substantially complete as defined in Subparagraph 8.1.3, the Contractor shall prepare for submission to the City of Santa Fe's Representative a list of items to be completed or corrected. The failure to include any items on such list does not alter the responsibility of the Contractor to complete all work in accordance with the Contract Documents. When the City of Santa Fe's Representative, with the City of Santa Fe, on the basis of an inspection determines that the work or designated portion thereof is substantially complete, he will then prepare a Certificate of Substantial Completion Form, AIA Document G704-1978, which shall establish the Date of Substantial Completion, shall state the responsibilities of the City of Santa Fe and the Contractor for security and maintenance, and the time within which the Contractor shall complete the items listed therein. Warranties required by the Contract Documents shall commence on the date of Final Completion of the work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion. The Certificate of Substantial Completion shall be submitted to the Contractor and the City of Santa Fe for their written acceptance of the responsibilities assigned to them in such Certificate.
- 9.8.2 Upon Substantial Completion of the work or designated portion thereof and upon application by the Contractor and certification by the City of Santa Fe's Representative, the City of Santa Fe shall make payment, reflecting adjustment in retainage, if any, for such work or portion thereof, as provided in the Contract Documents.

9.9 FINAL COMPLETION AND FINAL PAYMENT

- 9.9.1 Upon receipt of written notice that the work is ready for final inspection and acceptance and upon receipt of a final Application for Payment, the City of Santa Fe's Representative will promptly make such inspection and, if he finds the work acceptable under the Contract Documents and the Contract fully performed, he will promptly issue final Certificate for Payment stating that, to the best of his observations and inspections, the work has been completed in accordance with the terms and conditions of the Contract Documents and that the entire balance found to be due the Contractor and noted in said Final Certificate, is due and payable. The City of Santa Fe's Representative's Final Certificate of payment will constitute a further representation that the conditions precedent to the Contractor's being entitled to final payment as set forth in Subparagraph 9.9.2 have been fulfilled.
- 9.9.2 Neither the final payment nor the remaining retained percentage shall become due until the Contractor submits to the City of Santa Fe's Representative (1) an affidavit that all payrolls, bills for materials and equipment, and other indebtedness connected with the work for which the City of Santa Fe or his property might in any way be responsible have been paid or otherwise satisfied, (2) consent of surety, if any, to final payment, and (3) if required by the City of Santa Fe, other data establishing payment or satisfaction of all such obligations, such as receipts, releases and waivers of liens arising out of the Contract, to the extent and in such form as may be designed by the City of Santa Fe. If any Subcontractor refuses to furnish a release or waiver required by the City of Santa Fe the Contractor may furnish a bond satisfactory to the City of Santa Fe to indemnify him against any such lien. If any such lien remains unsatisfied after all payments are made, the Contractor shall refund to the City of Santa Fe all moneys that the latter may be compelled to pay in discharging such lien, including all costs and reasonable attorneys' fees.
- 9.9.3 If, after Substantial Completion of the work, final completion thereof is materially delayed through no fault of the Contractor or by the issuance of Change Orders affecting final completion, and the City of Santa Fe's Representative so confirms, the City of Santa Fe shall, upon application by the Contractor and certification by the City of Santa Fe's Representative and without terminating the Contract, make payment of the balance for that portion of the work fully completed and accepted. If the remaining balance for work not fully completed or corrected is less than the retainage stipulated in the Contract Document, and if bonds have been furnished as

provided in Paragraph 7.4, the written consent of the surety to the payment of the balance due for that portion of the work fully completed and accepted shall be submitted by the Contractor to the City of Santa Fe's Representative prior to certification of such payment. Such payment shall be made under the terms and conditions governing final payment, except that it shall not constitute a waiver of claims.

- 9.9.4 The making of final payment shall constitute a waiver of all claims by the City of Santa Fe except those arising from:
- A) Unsettled liens;
 - B) Faulty or defective work appearing after Substantial Completion;
 - C) Failure of the work to comply with the requirements of the Contract Documents; and
 - D) Terms of any special warranties required by the Contract Documents.
- 9.9.5 The acceptance of final payment shall constitute a waiver of all claims by the Contractor except those previously made in writing and identified by the Contractor as unsettled at the time of the final Application for Payment.
- 9.9.6 **No Final Payment shall be made until Contractor has submitted a full set of accepted "As-Built" documentation and drawings, manuals and accessory/operation cables.**

ARTICLE 12

CHANGES IN THE WORK

12.1 CHANGE ORDERS

- 12.1.1 A Change Order is a written order to the Contractor signed by the City of Santa Fe's Representative and the Contractor and approved in writing by the City of Santa Fe. A Change Order may be issued only after the execution of the Contract and shall be the only means used to order changes in the work for which the Contractor requires additional compensation, changes to the Contract Time, or changes to the Contract Sum. Minor changes in the work for which the Contractor requires no additional compensation or time shall be executed in accordance with the provision of Subparagraph 12.3.1.
- 12.1.2 The City of Santa Fe, without invalidating the Contract, may order changes in the work within the general scope of the Contract consisting of additions, deletions or other revisions, the Contract Sum and the Contract Time being adjusted accordingly. All such changes in the work shall be authorized by Change Order and shall be performed under the applicable conditions of the Contract Documents.
- 12.1.3 The cost or credit to the City of Santa Fe resulting from a change in the work shall be determined in one or more of the following ways:
- A) By mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;
 - B) By unit prices stated in the Contract Documents or subsequently agreed upon;
 - C) By cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee; or
 - D) By the method provided in Subparagraph 12.1.4.
- 12.1.4 If none of the methods set forth in Clauses 12.1.2 or 12.1.3 is agreed upon, the Contractor, provided he receives a written order signed by the City of Santa Fe, shall promptly proceed with the work involved. The cost of such work shall be determined by the City of Santa Fe's Representative on the basis of the reasonable expenditures and savings of those performing the work attributable to the change, including, in the case of an increase in the Contract Sum, a reasonable allowance for overhead and profit. In such case, the Contractor shall keep and present, in such form as the City of Santa Fe's Representative may prescribe, an itemized accounting together with appropriate supporting data for inclusion in a Change Order. Unless otherwise provided in the Contract Documents, cost shall be limited to the following: cost of materials, including sales tax and cost of delivery; cost of labor, including social security, old age and unemployment insurance, and fringe benefits, required by agreement or custom, workers' or workmen's compensation insurance; bond premiums; rental value of equipment and machinery; and the additional costs of supervision and field office personnel directly attributable to the change. Pending final determination of cost to the City of Santa Fe payments on account shall be made on the City of Santa Fe's Representative's Certificate for payment. The amount of credit to be allowed by the Contractor to the City of Santa Fe for any deletion or change which results in a net decrease in the Contract Sum will be the amount of the actual net cost as confirmed by the City of Santa Fe's Representative. When both additions and credits covering related work or substitutions are involved in any one change, the allowance for overhead and profit shall be figured on the basis of the net increase, if any, with respect to that change.
- 12.1.5 If unit prices are stated in the Contract Documents or subsequently agreed upon, and if the quantities originally contemplated are so changed in a proposed Change Order that application of the agreed unit prices to the quantities of work proposed will cause substantial inequity to the City of Santa Fe or the Contractor, the applicable unit prices shall be equitably adjusted.
- 12.1.6 By submission of a Bid, the Contractor agrees and binds himself to the following method of calculating Change Order costs. The City of Santa Fe also agrees to the following method of calculating the cost of any changes to the Contract. With each proposal for a change in the amount of the Contract, the Contractor shall submit an itemized breakdown of all increases or decreases in the cost of the Contractor's and all Subcontractor's and Sub-subcontractor's work to include at least the following detail in the general order listed:
- A) Material quantities and unit costs;
 - B) Labor amounts and hourly rates (identified with specific items of material to be placed or operation to be performed);

- C) Costs inherent in use of Contractor/Sub-subcontractor owned equipment;
- D) Equipment rental, if any;
- E) Workmen's compensation and public liability insurance;
- F) General administration, overhead, supervision, project insurance and profit, based on the following schedule:

<u>Subtotal before Applying the Percentage Shown</u>	<u>\$500 & Less</u>	<u>Over \$500</u>
Contractor for work performed by his own forces	22%	19%
Contractor for work performed by Subcontractor	10%	8%
Subcontractor for work performed by his own forces	18%	15%
Subcontractor for work performed by Sub-subcontractor	10%	8%
Sub-subcontractor for work performed by his own forces	18%	15%

- G) Employment taxes under FICA and FUTA; and
- H) State gross receipts tax (Contractor only).

12.1.7 The quotation for work under a Change Order shall be binding for sixty (60) days from the date submitted by the Contractor.

12.2.2 If the Contractor wishes to make a claim for an increase in the Contract Sum, he shall give the City of Santa Fe's Representative written notice thereof within twenty days after the occurrence of the event giving rise to such claim. This notice shall be given by the Contractor before proceeding to execute the work, except in an emergency endangering life or property, in which case the Contractor shall proceed in accordance with Paragraph 10.3. No such claim shall be valid unless so made. If such claims are justified and the City of Santa Fe authorizes an increase in the Contract Sum, the City of Santa Fe and the Contractor shall proceed to negotiate the amount of the adjustment in the Contract Sum. If the City of Santa Fe and the Contractor cannot agree on the amount of the adjustment in the Contract Sum, it shall be determined by the City of Santa Fe's Representative. Any change in the Contract Sum resulting from such claim shall be authorized by Change Order.

12.2.3 If the Contractor claims that additional cost is involved because of, but not limited to, (1) any written interpretation, (2) any order by the City of Santa Fe to stop the work pursuant to Paragraph 3.3 where the Contractor was not at fault, (3) any written order for a minor change in the work issued pursuant to Paragraph 12.3.1 or (4) failure of payment by the City of Santa Fe pursuant to Paragraph 9.7, the Contractor shall make such claims as provided in Subparagraph 12.2.2.

Contract Documents. Such changes shall be effected by written order and shall be binding on the City of Santa Fe and the Contractor. The Contractor shall carry out such written orders promptly.

ARTICLE 13

UNCOVERING AND CORRECTION OF WORK

13.1 UNCOVERING OF WORK

- 13.1.1 If any portion of the work should be covered contrary to the request of the City of Santa Fe's Representative or to requirements specifically expressed in the Contract Documents, it must, if required in writing by the City of Santa Fe's Representative, be uncovered for his observation and shall be replaced at the Contractor's expense.
- 13.1.2 If any portion of the work has been covered which the City of Santa Fe's Representative has not specifically requested to observe prior to being covered, the City of Santa Fe's Representative may request to see such work and it shall be uncovered by the Contractor. If such work is found to be in accordance with the Contract Documents, the cost of uncovering and replacement shall, by appropriate Change Order, be charged to the City of Santa Fe. If such work is found to be not in accordance with the Contract Documents, the Contractor shall pay such costs unless it is found that this condition was caused by the City of Santa Fe or a separate Contractor as provided in Article 6, in which case the City of Santa Fe shall be responsible for the payment of such costs.

13.2 CORRECTION OF WORK

- 13.2.1 The Contractor shall promptly correct all work rejected by the City of Santa Fe's Representative as defective or as failing to conform to the Contract Documents whether observed before or after Substantial Completion and whether or not fabricated, installed or completed. The Contractor shall bear all costs of correcting such rejected work, including compensation for the City of Santa Fe's Representative's additional services made necessary thereby.
- 13.2.2 If, within one year after the Date of Substantial Completion of the work or designated portion thereof or within one year after acceptance by the City of Santa Fe of designated equipment or within such longer period of time as may be prescribed by law or by the terms of any applicable special warranty required by the Contract Documents, any of the work is found to be defective or not in accordance with the Contract Documents, the Contractor shall correct it promptly after receipt of a written notice from the City of Santa Fe to do so unless the City of Santa Fe has previously given the Contractor a specific written acceptance of such condition. This obligation shall survive termination of the Contract. The City of Santa Fe shall give such notice promptly after discovery of the condition.
- 13.2.3 The Contractor shall remove from the site all portions of the work which are defective or non-conforming and which have not been corrected under Subparagraphs 4.5, 13.2.1 and 13.2.2, unless removal is specifically waived in writing by the City of Santa Fe.
- 13.2.4 If the Contractor fails to correct defective or non-conforming work as provided in Subparagraph 4.5.1, 13.2.1 and 13.2.2, the City of Santa Fe may correct it in accordance with Paragraph 3.4.
- 13.2.5 If the Contractor does not proceed with the correction of such defective or non-conforming work within a reasonable time fixed by written notice from the City of Santa Fe's Representative, the City of Santa Fe may remove it and may store the materials or equipment at the expense of the Contractor. If the Contractor does not pay the cost of such removal and storage within ten days thereafter, the City of Santa Fe may upon ten additional days' written notice sell such work at auction or at private sale and shall account for the net proceeds thereof, after deducting all the costs that should have been borne by the Contractor including compensation for the City of Santa Fe's Representative's additional services made necessary thereby. If such proceeds of sale do not cover all costs which the Contractor should have borne, the difference shall be charged to the Contractor and an appropriate Change Order shall be issued. If the payments then or thereafter due the Contractor are not sufficient to cover such amount, the Contractor shall pay the difference to the City of Santa Fe.
- 13.2.6 The Contractor shall bear the cost of making good all work of the City of Santa Fe or separate Contractors destroyed or damaged by such correction or removal.
- 13.2.7 Nothing contained in this Paragraph 13.2 shall be construed to establish a period of limitation with respect to any other obligation which the Contractor might have under the Contract Documents, including Paragraph 4.5 hereof.

The establishment of the time period of one year after the Date of Substantial Completion or such longer period of time as may be prescribed by law or by the terms of any warranty required by the Contract Documents relates only to the Contractor to correct the work and has no relationship to the time within which his obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to his obligations other than specifically to correct the work.

13.3 ACCEPTANCE OF DEFECTIVE OR NON-CONFORMING WORK

- 13.3.1 If the City of Santa Fe prefers to accept defective or non-conforming work, he may do so instead of requiring its removal and correction, in which case a Change Order will be issued to reflect a reduction in the Contract Sum where appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

ARTICLE 14

TERMINATION OF THE CONTRACT

14.1 TERMINATION BY THE CONTRACTOR

- 14.1.1 If the work is stopped for a period of thirty days under an order of court or other public authority having jurisdiction, or as a result of an act of government, such as a declaration of a national emergency making materials unavailable, through no act or fault of the Contractor or a Sub-contractor or their agents or employees or any other persons performing any of the work under a contract with the Contractor, or because the City of Santa Fe's Representative has not issued a Certificate for payment as provided in Paragraph 9.7, or because the City of Santa Fe has not made payment thereon as provided in paragraph 9.7, then the Contractor may, upon seven additional days' written notice to the City of Santa Fe and the City of Santa Fe's Representative, terminate the Contract and recover from the City of Santa Fe payment for all work executed and for any proven loss sustained upon any materials, equipment, tools, construction equipment and machinery, including reasonable profit and damages.

In such case, the Contractor shall not be entitled to receive any further payment until the work is finished.
- 14.2.2 If the unpaid balance of the Contract Sum exceeds the costs of finishing the work, including compensation for the City of Santa Fe's Representative's additional services made necessary thereby, and any damages sustained by the City of Santa Fe as a result of the Contractor's breach, such excess shall be paid to the Contractor. If such costs exceed the unpaid balance, the Contractor shall pay the difference to the City of Santa Fe. The amount to be paid to the Contractor or to the City of Santa Fe, as the case may be, shall be certified by the City of Santa Fe's Representative upon application, in the manner provided in paragraph 9.4 and this obligation to the Contractor or to the City of Santa Fe, as the case may be, shall be certified by the City of Santa Fe's Representative upon application, in the manner provided in Paragraph 9.4 and this obligation for payment shall survive the termination of the Contract.

In the event of termination, all work completed shall become the property of the City of Santa Fe. The Contractor shall be entitled to receive compensation for actual work satisfactorily completed hereunder, including reimbursable expense authorized by the City of Santa Fe which are then due.

- 14.2.4 In the event the Contractor fails to perform the work in accordance with the Contract Documents, the City of Santa Fe may terminate the Contract after giving the Contractor five (5) working days' notice.
