

MIDTOWN SANTA FE

ADDENDUM 5.1: QUESTION & ANSWERS

Date: 15-OCT – 2019

1. *Is a submission package in a 3-ring 11" x 17" binder allowed?*

Yes. Section 6 of the RFEI does not specify a size of 3-ring binder. The City will allow either an 8.5" x 11" or a 11' x 17" binder only.

2. *Will the City consider a 1-month extension to the Submission Package due date?*

Not at this time. There have not been significant numbers of requests for an extension of due dates or a presentation of reasons why an extension is critical to the quality or quantity of responses to ensure a competitive and informed process.

3. *Is providing descriptive company/individual bios for all the Master Development team, as well as partners in film, housing, higher education etc. sufficient rather than submitting actual curricula vitae or resumes?*

Yes. It is important to focus on those persons/entities that will have significant roles and responsibilities as developers, particularly those providing financing, serving as main decision makers for development and implementation. The City may request additional information during the review process or subsequently.
